## Message from the President

Oakland City University is a Christ-centered institution where academic excellence is combined with spiritual formation and experiential learning to create a unique educational experience. Our faculty and staff are committed individuals who seek to help students feel “at home” while away from home, yet challenge them to grow in their intellectual inquiry and career preparation. Oakland City University remains committed to the values of integrity, service, gratitude, and hard work which are embodied in our motto: “Enter to Learn – Go Forth to Serve.”

The U.S. News and World Report has recognized Oakland City University as one of the top universities in the Midwest. In addition, OCU has been voted as one of the safest colleges and universities in the state of Indiana. The school holds the distinction of being accredited by the Higher Learning Commission (HLC), the International Assembly for Collegiate Business Education (IACBE), Council for the Accreditation of Educator Preparation (CAEP) and The Association of Theological Schools (ATS).

Please review this catalog and discover the program(s) which will assist you in achieving your goals and dreams. You will discover that Oakland City University offers a wide variety of programs in which students can personalize the degree program that is right for them and meets their intellectual and career needs. OCU is not for everyone; but we are right for you.

Sincerely,

A handwritten signature in black ink that reads "Ron D. Dempsey". The signature is written in a cursive, flowing style.

## About the Catalog

This catalog is designed to answer most of the questions which may be asked about Oakland City University. If further information is needed, inquiries may be addressed to the appropriate staff member, faculty member, or administrator of the university. Prospective students are encouraged to contact the Office of Admissions.

The online version of this publication is available at [www.oak.edu](http://www.oak.edu) and is updated periodically to include revisions approved by the university faculty, administration, and/or the Board of Trustees. The online catalog supersedes any and all printed editions.

## Revisions and Addendum to the Catalog

The university reserves the right to add, amend, or repeal programs, policies, procedures, regulations, fees, and/or announcements, in whole or part, contained in this catalog. Addendum to this catalog may be published by the university as necessary. Questions or concerns about the catalog should be directed to the Provost, Murray Administration Building, 138 N. Lucretia Street, Oakland City, Indiana 47660.

### Disclaimer

The fees, procedures, and policies herein supersede those published previously and are subject to change at any time when required by federal and/or state regulations, through the action(s) of Oakland City University's Board of Trustees, and/or to maintain compliance with accrediting agencies. The university strives to keep faith with students who have entered under a particular catalog. However, the university reserves the right to revise programs, curriculum requirements, information, regulations, or make financial changes at any time. When changes occur, an effort will be made to notify students and any other persons who may be affected. The catalog is intended for informational purposes and should not be construed as a contract binding on Oakland City University.

## Nondiscrimination/Equal Employment Opportunity

It is the policy of Oakland City University to provide equal opportunity for all qualified persons in employment and in the educational programs and activities which the university operates.

In full and complete compliance with federal laws and laws of the State of Indiana and all regulations appertaining thereto, the university does not discriminate against students on the basis of race, color, national origin, age, disability, gender, or other status or condition protected by applicable state or federal laws in conducting its educational programs and activities.

In the employment of personnel, the university does not discriminate on the basis of race, creed, color, national origin, age, disability, genetic information, gender, veteran or other status or condition protected by applicable state or federal laws. This policy applies to all conditions of employment, including but not limited to hiring, placement, promotion, transfer, demotion, selection, recruitment, employment, advertising, lay off and termination, compensation, and all other terms and conditions of employment. The university is a private church-related institution and strives to attract those who espouse the Christian faith or those who would be comfortable in such a religious context and environment.

All offices, schools, departments and other units of Oakland City University operate pursuant to all applicable laws relating to equal employment and educational opportunity, including but not limited to, Titles VI and VII of the Civil Rights Act of 1964, the Pregnancy Discrimination Act of 1973, Sections 503 and 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act, the Age Discrimination Act of 1975, the Age Discrimination In Employment Act of 1967, Section 402 of the Vietnam Era Readjustment Act of 1974, Uniformed Services Employment and Re-employment Act and Title IX of the Educational Amendments of 1972.

### Equal Employment Opportunity

Oakland City University is committed to the achievement of equal opportunity within OCU. In this regard, OCU will recruit, hire, promote, educate, and provide services to persons based upon their individual qualifications. OCU prohibits discrimination based on arbitrary considerations of characteristics such as age, disability, genetic information, ethnicity, gender, marital status, national origin, race, or veteran status or any other protected status or condition.

Oakland City University complies with all applicable federal and state non-discrimination laws. Oakland City University is an equal opportunity institution. As a religious educational institution, Oakland City University is permitted under the exemptions set forth in Title VII of the Civil Rights Act of 1964 and the First Amendment to the U.S. Constitution to prefer employees on the basis of religion.

### Americans with Disabilities Act

Oakland City University actively supports the Americans with Disabilities Act which protects qualified individuals with disabilities from discrimination in the participation of the University's programs, activities and services (including extracurricular activities). Oakland City University will work with students and other associates to provide reasonable accommodations as provided in the Act.

If a student or another associate believes he/she needs accommodations or otherwise has a concern or issue regarding the ADA, they should notify the Director of Disability Services. Contact information for the Director of Disability Services may be obtained from the Office for Academic Affairs.

If any employee or student has any suggestion, problem, or complaint with regard to an equal opportunity matter, he/she should communicate this suggestion, problem, or complaint by following the OCU grievance policy. The following person has been designated to handle inquiries regarding these non-discrimination policies:

## About the University

### History

General Baptist leaders understood the need for higher education early in the denomination's history. As early as 1838, the Liberty Church (mother church of the denomination) of Evansville, Indiana, requested that the Liberty Association establish a "Seminary of Learning." The aspiration for a higher educational institution never diminished regardless of setbacks encountered. The call was repeated in the Liberty Association in 1857, 1867, and 1873. Other General Baptist associations were also realizing a vacuum existed and that the yearning for a school must be realized. At its seventh annual meeting held at the Otter Creek Church in Warrick County, Indiana, in September 1866, the United Association of General Baptists adopted the following resolution: Resolved, That we favor an Educational Institute in our body, to be located at Oakland, Gibson County, Ind., and that Wm. Cockrum, D. Perkins, H. G. Borders, J. G. Lane and D. C. Barrett be appointed as a committee to raise stock, and that they be allowed the power to select assistance and choose Trustees for said House.

These small but momentous actions created the impetus that would ultimately culminate with the chartering of Oakland City College by the State of Indiana in 1885. William M. Cockrum donated approximately ten acres of land for the establishment of the campus. An Educational Board was created with the primary responsibility of constructing a building for the newfound institute. Financial issues tested the Educational Board who were emphatic that the edifice be erected debt free. This dream was achieved with the commencement of classes in 1891.

The Educational Board recognized the need for a President to give direction before the completion of its first building. The Reverend Alvin D. Williams, D.D., served as the first President of Oakland City College (1889-1894). He was followed by William Prentice Dearing (1903-1945), who had been awarded the first baccalaureate degree from the College in 1895.

Like many other institutions during the early half of the twentieth century, Oakland City College experienced highs and lows as World War I and the Great Depression impacted the entire nation. Following World War II the school experienced a season of growth as former military personnel, many who made spiritual vows in foxholes, found their way to the school to be trained for ministry and educational services. The growth did not last long, and soon the College found itself financially challenged. Presidential succession was rapid, as the institution had three chief officers from 1965 through 1973.

The Board of Trustees selected James Wilson Murray (1974-2007) as Oakland City College's eighth President. Through his leadership, the school attained accreditation through North Central Association of Colleges and Schools on April 13, 1977. The university's finances were stabilized, new buildings were constructed, and several new programs started. Under his leadership, Oakland City College became Oakland City University in 1995.

In January 2008, the Board of Trustees elected Ray G. Barber, D.Min., as the ninth President. In his inaugural address, Dr. Barber cast a vision for Oakland City University to concentrate its endeavors in meeting students' needs through a threefold vision. First, the institution must fulfill its role as an academy of higher education. Second, Oakland City University should serve as an abbey by concentrating on the spiritual formation of its students. Finally, OCU must be an apostolate. This challenge is achieved by providing pragmatic mentoring experiences in which students encounter hands-on involvement and

development of personal, relational, and occupational skills. The summation of this threefold task is the equipping of the head, the heart, and the hands to serve others.

On July 8, 2019, Oakland City University entered a new era, with the Board of Trustees selecting Dr. Ron D. Dempsey to serve as the university's tenth president. Dr. Dempsey's vision for the university concerns "the direction OCU needs to be going and how God is leading the school to be a model for the Christian university in the 21st century." The Carnegie Foundation changed the university status from regional college to a Doctoral Professional University in recognition of its successful graduate program. U.S. News & World Report consistently ranks Oakland City University for its success in Social Mobility. This award recognized OCU's long standing success at enrolling and graduating students, many who come from lower income families, as first-generation college students. The university returned to its athletic roots and rejoined the National Association of Intercollegiate Athletics (NAIA) and the River State Conference.

## **Mission and Vision**

The motto of Oakland City University is as follows: Enter to Learn, Go Forth to Serve. The educational programs delivered by the institution, currently and historically, have facilitated students to become productive citizens and have sustained the institution in fulfilling its Mission.

### *Mission*

Oakland City University is a Christian faith-based learning community dedicated to the enhancement of intellectual, spiritual, physical and social development for positive leadership.

### *Vision*

To become a leading faith-based university that provides a Christian learning environment preparing students for service.

### Location and Facilities

Oakland City University's campus is located in Oakland City, Indiana. Main offices are located in the Murray Administration building, at 138 N. Lucretia Street, Oakland City, IN 47760. Office hours are Monday – Friday, from 8:00 am to 4:30 pm. For more information about the university, call (812) 749-1222 or (800) 737-5125 or visit [www.oak.edu](http://www.oak.edu).

The university also offers Adult and Professional Studies and education programs across Indiana at Oakland City University Centers in Evansville. For more information about these Centers and other locations where programs are offered, see the [Approved Locations](#) section of this catalog.

## Finances

The cost of an education at Oakland City University is among the lowest among accredited private colleges in the region. These low costs have been made possible by substantial donor giving and support from the General Association of General Baptists, the sponsoring denomination.

### Charges

The university reserves the right to change tuition, fees, housing, and meal charges without notice upon the action of the Board of Trustees.

Student charges may include tuition, housing, meal plans, course specific fees, and graduation fees. Detailed information about the cost of tuition, housing, and meal plans may be found on the university website at <https://www.oak.edu/admissions/tuition-and-aid/tuition-costs-and-fees/>.

*Residence Hall Damage Deposit.* A \$100 deposit must accompany all housing applications. The deposit is held by Oakland City University as long as the student resides in university housing. The deposit may be fully refunded when the student leaves the university unless charges are assessed for damages. A refund will not be given if the student is dismissed for disciplinary reasons or if he or she leaves university housing before the end of the semester.

### Payments

One-half of the payment is due on the first day of the semester and the remaining balance is due approximately thirty (30) days later. Additional payment plan options may be available to students by contacting the Business Office.

Students may be allowed to defer payments if they have tuition reimbursement by a third-party payer. Students that have a third-party payer are required to provide authorization of tuition assistance to the Business Office five (5) days prior to the first day of the payment period, excepting military benefits, which are required ten (10) days prior. A third-party payer may include but are not limited to employer tuition assistance or reimbursement, military tuition assistance, and some GI Bill® benefits.

Monthly late charges may be applied to any outstanding account balance exceeding the due date until the account is paid in full. Students who have demonstrated bad credit with the university will be denied payment plan options.

Any outstanding balance from a previous semester may prohibit students from enrolling in future classes or receiving transcripts until the balance is paid in full. Students are not allowed to attend classes until charges are paid in full or payment arrangements are made with the Business Office.

***International Students.*** International students must provide evidence of financial responsibility for their studies.

### Additional Payment Methods

Students may be allowed the deferred payment option if they have tuition reimbursement by a third-party payer. Students that have a third-party payer are required to provide authorization of tuition assistance to the Business Office prior to the first day of the semester, excepting military benefits, which are required ten (10) days prior per Department of Defense guidelines. Third-party payers may include, but are not limited to, employer tuition assistance or reimbursement, military tuition assistance, and some GI Bill™ benefits.

Monthly late charges may be applied to any outstanding account balance after the due date until the account is paid in full. For further information regarding additional payment methods, contact the Business Office.

Monthly late charges may be applied to any outstanding account balance after the due date until the account is paid in full. For further information regarding additional payment methods, you may contact the Business Office.

### Refunds

**Traditional Students.** When traditional students drop or withdraw from courses **after the first day of the semester**, refunds of tuition are as follows:

Doctorate in Education (8-Week Course)	Timing	Refund %
<b>If the student never attended</b>		100%
<b>If the student attended courses</b>	During the 1 <sup>st</sup> week	50%
	After the 1 <sup>st</sup> week	0%

Doctorate in Education (16-Week Course)	Timing	Refund %
<b>If the student never attended</b>		100%
<b>If the student attended courses</b>	During the 1 <sup>st</sup> week	75%
	During the 2 <sup>nd</sup> week	50%

	After the 2 <sup>nd</sup> week	0%

Exact dates for the refund periods appear in the published academic calendars available on the Academics page of the OCU website at <http://intranet.oak.edu/academics/index.php>.

For those moving out of the residence hall, there will be no refund on meal plans or housing charges. Students who withdraw from the university or from classes and have financial assistance may be required to repay a portion of the aid. If a student is eligible for a refund, the university will issue a check to the student.

### Refund Checks

Refunds for a financial aid overage will be disbursed ten (10) business days after the aid is applied to students' accounts if a qualifying credit balance is on the account. Following the initial refund date, eligible refunds are processed every Thursday. Refunds will only be disbursed if financial aid is no longer pending. Refunds are issued in the form of a check and are mailed from the Business Office to the student's address on file.

## Financial Aid

Oakland City University recognizes the financial commitment required by students to access quality higher education. The Office of Financial Aid is available to assist students in determining if they qualify for financial assistance available through a limited variety of resources.

Graduate degree-seeking students and students seeking teacher licensure may qualify for federal loans. Private education loans may also be available. A limited number of endowments are available through the institution and specified for students enrolled in specific programs. As the Office of Financial Aid becomes aware of additional assistance resources, they will publicize the resources. Students considering federal or endowment assistance must apply through the Free Application for Federal Student Aid (FAFSA).

For additional information, contact the Office of Financial Aid at 1-800-737-5125. Information can also be gathered by going to [www.oak.edu/admissions-and-aid/tuition-and-financial-aid](http://www.oak.edu/admissions-and-aid/tuition-and-financial-aid) or by email at [finaid@oak.edu](mailto:finaid@oak.edu).

### Applying for Financial Aid

All students who are interested in financial aid must file the Free Application for Federal Student Aid (FAFSA). The FAFSA requires the prior-prior year's tax information when filing (i.e., students filing a FAFSA for the 2020-2021 academic year will use information from their 2018 tax return). This application is used to determine a student's eligibility for grants, loans, work-study, and university aid. Beginning as early as October 1, students can file online for free at [www.fafsa.ed.gov](http://www.fafsa.ed.gov). Oakland City University's code for the FAFSA is **001824**.

#### FAFSA Special Circumstances

Special circumstances refer to situations that make information provided on the FAFSA not reflective of the student's or his or her family's current ability to pay. This can include anticipated differences between the prior-prior tax year and the upcoming award year, such as an impending job loss or unusual capital gains. It can also include anything that differentiates the family's situation from other families, such as medical expenses not covered by insurance, death of parent/spouse, divorce/separation, loss of child support, or natural disaster. A student should contact the Office of Financial Aid if they fit these criteria.

#### General Eligibility Requirements for Federal Financial Aid

To be eligible for federal aid students must meet the following requirements:

- For some federal aid, students must have financial need, although some programs are non-need based (e.g., unsubsidized and PLUS loans).
- Be a U.S. citizen or eligible non-citizen.
- Have a valid Social Security number; the name on the financial aid application and Social Security card must match.

- Make satisfactory academic progress (SAP).
- Be in good standing with prior federal aid (e.g., not in default with federal loans, unresolved overpayment of federal aid).
- Be enrolled at least half-time.
- Be working toward a degree, certificate, or other recognized educational credential (e.g., teacher’s certification requires special procedures to document).

In addition, certain groups of students must also meet one or more of the following criteria:

- Eighteen (18) through twenty-five (25) year old male students must register with the Selective Service at [www.sss.gov](http://www.sss.gov) or in their FAFSA.
- Transfer students must meet the admission requirements and have all official transcripts evaluated before any financial aid is awarded.

**Enrollment Status**

For financial aid purposes, the following enrollment minimums apply in determining the eligibility for financial aid assistance:

Enrollment Status	Number of Hours Enrolled in a Semester or Payment Period
<b>Full-time</b>	9 or more semester hours
<b>Half-time</b>	6-8 semester hours
<b>Less than half-time</b>	1-5 semester hour

**Note:** Some financial aid awards require students to be enrolled full-time, and other financial aid awards may be reduced based on enrollment status. Only credits required for successful completion of a student’s degree program may be counted in the determination of enrollment status. Students who receive aid for courses not required for graduation may be responsible for repaying all or a portion of their financial aid.

**Types of Federal Financial Aid**

The following types of student financial aid are available to persons enrolled as degree-seeking students who meet the eligibility criteria for each aid type:

- **Federal Work-Study Program (FWS).** Oakland City University offers approximately sixty (60) on-campus student jobs. Work assignments are made on a first-come, first-served basis and are based on financial need.
- **Federal Direct Subsidized Loan Program.** This loan program allows eligible students to borrow directly from the U.S. Department of Education. Students must be enrolled a minimum of half-time and demonstrate financial need. Principal and interest payments begin six months after half-time enrollment status ceases. The government pays the interest on this loan during school and certain other periods. Please contact the Office of Financial Aid regarding application procedures.

Interest rates for Federal Direct Stafford Subsidized Loans change every year on July 1. Current interest rates can be found at [studentaid.ed.gov](http://studentaid.ed.gov).

- **Federal Direct Unsubsidized Loan Program.** Terms and conditions for the Direct Unsubsidized Loan mirror those of the Direct Subsidized Loan. Loan limits, deferments, and interest rates are the same as for the subsidized loan; however, non-in-school interest subsidies are provided by the government. Students are responsible for interest accrued during in-school and deferment periods. The Direct Loan Servicing Center sends quarterly statements showing the amount of interest the student is responsible for, with an option to pay it. If the interest is unpaid, it will be capitalized the day after the student's six-month grace period ends. The interest rates for Federal Direct Stafford Subsidized Loans change July 1 annually. Current interest rates can be found at [studentaid.ed.gov](http://studentaid.ed.gov).
- **Federal Direct Graduate Plus Loans.** Additional loan funds may be available through the Federal Direct Graduate PLUS Loan Program. Direct PLUS loans are for educational purposes only. The graduate student must not have adverse credit history. The graduate student must be a U.S. citizen or eligible non-citizen, not in default on any federal loan, not owe an overpayment on federal grant, meet other general eligibility requirements, and must be enrolled at least half-time.

Graduate students can apply for a Graduate PLUS loan by logging into [www.studentaid.gov](http://www.studentaid.gov). During any period when you're not required to make payments, interest will accrue on your loan. You may choose to pay the accrued interest or allow the interest to be capitalized (added to your loan *principal* balance) when you have to start making payments. Your loan servicer will notify you when your first payment is due.

- **Private Education Loans.** Students have access to two application tools that will provide access to multiple lenders. Both the INvestEd Marketplace and FASTChoice will allow students to compare lenders and rates for possible alternative loans. Please visit the financial aid page at <http://www.oak.edu/admissions-and-aid/tuition-and-financial-aid/financial-aid> or more information about Private Loans.

## Additional Federal Financial Aid Requirements

### Entrance Counseling

Students who choose to borrow from the Federal Direct Loan Program must complete an Entrance Counseling Session. Graduate students taking out a PLUS loan for the first time will be required to complete entrance counseling even if counseling was completed for a previous subsidized or unsubsidized loan. Instructions for completing entrance counseling appear below:

**Direct Loan Borrowers.** Students can visit [www.studentaid.gov](http://www.studentaid.gov) to complete entrance counseling. This process takes at least thirty (30) minutes to complete. First time borrowers will not receive their first financial aid disbursement until this session is complete.

## Master Promissory Note

The Master Promissory Note (MPN) is a legal document in which students promise to repay loans and any accrued interest and fees to their loan servicer (Department of Education or Oakland City University). It also explains the terms and conditions of each loan. Students must sign an MPN if:

- They have never signed a Direct Subsidized, Unsubsidized, or PLUS Loan MPN;
- They signed an MPN more than a year ago, but the loan was not disbursed; and/or
- They signed an MPN more than ten (10) years ago.

Instructions for completing the Master Promissory Note appear below:

**Direct Loan Borrowers:** Students can visit [www.studentaid.gov](http://www.studentaid.gov) to complete their MPN, allowing for a minimum of thirty (30) minutes to fully read and sign their MPN. First time borrowers at Oakland City University will not receive their financial aid first disbursement until the MPN is complete.

## Exit Counseling

Students must receive exit counseling before leaving school. It provides information regarding students' rights and responsibilities as borrowers, such as information about repayment and the date when loan repayment begins. If a student is notified that exit counseling is required for their specific loan program, completing this process is required to obtain official transcripts and/or diploma. In these cases, students who do not complete exit counseling will not receive their official transcripts and/or diploma until the Office of Financial Aid has been notified their exit counseling session has been completed.

Students borrowing Direct Loans will be required to complete exit counseling when they graduate, withdraw from school, drop below half-time status (less than 6 credit hours), and/or transfer to another school. The exit counseling session can be completed online at [www.studentaid.gov](http://www.studentaid.gov).

## OCU Institutional Aid

The university offers some financial aid opportunities for Master of Divinity and Doctor of Ministry students who qualify as outlined below:

- **General Baptist Scholarships.** A one-third General Baptist Scholarship is available to new Master of Divinity students. To be eligible, the student or the spouse of the student must be a member of a General Baptist church. This scholarship is renewable as long as the student remains academically eligible. Applications are available on the university website at <http://www.oak.edu/file/94/download?token=DJOODlyR>
- **Private/Endowment Grants.** Grants are available to Master of Divinity and Doctor of Ministry students due to the generosity of OCU alumni and friends. Students can contact the Office of Financial Aid to learn more about these restricted awards.

## Veterans, Military, and Other Financial Aid Sources

Students may also receive financial aid from the following agencies and programs:

- **Vocational Rehabilitation Education Assistance.** Indiana Rehabilitation Services provides educational assistance to eligible Indiana residents through the Vocational Rehabilitation Division. The Financial Aid Office will coordinate this assistance with other types of aid that may be available. For additional information, interested students should contact the Vocational Rehabilitation Division Office in their region.
- **Veterans Educational Benefits.** These benefits are available to students who have served in the Armed Forces and will be receiving GI Bill® benefits. GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government web site at <https://www.benefits.va.gov/gibill/>. Students should contact the Veterans Affairs Certifying Official at OCU for further information. OCU participates in the following programs:
  - Chapter 30 Montgomery GI Bill®
  - Chapter 31 Disabled American Veterans (DAV)
  - Chapter 33 Yellow Ribbon
  - Chapter 33 Post 9/11 Educational Benefits
  - Chapter 35 Dependents' Educational Assistance Program (DEA)
- **Military Tuition Assistance.** These benefits are available to students who are actively serving in the Armed Forces. For more information, students can contact the Business Office.
- **Title 38 United States Code Section 3679(e) School Compliance**

As part of the Veterans Benefits and Transition Act of 2018, section 3679 of title 38, United States Code was amended, and educational institution will be required to sign a compliance form to confirm your compliance with the requirements as outlined.

Effective August 1, 2019, the State approving agency, or the Secretary when acting in the role of the State approving agency, shall disapprove a course of education provided by an educational institution that has in effect a policy that is inconsistent with the areas below:

**NOTE: A Covered Individual is any individual who is entitled to educational assistance under chapter 31, Vocational Rehabilitation and Employment, or chapter 33, Post-9/11 GI Bill® benefits.**

- Your policy must permit any covered individual to attend or participate in the course of education during the period beginning on the date on which the individual provides to the educational institution a certificate of eligibility for entitlement to educational assistance under chapter 31 or 33 (a "certificate of eligibility" can also include a "Statement of Benefits" obtained

from the Department of Veterans Affairs' (VA) website – eBenefits, or a VAF 28-1905 form for chapter 31 authorization purposes) and ending on the earlier of the following dates:

1. The date on which payment from VA is made to the institution.
  2. 90 days after the date the institution certified tuition and fees following the receipt of the certificate of eligibility.
- Your policy must ensure that your educational institution will not impose any penalty, including the assessment of late fees, the denial of access to classes, libraries, or other institutional facilities, or the requirement that a covered individual borrow additional funds, on any covered individual because of the individual's inability to meet his or her financial obligations to the institution due to the delayed disbursement funding from VA under chapter 31 or 33.

Information about these benefits may be obtained through the OCU Veterans' Affairs Certifying Official at [veteransaffairs@oak.edu](mailto:veteransaffairs@oak.edu).

## Academic Standards Required for Federal Financial Aid Recipients

### Satisfactory Academic Progress (SAP) Policy

At the end of each semester/payment period, the Office of Financial Aid reviews Satisfactory Academic Progress. Failing to meet SAP may impact a student's access to financial aid.

*Students who do not meet SAP will receive an email as well as written notification at the end of the term/payment period.*

***This policy applies only to financial aid awards, and is separate from the academic policy regarding satisfactory progress***

The United States Department of Education (Higher Education Act of 1965, as amended) requires that students maintain satisfactory progress toward completing their degree to receive financial aid. Satisfactory Academic Progress (SAP) is defined as the successful completion of coursework towards an eligible certificate or degree. Federal regulations require the Office of Financial Aid to monitor the academic progress of students receiving financial aid. This policy treats all students (e.g. full-time, part-time, different programs of study, etc.) the same. For more information, please refer to 34 C.F.R. §668.34(a)(2).

The Office of Financial Aid is required to check three standards: quantitative (pace of progression), qualitative (GPA), and maximum time frame for receiving aid.

These standards, known as Satisfactory Academic Progress (SAP), govern eligibility for students who want to establish or continue aid eligibility for all federal, state, and institutional financial aid programs including grants, scholarships, work-study, and student and parent loans. Many private loans also require SAP.

SAP applies to a student's entire degree program, including terms (fall, spring, and summer)/payment period (25 instructional weeks) in which financial aid was not applied for or disbursed.

### Quantitative Standards (Pace of Progression)

Students must, at a minimum, successfully complete 67% of all credit hours attempted. Every semester, after grades are posted, a student's total credit hours successfully completed (earned) will be divided by the credit hours attempted to determine whether the 67% completion rate requirement has been met.

- **Completed (earned) credits:** Successfully completed credits include grades of A, B, C, or D (including plus or minus) and credits taken as Pass/No Credit, in which a P was earned. Credits earned by examination will be considered completed credits.
- **Attempted credits:** All credit hours for which a student registers at OCU, transfer credits that count toward the OCU degree, and credits earned by examination are included in attempted credits. Grades of F, W, I, WE or WF will count as hours attempted, but not completed. When an I is changed to a letter grade, the new grade will be reflected the next time progress is reviewed, or sooner, at the student's request.
- **Incomplete grades:** If a student is unable to complete all requirements, due to extenuating circumstances approved by the instructor, an incomplete may be issued. The incomplete will not be calculated into the grade point average. The student will receive the letter grade when all work has been successfully completed; or if the student does not complete the work within the specified time frame, a grade of F will be assigned. Incomplete grades can affect both quantitative and qualitative requirements. Please refer to 34 C.F.R. §668.34(a)(6).
- **Withdrawal from a course:** Courses that a student withdraws from are considered in 'hours attempted' towards the qualitative, quantitative, and maximum time frame measurements. If a student withdraws from a course prior to the last day to withdraw for a grade of W, the student will receive earn a grade of W. The WF grade will affect their quantitative and max time frame measurements. If a student withdraws past the last day to withdraw for a grade of W, the student will earn a grade of WF. The WF grade will affect their quantitative, qualitative, and max time frame measurements. Please refer to Refer to 34 C.F.R. §668.34(a)(6).
- **Transfer Credits:** Transfer credits that apply to a student's OCU degree are included in both the credits attempted and the credits earned when calculating the completion percentage. Credits 2022-2023 Undergraduate Academic Catalog 37 received for remedial courses or for courses that are not applicable to the student's OCU degree are not included in either credits attempted or earned.
- **Repeated Courses:** Courses that are repeated to improve a grade are counted in attempted hours each time the course is taken but only one passing grade is counted toward the credit hours earned in the completion rate. Students may retake a class for which they have previously received a grade of "F" as many times as it takes to successfully complete the class. However, students may only repeat a course one time in which they have received a passing grade. After one allowable time, the student cannot use federal assistance for future repeats. However, if the course is added to full-time enrollment of twelve (12) or more credit hours, the student can receive federal aid based on full-time status.

In certain circumstances, students may receive financial aid for repeated courses. Any courses that are repeated will be used in the calculation of a student's Satisfactory Academic Progress

status. Each repetition will count towards the attempted hours for the quantitative measurement (pace of progression) and will be counted in the GPA calculation for the qualitative measurement for SAP.

- **Part-time Students:** Cumulative GPA requirements are the same as for full-time students. The number of semesters or payment periods required to complete the program will depend on the hours registered. Students must successfully complete the majority of the credit hours attempted each semester or payment period and maintain a 67% cumulative completion rate. However, no student will receive financial aid once 150% of the required credit hours to complete the program have been attempted.

### Qualitative Standards (GPA)

Qualitative standards refer to cumulative GPA with respect to year in college. The table below outlines the minimum requirements students must meet to remain eligible for federal financial aid:

Graduate Program	Cumulative GPA
<b>Chapman Seminary Programs</b>	2.5
<b>Other Graduate Programs</b>	3.0

### Maximum Time Frame for Eligibility

- **Federal Aid Standards:** Federal regulations govern the maximum length of time a student may receive federal aid. For students pursuing a bachelor's degree, this timeframe is defined as 150% of the scheduled length of the program. For example, students in an academic program requiring 120 credit hours may attempt up to 180 credit hours (150 % of 120 is 180 hours). Students pursuing an associate's degree requiring seventy-two (72) credits may attempt up to 108 credit hours (150 % of 72 is 108 hours). Other degree programs with differing credit hour requirements will have up to 150 % of the required hours as their maximum. All OCU attempted hours, including hours taken in a change from one major to another will apply toward the 150% total. For transfer students, the number of transfer credit hours accepted at the point of admission to OCU will be used to calculate the student's remaining eligibility for the 150% maximum time frame calculation. Second undergraduate degree students are only eligible to receive loan funds. Students enrolled in a degree program which is equal to or lower than a degree already earned, will have the previous degree's accepted credit hours applied toward the student's current certificate or degree. The accepted credit hours will be counted toward the 150 % maximum time frame calculation.

For transfer students, the number of transfer credit hours accepted at the point of admission to OCU will be used to calculate the student's remaining eligibility for the 150% maximum time frame calculation. These hours will also be counted towards both attempted and completed hours at OCU. Please refer to 34 C.F.R. §668.34(a)(6).

### Consequences of Failing to Meet Satisfactory Academic Progress

Failure to meet Financial Aid Satisfactory Academic Progress (FA SAP) will result in a hold being placed on the student's account in one of the following areas:

- **Financial Aid SAP Warning:** This hold is assigned to a student who has failed to meet FA SAP upon the first infraction. Students will be eligible to receive FA during the warning term. If SAP is not met in the following term, the student will be placed on FA Suspension or FA Probation based on the appeal process. If the student successfully meets FA SAP requirements by the end of the warning period, the hold will be removed, and the student will retain financial aid eligibility.
- **Financial Aid SAP Suspension:** If a student on FA SAP Warning does not meet SAP requirements by the end of the warning period, the student is placed on FA Suspension pending the appeal process. A suspension hold is then placed in the student's account, and the student will not be eligible to receive financial aid. This means he or she will be required to pay out-of-pocket for expenses incurred at the university. Students may appeal this status; however, if an appeal is not submitted by the deadline or the appeal is denied, the suspension hold will remain on the student's account.
- **Financial Aid SAP Probation:** A student on FA SAP Suspension may appeal his or her status. A student's whose appeal is approved and who submits an Academic Improvement Plan may be placed on FA SAP Probation. Students on FA SAP Probation have a hold placed on their account but remain eligible to receive financial aid throughout the payment period for which the appeal was granted and for subsequent payment periods, provided the student continues to stipulations outlined in the Academic Improvement Plan.

#### Financial Aid Denial Notification

Both a letter and an e-mail will be sent at the end of each semester notifying students who are ineligible for further financial aid until deficiencies are rectified. Students are responsible for maintaining awareness of their SAP status for aid renewal whether or not they receive the official notifications. The Office of Financial Aid is not responsible for address changes that are not reported or for other problems with postal mail or e-mail delivery of financial aid notifications.

#### Correcting Academic Deficiencies

Students who fail to meet the above standards will be ineligible for financial aid. They may enroll at their own expense in courses in a subsequent term to correct deficiencies. Grade or GPA deficiencies can only be corrected at OCU, but credits to correct a deficiency in the number of earned credit hours can be taken elsewhere and transferred to OCU through arrangement with the Office of Academic Affairs. Students may request a review of their progress when a grade is changed, regardless of when that change occurs.

#### Appeals to Regain Eligibility

A student who fails to meet these standards and has lost eligibility for financial aid may appeal this decision. **Appeals must be submitted in writing and must be accompanied by appropriate supporting documents.** In the appeal, the student must explain why he or she was not making SAP and changes indicating how he or she will begin making progress. Appeals should be submitted to the Office of Financial Aid at least three (3) weeks before the beginning of the student's next semester of attendance to allow time for processing.

Acceptable rationales for appeals may be: 1) serious illness or accident affecting the student; 2) death, accident, or serious illness in the student's immediate family; 3) change in academic program; 4) or other

serious extenuating circumstances. The reasonableness and likelihood of the student’s ability for improvement to meet the appropriate standards for the degree will be taken into consideration.

Once submitted, appeals are reviewed by the Appeals Committee. The student will receive written notification of the committee’s decision within two (2) weeks of submitting the appeal for review. Letters approving an appeal also contain academic expectations and next steps. When an appeal is approved, the student is placed on FA SAP Probation for one semester and aid will be granted. If the student does not meet SAP by the end of the probationary period, the student must complete and submit a SAP academic plan indicating when the student expects to meet SAP to the Office of Financial Aid.

If the appeal for aid is denied, the student may choose to enroll without using financial aid in an effort to repair SAP deficiencies. Students may request a review of their record following any term. If the SAP standards are met at the time of review, financial aid eligibility may be regained for subsequent terms of enrollment that year.

For more information about Oakland City University’s Satisfactory Academic Progress Policy (SAP), contact the Office of Financial Aid.

### Penalties for Drug Law Violations for Currently Enrolled Students

If a student, prior to enrollment, was convicted of possessing and/or selling illegal drugs, the student must complete the FAFSA Drug Worksheet and submit it to the Office of Financial Aid. A federal or state drug conviction can disqualify a student for FSA funds. Convictions only count if they were for an offense that occurred during a period of enrollment for which the student was receiving Title IV federal aid.

### Financial Aid Return Policy

#### Refunds and the Return of Federal Title IV Funds

A change of enrollment status (e.g., full-time to part-time, withdrawal from university) impacts the eligibility for some forms of student aid which may result in a refund or balance due. The term “Title IV Funds” refers to the Federal Financial Aid programs authorized under the Higher Education Act of 1965 (as amended) and includes the following programs: Federal Direct Education Loans (Subsidized and Unsubsidized, PLUS loans), Federal PELL Grants, and Federal Supplemental Educational Opportunity Grant (FSEOG).

Title IV aid is earned on a prorated manner, on a per day basis, up to and including the 60% point in a semester or period of enrollment. Title IV aid and all other aid is considered to be 100% earned after that point in time. The percentage of Title IV aid earned at any point in a semester is calculated as follows:

<b>Number of days completed/Total number of days in a semester</b>	<b>=</b>	<b>Title IV aid earned</b>
--------------------------------------------------------------------	----------	----------------------------

*\*\*The total number of calendar days in a semester shall exclude any scheduled breaks of more than five days. Please refer to 34 C.F.R. §668.22(e) and (f).*

The percentage of Title IV aid unearned (i.e., to be returned to the appropriate aid program) shall be 100% minus the percentage earned.

Unearned aid is first returned from the student's account based on the following calculation:

<b>Total institutional charges multiplied by the % of unearned aid</b>	=	<b>Amount returned to programs</b>
------------------------------------------------------------------------	---	------------------------------------

The Higher Education Amendments of 1998 changed the formula for calculating the amount of aid a student and university can retain when the student totally withdraws from **all** courses. Students who withdraw from all classes prior to completing more than 60% of an enrollment term will have their eligibility for aid recalculated based on the percent of the semester or enrollment period completed.

For example, a student who withdraws completing only 30% of the semester will have "earned" only 30% of any Title IV aid received. The university and/or the student must return the remaining 70% to the proper aid program. The Office of Financial Aid encourages students to carefully consider the financial implications of withdrawing from the university. Students considering withdrawal from all classes before completing 60% of the semester, payment period, or enrollment period, should contact the Office Financial Aid to see how their financial aid award will be affected. The policy applies to all students who withdraw, drop out or are dismissed from OCU, and receive financial aid from Title IV funds.

### **Order of Returning Federal Financial Aid to Accounts**

Unearned federal financial aid will be returned in the following order:

1. Federal Direct Unsubsidized Loans
2. Federal Direct Subsidized Loans
3. Federal Direct PLUS Loans
4. Federal Direct Pell Grants
5. FSEOG

*Please refer to 34 C.F.R. §668.22(i).*

Title IV refunds are based on a student's withdrawal date. A student's withdrawal date may be:

- The date when official notification is provided by the student and a withdrawal form has been signed to a designated office,
- The last date of attendance of a student's currently enrolled class, or
- Students last day of attendance at a documented academically related activity.

### **Post-Withdrawal Disbursement**

If the student did not receive all funds that were earned prior to withdrawing, a post-withdrawal disbursement may be due. If the student is eligible for a post-withdrawal disbursement of a grant, it must be disbursed within 45 days. If the post-withdrawal disbursement includes loan funds, the student must give permission before the funds can be disbursed. Students will be notified within 30 days of the date of the withdrawal determination of any direct loan eligibility, or a parent for a Direct Parent PLUS loan eligibility. The student and/or parent have 14 days to respond to this notification. If the student and/or parent does not respond to this notification within that time frame, the school is not required to make the post-withdrawal disbursement.

If permission is given for a post-withdrawal disbursement, funds are applied to the student account first and any resulting credit balance will be refunded to the student. The credit balance will be refunded to the student and/or the parent in the case of a Direct Parent PLUS loan as soon as possible, but no later

than 14 days after the credit balance has occurred. Please refer to 34 C.F.R §668.22 (a)(5) and (6); 34 C.F.R. §668.164(j).

### **Credit Balance Refund**

If a Return of Funds (R2T4) calculation results in a credit balance on the student's account, a refund will be processed as soon as possible and no later than 14 days after the calculation of R2T4. Please refer to 34 C.F.R. §668.164(h).

### **Time Frame for the Return of Title IV Program Funds**

OCU will return any unearned Title IV funds as soon as possible, but no later than 45 calendar days from the date of determining the student withdrew. Please refer to 34 C.F.R. §668.22(g) and (j).

### **Notification to Student**

Once the Return of Funds (R2T4) calculation has occurred, the Office of Financial Aid will notify the student of the results of the calculation and the aid that was returned. The Business Office will notify the student if any outstanding balance due to the institution as a result.

### **Official Withdrawal from OCU**

A student is officially withdrawn on:

1. The date the student provided official notification of intent to withdraw, in writing or orally; or
2. The date the student began the withdrawal process Office of Student Life (traditional students) or with their NTE Advisor (non-traditional students). A student is allowed to rescind this notification in writing and continue the program. If the student subsequently drops, the student's withdrawal date is the original date of notification of intent to withdraw.

Official dates and deadlines for withdrawing are specified in OCU's Academic Calendar.

Students with financial aid who are withdrawing from OCU are advised to complete the withdrawal form through the Office of Student Life (Traditional Students or NTE Advisor (non-traditional students). For withdrawals processed after Census for fall or spring terms or the equivalent dates for summer sessions, the grade of W is recorded for each course in which a withdrawn student was enrolled.

A student is considered a withdrawal from classes offered in a session of enrollment when the student ceases attendance at any point prior to completing the period of enrollment unless the school obtains confirmation from the student at the time of withdrawal that the student will attend a session that begins later in the same period of enrollment. This confirmation must be obtained at the time of the withdrawal even if the student has registered for subsequent courses.

If a student receives Title IV grant or loan assistance and does **not** begin attendance in a period of enrollment, the student is considered to be ineligible for any Title IV aid.

Upon receipt of the official withdrawal information, OCU will complete the following:

1. Office of Academic Affairs Aid verifies the student's attendance through the withdrawal form or the school's attendance records.
2. The Return of Title IV (R2T4) calculation is performed by the Office of Financial Aid to determine the amount of federal funds the student has earned and the amount of unearned Federal funds for which the school and the student is responsible to return (if any).

- Calculations are completed using the U.S. Department of Education's Return of Title IV, HEA Funds Worksheets, student's attendance, and withdrawal date are based upon the period of enrollment.
- 3. Office of Financial Aid will return the amount of any unearned portion of the Title IV funds for which the school is responsible within 45 calendar days of the date the official notice of withdrawal was provided.
- 4. Office of Financial Aid will provide the student with a letter explaining any returns that have been made to the Title IV, HEA programs on the student's behalf as a result of exiting the program.
  - Remaining unearned Title IV loan funds (e.g. Direct Loans) must be repaid by the student in accordance with the terms of the loans.
- 5. If a student's scheduled attendance is more than 60 percent of the period of enrollment, he/she is considered to have earned 100 percent of the federal funds received for the period of enrollment. In this case, no funds need to be returned and no letter will be sent.
- 6. A copy of the completed worksheet and notification letter will be kept in the student's file.

In the event a student decides to rescind his or her official notification to withdraw, the student must provide a signed and dated written statement that he/she is continuing his or her program of study and intends to complete the period of enrollment. Title IV, HEA assistance will continue as originally planned. If the student subsequently fails to attend or ceases attendance without completing the period of enrollment, the student's withdrawal date is the original date of notification of intent to withdraw.

Officially withdrawing from classes may affect the student's future eligibility for financial aid due to Satisfactory Academic Progress requirements and R2T4 balances owed. Please refer to *34 C.F.R. §668.22(b) and (c)*

### **Unofficial Withdrawal from OCU**

Unofficial withdrawals occur when official notification is not provided to OCU. If a student stops attending classes, the institution must assume, for Title IV, HEA purposes, the student has unofficially withdrawn and is administratively withdrawn.

A student who does not officially withdraw from the university is subject to the following penalties/conditions:

- Receive a grade of WE for all courses attended; and
- Obtain Provost approval prior for future registration.

If a student receives Title IV grant or loan assistance and does **not** begin attendance in a period of enrollment, the student is ineligible for any Title IV aid.

When a recipient of Title IV grant or loan assistance unofficially withdraws from an institution, after having begun class attendance during a period of enrollment, the institution must determine the amount of Title IV grant or loan assistance that the student earned up to the date of withdrawal. For unofficial withdrawals, the withdrawal is the last date of an academically related activity in which the student participated as stated by the professor of record or authorized departmental representative.

Once it has been determined that the student has ceased attendance, OCU will complete the following:

1. The Office of Student Life (traditional students) or NTE Advisor (non-traditional students) will notify the student as well as the students' instructors if it is found that a student has ceased attendance.

2. The Office of Student Life (traditional students) or NTE Advisor (non-traditional students) SFAS will determine and record the student's last date of attendance as the withdrawal date.
  - The withdrawal date is the last date of an academically related activity in which the student participated as provided by the professor of record or authorized departmental representative.
  - The Office of Academic Affairs (traditional students) or NTE Advisor (non-traditional students) will be notify and will process the administrative withdrawal.
3. The Return of Title IV (R2T4) calculation is performed by the Office of Financial Aid to determine the amount of federal funds the student has earned and the amount of unearned Federal funds for which the school and the student is responsible to return (if any).
  - Calculations are completed using the U.S. Department of Education's Return of Title IV, HEA Funds Worksheets, student's attendance, and withdrawal date are based upon the period of enrollment.
4. Office of Financial Aid will return the amount of any unearned portion of the Title IV funds for which the school is responsible within 45 calendar days of the date the official notice of withdrawal was provided.
5. Office of Financial Aid will provide the student with a letter explaining any returns that have been made to the Title IV, HEA programs on the student's behalf as a result of exiting the program.
  - Remaining unearned Title IV loan funds (e.g. Direct Loans) must be repaid by the student in accordance with the terms of the loans.
6. If a student's scheduled attendance is more than 60 percent of the period of enrollment, he/she is considered to have earned 100 percent of the federal funds received for the period of enrollment. In this case, no funds need to be returned and no letter will be sent.
7. A copy of the completed worksheet and notification letter will be kept in the student's file.

Unofficially withdrawing from classes may affect the student's future eligibility for financial aid due to Satisfactory Academic Progress requirements and R2T4 balances owed. Please refer to *34 C.F.R. §668.22(b) and (c)*

#### Refunds and the Return of Institutional Funds

When a student drops below full-time status or withdraws from the university, institutional funds are prorated per the university's refund policy, which mirrors federal financial aid return policy as described above. If a student has received a refund, due to exceeding direct cost, he or she is subject to repay all or a portion of the refunded funds to the university.

#### Appeals for Return of Funds

If a student believes he or she has special circumstances that warrant a change in the way the financial aid funds are refunded, he or she must submit the appeal in writing to the Office of Financial Aid.

## Student Life

### Campus Offices and Student Services

Student Life at Oakland City University offers a variety of programs and services to assist students in their success and development primarily outside the classroom. The goal of the Student Life Office is to provide students with opportunities that will assist them in having an excellent college experience. Those areas include:

- Center for Calling & Career (Career Services - Career Pathways Program; Student Academic Support Services; and Community Engagement Programs)
- Food Services (Cafeteria, the Oaks Café, and Holy Grounds Coffee Shop)
- Housing and Residence Life
- Marching Band
- Personal Counseling
- Student Activities—programs on and off campus, leadership training, Student Government Association (SGA), clubs, organizations, fitness center and intramurals
- Student Conduct

### Center for Calling & Career (CCC)

The Center for Calling & Career (CCC) is the hub for support for academic excellence and career preparation by providing students with a network of support throughout their college journey. The CCC assists students in the personal and professional development with offerings designed to prepare students to successfully enter the workplace. Located in the lower-level of the Bower-Suhrheinrich Student Life Center, the CCC provides several support services as well as additional opportunities for personal and professional development through the Career Pathways Program and one-on-one career coaching available to every OCU student throughout their degree.

#### Career Services – Career Pathways Program

The Career Pathways Program begins the first year students are on campus through activities designed to assist students in achieving a successful transition to college-level learning. Students participate in Freshmen Foundations and Success Community meetings in the fall term to support their academic and personal development in the college environment. Through these initial supports, students are taught key academic skills for college success and connect with faculty, staff, and peers for additional support throughout the first year. Students also begin to engage in important personal and professional development through activities such as workshops, one-on-one coaching, and service engagement opportunities within the community.

Additional career development opportunities are offered throughout the student's college experience. Career readiness workshops, career fairs, career assessments, and one-on-one career planning assistance are available to assist students in preparing to enter the workforce. The Center for Calling & Career also offers internship and job placement assistance as well as additional career support through Ascend Indiana, a free service to OCU students that assists students in connecting to Indiana employers with the assistance of professional recruiters.

## Student Academic Support Services

Student Academic Support Services (SASS) assists students in achieving academic goals by offering a series of supports available to the students. All new students are offered the assistance of an Academic Support Coach who will mentor them through their academic career. Academic Support Coaches assist students by mentoring them through current courses, exploring future academic offerings and career pathways, setting and achieving personal, academic, and career goals, and navigating the university environment.

SASS also offers free online and face-to-face peer tutoring through the Work Center lab. Peer tutors are selected based on faculty recommendation and/or academic excellence in the academic area and skills they are authorized to tutor. Students can engage with support for a specific class as well as academic skills for excellence such as study habits, time management, and academic writing assistance.

Tutoring services are available through registration with a student email account through the scheduling system at <https://oak.mywconline.com/> or through walk-in assistance at the Works Center lab located in the lower-level of the Bower-Suhrheinrich Student Life Center.

## Community Engagement Program

The Community Engagement Program (CEP) provides direct engagement to support students personal and professional develop through service opportunities within the surrounding community. The OCU motto, "Enter to learn – Go forth and serve," begins with service projects in their first year Success Communities. Located in the lower-level of the Bower-Suhrheinrich Student Life Center, students can also choose to seek additional opportunities to develop their experience and skills through community engagement projects.

CEP service engagements engage students in personal and professional development that encourages a service-leadership mindset through experiences that assist students in preparation for entering the workforce. Service experiences enable students to build their resumes through "real-world" learning about civic engagement and diverse needs of others, as well as developing key personal skills for career readiness employers need.

## Food Services

The university offers three (3) food service facilities on campus. The cafeteria is in the upper level of the Bower-Suhrheinrich Student Life Center. The Oaks, a grill and snack shop, is in the lower level along with Holy Grounds, a coffee shop serving Starbucks. For additional information about Food Services at OCU, visit the Student Life page of the OCU website at <https://www.oak.edu/student-life/dining/>.

## Housing/Residence Life

Unless otherwise approved by OCU in writing, a student who meets all the following criteria is required to live in university residence facilities if space permits:

- Full-time; and
- Traditional undergraduate student; and
- Attending the Oakland City campus, and

- Receiving any university funding; and
- Does not qualify for the housing policy exemption

A housing policy exemption is granted by the Office of Student Life to those living with their parent(s), court-appointed guardian, or who are married.

Residence halls open prior to the start of the fall semester for new resident students who are participating in New Student Orientation as well as a number of student athletes who are participating in fall sports. Residence halls are closed during various holidays (such as Christmas and New Year's) and semester breaks.

Oakland City University will not knowingly admit to its residence halls or other resident housing any persons who have been convicted of a felony, a sex offense, a theft, or other crimes against persons or property.

### Safe Environment

The university employs a Chief of Police to ensure a safe, secure campus. OCU Police and Security Staff secure the buildings at night, take measures to prevent fires, patrol university property to deter vandalism and theft, and enforce school rules and regulations.

The university uses the **RAVE Platform as its Emergency Notification System** to contact students, staff, faculty, and members of the community about weather warnings and on-campus emergencies. To sign up for these emergency notifications, visit the Student Life page of the OCU website at <https://www.oak.edu/student-life/campus-safety/>

Severe weather cancellations in the local public school system (Gibson County) are independent of any closure of the university. If local schools are closed or delayed, students, staff, and faculty should not assume the university is also closed. Specific closure announcements are made separately by the university.

Additional policies to promote a safe environment are available in the Student Handbook at <https://www.oak.edu/wp-content/uploads/2021/04/Student-Handbook-Revised-January-2022-Final.pdf> and the annual Safety and Fire Reports (available on the Consumer Information page of the OCU website at <http://www.oak.edu/consumer-information>).

### Consumer Information

Consumer information is disseminated to students through various media (e.g., this catalog). The Office for Student Life makes consumer information available through the Student Handbook <https://www.oak.edu/wp-content/uploads/2021/04/Student-Handbook-Revised-January-2022-Final.pdf> or on the OCU website at <https://www.oak.edu/about/consumer-information/>. Notification of the availability of the consumer information is sent to all students each semester by the Office for Student Life via the students' OCU e-mail address.

## Marching Band

The 2022-2023 Academic Year will begin a new extracurricular program of marching band. If you participated in marching band during high school and would like to continue to be involved at the collegiate level, please stop in the Office of Student Life, located on the main level of the Student Life Center, and let us know.

## Personal Counseling Services

OCU provides certified counselors on staff at the university. The counselors are trained to provide individual, group, and couple's counseling, and maintains a list of referrals for more extensive services available throughout the community. For additional information, visit the Counseling Services page of the OCU website at <https://www.oak.edu/student-life/student-services/counseling-and-mental-health/> and/or consult the Student Handbook (available on the Student Resources page of the OCU website at <https://www.oak.edu/wp-content/uploads/2021/04/Student-Handbook-Revised-January-2022-Final.pdf>).

## Student Engagement – Student Activities

### Honor Societies

Oakland City University recognizes four fraternal organizations/societies:

#### *Alpha Psi Omega*

This is a national co-educational honorary dramatic fraternity.

#### *Kappa Delta Psi*

This is a national teacher educational honorary fraternity.

#### *Order of the Sword and Shield National Honor Society*

This is a national honor society for students majoring in criminal justice.

#### *Sigma Kappa Sigma*

This is a local honor society for outstanding students.

### University Approved Clubs, Organizations, and Other Activities

Life at Oakland City University is more than just books, seminars, and lectures. It also involves students in activities outside the classroom, from their participation in student organizations to their life in the residence hall. OCU students have opportunities to participate in a variety of cultural, recreation, entertainment, service, and spiritual development activities. The Oakland City University program is designed not only to embrace a wide diversity of interests, but also to use that diversity to challenge and strengthen the entire student body.

While a number of clubs and organizations are currently active on campus, current students can form new clubs on campus by completing the New Club/Organization Application form in the Student Life Office. The Student Government Association approves new club and organization applications.

*Requirements for Club Officers*

Each club recognized by Oakland City University will be able to elect their own officers provided they meet the following requirements:

1. Must have a cumulative GPA of at least 2.5,
2. Be in good academic standing, including no failed courses in the previous academic year, and
3. Be in good disciplinary standing, including not being on social or disciplinary probation.

**NOTE: No student can serve as an officer for more than one club/organization at a time.**

*Requirements for Club Members*

All enrolled students are eligible to participate in university clubs provided candidates meet the following requirements:

1. Be in good academic standing, including not being on academic probation for two (2) consecutive semesters,
2. Be in good disciplinary standing, including not being on social or disciplinary probation, and
3. Possess cumulative GPA requirements of the organization they wish to join.

All Oakland City University sponsored student clubs and organizations that choose to open a bank account must have two signatures on the account with one of the signatures being that of the sponsor. In addition, the Director of Student Life must have access to the account in the case of an emergency.

All Oakland City University sponsored student clubs and organizations are allowed to fund raise for specific activities related to their club/organization upon approval from the Office for Student Life and the Executive Offices. The solicitation of gifts must be pre-approved by the Office for Advancement.

*OCU Clubs/Organizations*

The following list includes clubs and organizations (current and recent) as well as other ways to get involved outside the classroom.

**Athletics/Intercollegiate Sports**

Oakland City University is a member of the National Association of Intercollegiate Athletics (NAIA) and National Christian College Athletic Association (NCCAA). Men may participate in intercollegiate basketball, cross country, baseball, golf, soccer, and tennis. Women may participate in intercollegiate golf, volleyball, softball, cross country, soccer, tennis, and basketball. All student athletes must meet eligibility requirements.

**Biology Club**

Biology club is a group of students interested in the sciences and the environment, but it is open to anyone interested regardless of major. They organize recycling activities on campus, take field trips to zoos and natural areas, and do community service projects.

### **Black Student Union (BSU)**

The Black Student Union aims to serve as a voice for black students and to establish a sense of identity, community, and pride. They focus on bringing the diverse culture to the campus, and the club is open to all OCU students.

### **Business Club**

The mission of the Business Club is to engage students in a social environment that will also enrich their minds in the art of business. The club will help students become passive leaders and enrich their intellectual sides.

### **Cheerleading**

Cheerleaders participate at athletic/intercollegiate sports. Tryouts are held at the beginning of every school year. Anyone who meets the following requirements is eligible for the tryout audition:

1. Must meet the GPA standards set for NAIA intercollegiate athletes;
2. Must be in good academic standing;
3. Must be in good disciplinary standing, including not being on social or disciplinary probation.

### **Criminal Justice Student Association**

The purpose of the CJSA is to promote the gaining of knowledge and general understanding of the criminal justice field, to provide students with an exciting, challenging, and rewarding experience, to provide students with specific information concerning the numerous and varied fields within the criminal justice system, to provide connections of communication between the OCU community and the Criminal justice community of the Tri-Student region, to provide members with skills, training and advice that will help in their future.

### **Esports Club**

To promote esports, board games, and videogames as a hobby through competitive and enjoyable casual games. It exists for students to come together and play a variety of video games at different skill levels.

### **International Club**

The international club at OCU has a mission to include every student on campus. The goal is to bring together people from diverse backgrounds and cultures and to enlighten cultural differences on campus.

### **Intramural Sports**

The Oakland City University intramural program provides a broad range of activities and competition for all students. Individual and team competition is available seasonally throughout the year. Included in the intramural program are such sports as basketball, softball, volleyball, euchre, pocket billiards, spades, horseshoes, flag football, and badminton. Other sports may also be included and will be announced before competition begins.

### **Investment Club**

The Investment Club is a club intended to help students learn about what it means to invest responsibly, while still maintaining profit. Its mission is to learn about what it means to invest in companies with their societal impacts in mind, along with how to do it while still maintaining equal if not better profits than regular investments.

### **OCU Education Club**

OCU Education club is a club of students dedicated to fostering the growth and development of students of all ages by providing members with numerous opportunities to develop their professional and leadership skills, participate in service learning, and expanding their community involvement.

### **Pep Band**

The OCU Pep Band is a group of musicians who perform at athletic events, primarily men's and women's basketball games. The Pep Band collaborates closely with the cheerleaders to promote school spirit and excitement. Students may audition for Pep Band during organization days in the early part of the Fall semester.

### **Psychology Club**

The organization is composed of Psychology majors & OCU students who express interest in the field. The goal of the club is to increase understanding in the field, facilitate interaction among students and enrich the student's social experience as well as learning more about how the field of psychology can be used in service to others.

### **Star Wars and Marvel Club**

The Purpose of the Star Wars and the Marvel Club is to promote student unity over the common interests of Star Wars and Marvel.

### **Student Ambassadors for the Office of Admissions**

Student Ambassadors is a group of students who serve as hosts for the Office of Admissions. These students coordinate campus tours throughout the year and assist with other Admissions activities. The Office of Admissions chooses 10 to 15 Student Ambassadors each year from a pool of applicants. Students interested in becoming a Student Ambassador may obtain an application from the Office of Admissions.

Student Ambassadors must meet the following requirements:

1. Must have a cumulative GPA of at least 3.0;
2. Must not have failed to receive credit for any classes during the previous academic year;
3. Must be in good academic standing; and
4. Must be in good disciplinary standing, including not being on social or disciplinary probation.

### **Student Government Association (SGA)**

SGA is composed of elected representatives of the student body. It is organized to integrate and coordinate student activities and life on campus, to cooperate with the faculty and administration in the daily functioning of the university, to advance the welfare of the university, and to promote an awareness of an interest in the vital issues affecting the university community.

### **The O.C. Collegian.**

The Collegian is the Oakland City University student newspaper. It seeks to present to its readers an accurate and comprehensive image of the university and an ongoing reflection of the individuals, activities, and history of Oakland City University.

### **The Well**

The Purpose of OCU's The Well is to share the message of Jesus with the student body. It exists to glorify God through serving the OCU community by cultivating unity and engaging with students and staff.

### **Theater and Arts Club**

Theater and Arts Club is an organization for OCU students to expand knowledge, skills, and appreciation of the theatrical arts. This club will also give students the opportunity to participate in plays, trips, and activities to enhance educational goals of theatrical discipline and give back to the community.

### **Theologs**

This organization is for students interested in the ministry or in any other Christian vocation. It promotes a common standard of Christian conduct and provides fellowship and Christian service on campus.

### **University Choir**

The University Choir provides choral experience for interested students. It also provides musical performances and appreciation of musical events for the university family and the surrounding community.

## **On Campus Activities**

### *New Student Orientation*

All new (first-year and transfer) students are strongly encouraged to attend the New Student Orientation held each August, 3-4 days prior to the beginning of the Fall semester. New students will have opportunities to meet other new students, faculty, and staff; receive final academic advising before the start of classes; and become familiar with the campus as well as the many resources available to support students' academic and personal success. During orientation, every effort is made to accommodate our students and to ensure a smooth transition to university life.

### *Religious Activities*

Oakland City University actively maintains its historic connection with the General Baptist denomination. It provides an environment for learning that takes seriously the dimension of faith. The religious program of the university is in the Protestant evangelical tradition and seeks to respect the religious integrity of every student. Chapel services, which are held weekly, provide worship opportunities, and help make students aware of moral and spiritual issues. Spiritual Renewal Week, held as a special event during the Fall and Spring semesters, is a period during which a guest speaker is invited to lead the enrichment of the spiritual life of students. The office of the Campus Minister is in the chapel, and the Campus Minister is available for counseling, visitation, and other ministry functions.

### *Social Activities*

The academic year at Oakland City University is enhanced by a variety of social functions, including Fall Festival, Homecoming, Formal Tea, Spring Fling, SoulFest, and numerous banquets. Also, throughout the year, the Residence Life Staff develop special programs and activities for students.

### *Cultural Activities*

Each year, various informative and entertaining cultural programs are presented in regularly scheduled convocations, lectures, concerts, recitals, dramatic productions, and exhibits. Also, the Residence Life Staff periodically offer programs covering a wide range of important and timely issues.

## Student Conduct

Oakland City University is a Christian academic institution that expects behavior indicative of moral conduct consistent with Christian principles. Students at the university are expected to conduct themselves in an adult manner on and off campus and to always conform to standards of propriety. Students should act with consideration of other students, the reputation of the school, and the community. Regulations relating to student conduct are outlined in the Student Handbook, and students are responsible for being familiar with its contents. The Oakland City University Student Handbook is available on the OCU website at <https://www.oak.edu/wp-content/uploads/2021/04/Student-Handbook-Revised-January-2022-Final.pdf>

Students who violate the commonly accepted standards of conduct, honor, or good citizenship or who refuse to abide by the regulations of the university are subject to disciplinary action. Judicial procedures, including due process, are discussed in detail in the Student Handbook. The university reserves the right to dismiss any student whose conduct is detrimental to the general welfare of the college community.

Major rules that subject a student to immediate dismissal include, but are not limited to, the possession, storage, or use of alcoholic beverages; gambling; the possession, storage, sale, or use of illicit drugs; sexual misconduct; fighting; stealing; and destruction of university property.

## University Regulations

- **Motorized Vehicles.** Any student, regardless of classification or GPA, is permitted to have a motorized vehicle on campus.
- **Weapons.** For safety reasons, possession of any kind of firearm or lethal weapon (including hunting equipment) is prohibited on the Oakland City University properties or locations, including in vehicles parked on campus property. Please refer to the Student Handbook on the OCU website for the complete policy on weapons. <https://www.oak.edu/wp-content/uploads/2021/04/Student-Handbook-Revised-January-2022-Final.pdf>
- **Music and Other Copyrighted Materials.** Any student caught illegally downloading copyrighted materials will be subject to dismissal from the university. If legal action is taken against the student for illegal pirating of software and/or music, the university is not responsible for the student's legal fees and/or fines. For a complete copy of the Information Technology (IT) Resources, please see the Student Handbook.
- **Money and Valuables.** Each member of the university community is requested to keep money and other valuables in a safe place. The university is not responsible for such articles in the event of loss or theft.
- **Students Bringing Children to Class.** Students' children are not permitted to accompany their parent to class. Periodic visits with a parent during non-class time may be appropriate, i.e., lunch in the cafeteria or other eating establishment on campus. However, parents must remember university facilities are not designed for young children and children must be supervised at all times. The complete policy regarding "Children On-Campus" can be found in the Student Handbook.

## Academic Policies and Procedures

The following sections outline key academic policies and procedures related to common areas of concern for students from registration, attendance, and grades to graduation, transcripts and how credit hours are determined. Students are responsible for familiarizing themselves with all university requirements, specific requirements for their degree, academic policies, regulations and procedures. In order to help students navigate these policies and procedures, Oakland City University has established a regular process of pairing new students with academic advisors from the moment they are ready to begin coursework at the university. Students should seek regular assistance from these advisors; however, the student is ultimately responsible for meeting all requirements and keeping up with relevant program changes.

### Student Classification

The university classifies graduate students in different ways. Depending on their goals, students are classified as degree-seeking or licensure only/classified, or non-degree seeking/unclassified:

- Degree-seeking or classified students are enrolled at the university with the intent of completing a degree.
- Licensure-only students are considered unclassified students who are enrolled in specific courses pursuing an officially recognized licensure credential.
- Non-degree students are considered unclassified students are enrolled in specific courses without pursuing a full degree or officially recognized licensure credential.

In addition, graduate students may be classified as follows based on their enrollment status:

Enrollment Status	Number of Hours Enrolled in a Semester or Payment Period
<b>Full-time</b>	9 or more semester hours
<b>Half-time</b>	6-8 semester hours
<b>Less than half-time</b>	1-5 semester hours

### Academic Year

The academic year at OCU consists of two (2) semesters or terms (Fall and Spring) of about sixteen (16) weeks each, and a Summer term of about fourteen (14) weeks. These terms/semesters may contain sessions of shorter lengths. For example:

- Each of the terms contain multiple five (5) week, eight (8) week, and fifteen (15) week online sessions.

### Academic Load

Academic load (also known as course load) refers to the number of credit hours a student is enrolled for in a given term/semester or payment period.

**Full-time Status in Fall/Spring.** A full-time academic load consists of at least nine (9) credit hours within the Fall or Spring semester. Students registered for fewer than nine (9) credit hours in the Fall or Spring semesters are considered part-time students. The following table outlines student classification based on the number of hours they are enrolled in a given semester by the semester census date (census dates are published on the academic calendar at <https://www.oak.edu/academics/registrar-services>).

Enrollment Status	Number of Hours Enrolled in Fall or Spring
<b>Full-time</b>	9 or more semester hours
<b>Half-time</b>	6-8 semester hours
<b>Less than half-time</b>	1-5 semester hours

**Fall/Spring Overload Status.** Students can register for up to fifteen (15) credit hours during the Fall or Spring semesters in consultation with their academic advisor. Those wishing to register for sixteen (16) or more credit hours in a Fall or Spring semester must request approval from the Provost by completing and submitting the Academic Overload Request form to the Office of Academic Affairs during the registration process. This form and instructions for completing and submitting it are available online on the Academics page of the website (<https://www.oak.edu/academics/registrar-services>).

Requests will only be considered under the following circumstances:

- The Academic Overload Request form has been signed by the student's advisor;
- The student has completed at least one semester at OCU;
- The student has a cumulative grade point average of 3.0 or higher; and
- The student has never been administratively withdrawn for non-attendance or non-payment.

**Summer Term Academic Load.** Students can also register for up to fifteen (15) hours in the Summer term. Students wishing to register for sixteen (16) or more credit hours in the Summer term must request approval from the Provost by completing and submitting the Academic Overload Request form to the Office of Academic Affairs during the registration process. This form, along with instructions for how to complete this process are available on the Registrar's page of the OCU website under Student Forms at <https://www.oak.edu/academics/registrar-services>. Failure to obtain prior approval may result in credits not transferring.

## Registration

### Eligibility and Registration Periods

Enrollment and academic credit are permitted only for students who have been admitted to the university through established admissions processes.

A student should confer with his or her academic advisor and secure the advisor's approval for all course registrations and changes of registration. This process helps students remain on track towards graduation and stay abreast of any program or policy changes. Students are also expected to complete their

registration, including payment of charges or arrangements for payment, during the time set aside for this purpose.

Registration takes place during the final days of the preceding semester and during the first few days of each semester according to the schedule published by the Office of Academic Affairs in the academic calendar (available at <https://www.oak.edu/academics/registrar-services>).

The university reserves the right to limit enrollment in certain courses and sections, and to withdraw any course in which the enrollment is not sufficient.

### Independent Study Courses

Independent study courses offer students opportunities to explore a special topic or project within a discipline. Independent study is not to be used as a substitute for regularly scheduled academic offerings except in rare special circumstances. In such cases, the student and sponsoring instructor must submit an Independent Study Request form to the Dean of the school in which the course is offered for approval at the time of registration. If the Dean approves the request, he or she will forward it to the Office of Academic Affairs for final approval. The Independent Study Request form is available online on the Academics page of the OCU website at <https://www.oak.edu/academics/registrar-services>.

If a course is available in the regular offering, an independent study will only be approved in cases where a strong justification can be provided.

### Auditing Courses

Students wishing to audit a course must notify the Office of Academic Affairs by completing a Registration or Change of Registration form. The audit status for a course must be declared by the last day established for adding courses. The following general guidelines apply to audit courses:

- Auditors receive no credit, but the course appears on the student's transcript with a notation of AU. Hours for an audited course are not applied toward meeting graduation requirements nor computed in the grade point average. Audit courses are not included in determining full-time enrollment status.
- An audit course may not be changed to a credit course under any circumstance. This means students cannot attempt to earn credit by departmental examination at a later date for a previously audited class.
- Credit courses may not be changed to audit courses.
- Tuition charged for audit classes is at \$100 per credit hour.

### Cancellation of Registration

Students can cancel their enrollment prior to the first day of class by notifying the Office of Academic Affairs. If a student cancels his or her registration before courses start, he or she is entitled to a full tuition refund. Housing and meal plan refund rates may be prorated. For more information about refund policies, see the appropriate section of this catalog.

A student's registration may also be cancelled due to nonattendance. Registered students who do not attend or participate in their courses by the second Friday after the start of the semester risk having their registrations cancelled and all courses dropped.

### Change of Registration (Adding or Dropping Courses)

A student is held responsible for each course for which he or she officially registers. Once registered, a student can change his or her schedule by adding or dropping courses. The change of registration process must be completed by the last day to add or drop courses as established in the academic calendar. The academic calendar is available on the Academics page of the OCU website at <https://www.oak.edu/academics/registrar-services>.

Students wishing to change their registration must meet with their advisor, complete a Change of Registration form, and submit it to the Office of Academic Affairs. It is the student's responsibility to finalize this process.

Adding and/or dropping courses may have financial implications for students. Students are encouraged to consult with the Office of Financial Aid and the Business Office before adding or dropping courses.

Change of Registration forms, along with instructions for how to submit them, are available on the Academics page of the OCU website at <https://www.oak.edu/academics/registrar-services>.

### Withdrawing from Courses

A student may withdraw from a course after the add/drop date designated in the academic calendars. Withdrawal from courses are reflected on a student's transcript in the following ways:

- Students who withdraw from a course between the add/drop date and the last date to withdraw from a course receive a grade of W. A grade of W counts toward a student's attempted hours but does not count towards his/her GPA.
- Except in extraordinary circumstance (e.g., medical issues, military leave), students who withdraw from a course after the last date to withdraw from a course receive a grade of WF. A grade of WF counts toward a student's attempted and earned hours affecting his/her GPA.

To withdraw from a course, students must complete a Change of Registration form in collaboration with their advisor and submit it to the Office of Academic Affairs. The form and instructions for completing it are available on the Academics page of the OCU website at <https://www.oak.edu/academics/registrar-services>.

Falling below full-time or half-time status will have financial aid repercussions. Students are encouraged to consult with the Office of Financial Aid and the Business Office before submitting a Change of Registration form.

Students who drop or withdraw from all courses for which they are enrolled are considered to be withdrawing from the university. For more information about [withdrawal policies and procedures](#), see the appropriate section of this catalog.

## Attendance

Oakland City University is committed to promoting a vibrant academic community in which students and instructors join in a shared learning experience. Both students and instructors assume responsibility for the well-being of this process, each having something to contribute as well as to gain from a given course. Thus, the university expects regular class attendance by all students and places responsibility for attendance on the student.

### Attendance Guidelines

Presence and participation in class constitutes attendance for face-to-face courses and face-to-face components of hybrid courses. Students are expected to attend regularly and punctually. For online courses and online components of hybrid courses, participation in an academically related activity counts as attendance. Academically related activities include, but are not limited to, submitting an academic assignment, taking an exam, completing an interactive tutorial, participating in computer-assisted instruction, participating in an online discussion about academic matters, and/or initiating contact with a faculty member to ask a question about the academic subject studied in the course.

Academically related activities do not include activities where a student may be present but not academically engaged, such as logging into an online class without active participation, participating in academic counseling or advisement (including requesting a course extension), and/or discussing issues related to Moodle or textbook access.

### Absences

When an absence occurs due to an emergency or unforeseen circumstance, students are expected to notify their instructor of the absence prior to class or to seek assistance from their advisor in notifying instructors. Conditions for making up coursework for excused absences should be handled between students and course instructors.

No absences are excused for university events except for those officially designated by the university administration. Students who must be absent from class for official events are not to be penalized provided that all regularly scheduled tests are taken and all course requirements are met. Absences beyond those excused by university administration will be subject to attendance policies defined by the individual instructor. Absences due to official university events are included in total absences for semester and consecutive absences where separate policies exist.

### Course Withdrawals Due to Excessive Absences

Students may be administratively withdrawn from courses due to poor attendance, in accordance with these policies:

A student who is absent more than 30% of the class time for the semester or misses ten (10) consecutive hours from a class will be withdrawn from the course upon notification to the Office of Academic Affairs by the instructor or director of the graduate program. If a student is enrolled in a fully online course, he/she will be administratively dropped or withdrawn from the course when he/she fails to participate in the course for ten (10) or more consecutive calendar days. In these cases, a student will be given a grade of WE, which counts toward a student's attempted and earned hours affecting his or her GPA. The number

of absences after which a student may be automatically withdrawn from a course due to poor attendance is prorated based on the number of credit hours.

### Withdrawal from the University

The university regards the registration of students as an important agreement. However, at times circumstances may arise that require a student to withdraw from the university. Students who wish to drop or withdraw from all courses in which they are enrolled at a given time after a term or session begins are considered to be withdrawing from the university.

Withdrawing from the university should not be confused with dropping or withdrawing from one or several courses. Only students who will be dropping or withdrawing from **all** courses in which they are enrolled in are considered to be withdrawing from the university.

### Withdrawal Types

Students may request to withdraw from the university or may be administratively withdrawn due to excessive absences/poor attendance or extenuating circumstances. Students who stop attending all courses in which they are enrolled in a given term or session and do not complete the withdrawal process will be administratively withdrawn for poor attendance. For more information about attendance requirements and situations when a student may be administratively withdrawn due to poor attendance, please see the [attendance section](#) of this catalog.

Different policies and procedures apply for each type of withdrawal:

***Student-Initiated Withdrawals.*** Students wishing to withdraw from the university must do so in collaboration with their advisor. This process requires the completion of a Withdrawal from University form and submitting this form to the Office of Academic Affairs. This form, along with instructions for how to complete this process are available on the Registrar's page of the OCU website under Student Forms at <https://www.oak.edu/academics/registrar-services>. Failure to obtain prior approval may result in credits not transferring. Withdrawal from University forms are then processed by the Office of Academic Affairs, the Financial Aid Office, and the Business Office. If this procedure is not followed grades of F will be assigned.

Students withdrawing from the university will receive grades according to [Change of Registration](#) and [Withdraw from Course](#) policies stated in this catalog.

***Unofficial Withdrawals.*** Students who cease attending all the courses in which they are registered for a given term or session are considered to have unofficially withdrawn. In these cases, students will be administratively withdrawn from the university by the Office of Academic Affairs.

A student who does not officially withdraw from the university is subject to the following penalties/conditions:

- Receive a grade of WE for all courses attended; and
- Obtain Provost approval prior to future registration.

## Financial Implications of Withdrawals

Withdrawing from the university has financial implications for students. Failure to complete coursework in a given semester or session does not cancel a student's obligation to pay tuition and all other charges in full. Before initiating the withdrawal process, students are encouraged to consult with the Office of Financial Aid and the Business Office in order to make informed financial decisions. For more information about refunds and adjustments, please refer to the Finances and Financial Aid section of this catalog.

## Leave of Absence

Oakland City University acknowledges that at times students may need to request a Leave of Absence due to unforeseen circumstances or events outside of their control that keep them from completing courses for which they are currently enrolled. For example, students who are called into active military duty, specialized training or disaster relief efforts may request a Military Leave of Absence. Similarly, students with emergency medical situations or other situations outside of their control that precludes class attendance or completion of course requirements can request a Special Circumstances Leave of Absence.

The following details apply to all Leave of Absence requests:

- Leaves of Absence must be approved by the Provost and may be granted for a maximum of 180 days.
- Upon return from a Leave of Absence, a student is reinstated in his or her enrolled program and provided commensurate time to complete any pending coursework.
- If a student does not return within the established 180-day leave period, he or she is considered to have withdrawn from the university.

Students are encouraged to consult with their academic advisors to discuss whether they are eligible for a leave of absence and how to request it. In addition, students should consult with the Financial Aid and Business Offices to discuss financial implications for students placed on leave and for those failing to return after the 180-day leave period.

Federal financial aid criteria influence whether Leaves of Absence requests can be approved. In general terms, a leave of absence request will only be approved if the student is able to resume coursework at the same point of the academic program in which he or she began the Leave of Absence. Factors such as course scheduling and Leave of Absence return dates influence whether the request is approved. In practical terms, this means the university will only grant Leaves of Absence in a very limited number of cases. Therefore, Leave of Absence requests are evaluated by the Office of Academic Affairs on a case by case basis.

Depending on the specific circumstances and future course offerings of the university, a student whose Leave of Absence is approved may qualify for:

- Drop or withdraw from current course(s) that the student has started and future course(s) he/she is registered for; and/or
- Request a grade of incomplete (I) for course(s) the student has started.

## Military Leave of Absence

After initial active-duty training (i.e., basic training) has been completed, any currently enrolled student who is called to active duty, specialized training, or as part of disaster relief efforts may request a leave of absence for the duration of his or her military orders up to a maximum of 180 days.

To request a leave of absence for military service students must complete a Leave of Absence form and submit it along with a copy of their military orders to the Office of Academic Affairs before he/she ceases attending or participating in a course. The Leave of Absence form and instructions for how to complete this process are available on the Academics page of the OCU website at <https://www.oak.edu/academics/registrar-services>.

## Special Circumstances Leave of Absence

Students who experience a medical or other unforeseen emergency precluding them from participating in class or completing their coursework can request a Special Circumstances Leave of Absence. To request a leave of absence for special circumstances students must complete a Leave of Absence form and submit it along with a documentation supporting the reasons why the student is seeking a leave to the Office of Academic Affairs before he or she ceases attending or participating in a course. Students who are requesting leave of absence for medical reasons must also submit a Leave of Absence Medical Verification form signed by their doctor. The Leave of Absence and Leave of Absence Medical Verification forms, along with instructions for how to complete this process are available on the Academics page of the OCU website at <https://www.oak.edu/academics/registrar-services>.

## Credit Hours

### Definitions of a Credit Hour

Oakland City University has adopted the Carnegie Unit to measure academic credit for its traditional academic programs. According to the Carnegie Unit, one semester credit hour is awarded for completion of fifteen (15) 50-minute face-to-face classroom sessions (seat-time), with each session requiring two hours of outside preparation by the student. This definition may be adjusted to reflect modified academic calendars and formats of study.

For non-traditional programs (Adult and Professional Studies and fully online programs) and correspondence courses, students will be awarded a semester hour of credit for satisfactory completion of a predetermined, measurable amount of student product that is directly linked to program learning outcomes (knowledge and skills) of a given course as assessed by the instructor. These courses and programs are equivalent in the number of credit hours awarded in any OCU seat-time program and are directly relative to the amount of work and learning that is expected and assigned.

Faculty may design and develop courses which have multiple combinations of learning experiences to meet students varied learning styles and promote student engagement to meet course and program learning outcomes. These activities may include, but are not limited to, lectures, discussions, written papers, examinations, class presentations, discussion forum posts, chat participation, and any other appropriate student product demonstrating student learning and meeting of program learning outcomes. Standardized rubrics for measuring learning are expected. Program rubrics for papers, presentations, and other appropriate student products will be developed and approved. Disaggregated and aggregated data

are to be available and submitted to the Dean of the respective school, the Director of Assessment, and the Provost after each term. Upon program completion, data will be further aggregated to determine overall successful completion of the program and student learning by course and program.

The semester credit hour is the academic measure by which matriculation toward a degree is monitored and ultimately determined. It is recognized that the semester credit hour is used to measure student learning based upon formally structured, as well as informal, interactions.

Each program must have a written document on file in the Office of Academic Affairs stating the number of contact hours between students and instructors, the number of hours of expected outside study, and the number of hours of electronic communications for each course within the program. Additionally, throughout the duration of courses delivered through electronic communication, instructors are expected to have a minimum of three (3) contacts per week with students in the course. Measurable and demonstrable student product commensurate to a traditionally delivered course must be evident.

#### Definition of Faculty Instructional Contact

At Oakland City University faculty instructional contact is defined as the establishment of communication between the instructor and students through face-to-face instructional delivery or any synchronous or asynchronous electronic delivery system. Communication may occur between an instructor and an individual student or a group of students, through faculty-student observations of an activity or action, or in instances where a student receives significant course information through a learning management system so he/she may interact with peers and the instructor at a collegiate level to meet or exceed learning outcomes stated in a course syllabus.

#### Appeal and Review of the Credit Hour Policy

Faculty and Deans may present educational justification for departures from the credit hour policy to the Provost, who will be responsible for its interpretation. If an exemption is granted, written approval must be signed by the Provost and kept on file in the Office of Academic Affairs.

#### Procedural Implications of the Credit Hour Policy

Semester credit hours are awarded based on the following notional hours of instructional activity: face-to-face classrooms, faculty supervised group activity, supervised student activity, full-time independent study, flipped classrooms, blended learning or hybrid courses, fully online courses, intensive sessions, accelerated or compressed sessions, experiential learning, credit by examination and correspondence. A description of how credit hours are earned based on each type of activity follows.

**Face-to-Face Classroom Activity (e.g., Lectures, Seminars, Recitals, etc.).** A student earns one semester credit hour upon successful completion of course requirements that include fifteen (15) 50-minute sessions of classroom instruction with an expectation of two (2) hours of out-of-class preparation or student work for each classroom session throughout a semester or term. Students participating in face-to-face classrooms earn one credit hour per contact hour of instructional activity. The fifteen (15) sessions may be dispersed over the fifteen (15) weeks of a semester or in a shortened format of increased contact hours during a week for fewer than fifteen (15) weeks so that an equivalent total number of contact hours and out-of-class hours are met.

For example, a student will earn three (3) semester credit hours for a course delivered through any of these formats:

Face-to Face Classroom Ratio				
Format	Number of Weeks/ Semester or Session	Total Minutes/ Semester	Contact Hours/ Semester	Credit Hours/ Semester
<b>50-min classroom sessions, 3 days a week</b>	15 weeks/semester	2250	45	3
<b>75-min classroom sessions, 2 days a week</b>	15 weeks/semester	2250	45	3
<b>150-min classroom sessions, once a week</b>	15 weeks/semester	2250	45	3
<b>150-min classroom sessions, five days a week</b>	3 weeks/session (May)	2250	45	3
<b>90-min classroom sessions, five days a week</b>	5 week/session (Short Summer)	2250	45	3

The notional hours for each delivery format above includes the expectation of two (2) hours of out-of-class study for each contact hour of direct instruction.

**Faculty Supervised Group Activity (e.g., Laboratory, Field Trip, Physical Education Basic Skills, Practicum, Internship, Workshop, Group Studio).** A student will earn one semester credit hour for the equivalent of two (2) contact hours per week for fifteen (15) sessions of successful completion of a faculty supervised activity, where each activity period is 110 minutes or more in duration with little or no outside preparation expected.

The table below outlines other examples of ways in which a student can earn credit for participating in these types of activities:

Faculty Supervised Group Activity Ratio				
Format	Number of Weeks/ Semester or Session	Total Minutes/ Semester	Contact Hours/ Semester	Credit Hours/ Semester
<b>50-min session, 2 days a week</b>	15 weeks/semester	1500	30	1
<b>100-min session, 1 day a week</b>	15 weeks/semester	1500	30	1
<b>100-min session, five days per week</b>	3 weeks/session (May)	1500	30	1

**Supervised Student Activity (e.g., Independent Study, Individual Studio, Tutorial).** A student will earn one semester credit hour for successfully completed independent study or studio work for the equivalent of forty-five (45) 50-minute sessions of supervised student academic activity. These are defined as activities in which the student is given initial guidance, on-going criticism and review, and final evaluation of performance by a faculty member.

A student will earn one semester credit hour for successfully completed tutorials equivalent to fifteen (15) contact hours of regularly scheduled instructional sessions. These sessions are defined as activities in which students receive initial faculty guidance followed by repeated, regularly scheduled individual student conferences with a faculty member, and periodic as well as final evaluation of student performance.

**Full-time Independent Study Activity (e.g., Internship, Student Teaching, Practicum).** A student may earn up to one semester credit hour for each successfully completed week of independent study activity that is essentially full-time as in student teaching, practica, or internships. The actual number of hours and length of student teaching, practica, or internships may change due to state statute. State statute takes precedence over this policy.

**Flipped Classroom Activity (No Reduced Seat-Time).** Flipped classrooms are face-to-face courses which meet for all scheduled class times with no reduction in seat-time, but which involve the utilization of course materials and learning activities delivered through OCU's learning management system. In such classrooms, students are required to access materials in preparation for the face-to-face learning experience or complete follow-up learning activities after the face-to-face course session.

For flipped classrooms, a student will earn one semester credit hour according to the seat-time definition of a credit hour for a face-to-face classroom activity.

**Blended Learning/Hybrid Course Activity (Reduced Seat-Time).** Blended learning or hybrid courses integrate face-to-face instruction with online learning. This blend of instructional delivery and learning activity reduces seat-time requirements. Face-to-face meetings are preceded, followed, and/or replaced by faculty-facilitated synchronous or asynchronous online instructional activities that collectively are equivalent to the learning experience of a fully face-to-face course.

For example, students in a traditional course may meet for a course three times a week: they participate in two (2) face-to-face 50-min classroom lectures and/or discussion sessions and one 50-min laboratory session. This course could become a blended learning or hybrid course if instead the instructor loaded recorded lecture materials to the learning management system and required students to view these materials and participate in discussions online for the first two (2) classroom sessions, and then had students attend a face-to-face 50-min laboratory session. Although different from the traditional format, this blended or hybrid course does not reduce students' study requirements or the rigor of the course. Students are still expected to meet course objectives by completing assigned readings, reviewing online course instructional materials, and reflecting on learning activities and assessments through online activities (e.g., online discussions, group projects research and writing activities, labs, course assessments, etc.).

In blended learning or hybrid courses, a student will earn one semester credit hour for successful participation in face-to-face sessions combined with participation in online learning activities that precede and/or follow face-to-face sessions. For every credit hour to be earned, the seat-time and out-of-class work combined must be equivalent to at least forty-five (45) notional hours of contact and coursework. When such guidelines are followed, student learning outcomes and product will be commensurate to a course fully delivered through face-to-face sessions.

For the online portion of the blended learning or hybrid course, students can expect faculty interaction that is consistent with that of a fully online course activity.

**Fully Online Course Activity.** Fully online courses are delivered electronically via the Internet and without face-to-face seat-time required between the instructor and the students. In such courses, faculty and students do not meet face-to-face nor are synchronous meeting times required. All course materials, assignments, assessments and instructional activities are available, accessed, and conducted online. Although the delivery format is different, course learning outcomes of fully online courses must be commensurate to face-to-face delivered courses.

Currently, OCU fully online courses are delivered asynchronously through the university's learning management system. This means a student can access course materials and complete requirements at their own pace within established deadlines. Fully online course materials, assignments, assessments, and other learning activities may include, but are not limited to: readings, tutorials, practice sessions, simulations, research projects, team-projects, asynchronous discussions, synchronous chats, podcasts or webcasts, audio and/or video conferencing, quizzes, exams, diverse authentic assessments, and various other learning activities. Electronic delivery tools utilized in fully online courses may vary by program and instructor.

During the course of a term, fully online students are to be offered frequent and timely contact with the course facilitator via the use of one or more electronic communications tools. At a minimum, students can expect faculty contact at least three (3) times per week throughout the duration of the course, as well as timely responses to their questions and grading/feedback regarding submitted assignments and assessments.

Students in fully online courses will earn one semester credit hour for participation in online learning assignments, activities, and assessments which combined are equivalent to a minimum of forty-five (45) notional hours of study.

**Intensive Session Activity.** Students may earn credit hours by engaging in intensive sessions of instruction (Summer sessions, intersessions, etc.) equivalent to those earned for the same activity during a Fall or Spring semester. Students participating in courses delivered in this manner will have daily contact with the course instructor during intensive sessions. Student learning expectations for courses delivered in intensive sessions are commensurate to a semester-length course.

**Accelerated or Compressed Session Activity (e.g., Adult and Professional Studies Program and Fully Online Programs).** Accelerated or compressed academic sessions may award credit according to the knowledge & skills-based definition of a credit hour discussed earlier in this section. Courses delivered in this format meet the same student learning outcomes and are equivalent in rigor to a traditional face-to-face course.

**Experiential Learning.** The university, at its discretion, may award semester credit hours for significant learning experiences through work or service assignments acquired outside the institution which are part of a student's academic degree program. Credit for such learning is evaluated according to the standards recommended by the Council for Adult Experiential Learning (CAEL). For more information about experiential learning, including the total number of credit hours that can be awarded for experiential learning, please refer to that section of the catalog.

**Credit by Examination.** The university, at its discretion, may award semester credit hours for subject-matter mastery demonstrated through credit-by-examination such as DANTES, CLEP, or OCU school or department examination. When such credit by examination is allowed, it may be used to satisfy degree

requirements or to reduce the total number of remaining hours required for a degree. For more information about credit by examination, including the total number of credit hours that can be awarded as a result of examinations, please refer to that section of the catalog.

## Transfer Credit Policy

Oakland City University allows for transfer credits from institutions accredited by agencies approved by the Council for Higher Education Accreditation (CHEA). Specifics of transfer credit policies for graduate programs can be found in this catalog within the sections associated with each program.

The following additional considerations will be given to transfer credit:

- Transfer from non-accredited colleges and universities is evaluated on the basis of articulation agreements with OCU. If an articulation agreement does not exist, credits will not transfer.
- Course grades and grade point averages are not transferred, only credits are transferred.
- Institutional exams, classes with the grade of pass, and life experience or portfolio credit will not qualify for transfer from another institution.
- The Registrar is responsible for equating quarter hours to semester hours used at the university.
- For international transcripts to be reviewed for transferability of credits, the transcripts must be officially translated into English and converted to a 4.0 grading system by an accredited organization such as World Education Services (WES). A fee may be associated with the translation.
- Courses for the degree older than ten (10) years are typically not accepted, and in some programs the time limitations may be shorter.

To transfer credits from other accredited institutions, a student must submit an official transcript. Unofficial transcripts are not accepted. The Registrar will review and approve transferable credits in collaboration with a faculty member from the program, the Dean, and the Provost. No transfer credit from work completed prior to matriculation will be applied to a student's degree program after the first semester of enrollment.

Once matriculated, a student may take up to three (3) courses (maximum 10 credit hours) from another institution for transfer credit to be applied to his/her degree. Prior written approval from the student's academic advisor and the Registrar via the Petition to Complete a Course(s) at Another Institution After Matriculation form is required for each course that a student takes for transfer credit. This form, along with instructions for how to complete this process are available on the Registrar's page of the OCU website under Student Forms at <https://www.oak.edu/academics/registrar-services>. Failure to obtain prior approval may result in credits not transferring.

## Credit by Examination and Experiential Learning

Some students can earn credit by examination or experiential learning if they are enrolled at the university and pursuing a program of study with OCU, though some programs do not accept prior experiential learning for credit. The total number of credits a student can earn based on examinations, work or service learning may vary. However, students must meet the residency requirement set by the program excluding credit earned through examinations or experiential learning.

The following sections describe policies regarding credit by examination and experiential learning. For specific questions regarding credit awarded in this manner, please contact the Registrar.

### *Credit by Examination*

**Departmental Examinations.** Students may apply to earn credit for departmental examinations, or specific exams approved and graded by a particular school and administered on campus by faculty. These applications are subject to the following guidelines:

- Students can earn up to fifteen (15) credit hours by departmental examinations. Specific schools may permit fewer hours awarded by examination within particular degree programs.
- For all exams passed the grade of P will be recorded on the student's transcript and counted towards graduation requirements.

Students interested in earning credit for departmental examinations must complete an Application for Departmental/Proficiency Exam, request approval by the Dean of the school, and pay a nonrefundable \$100 per credit hour fee prior to the administration of the exam. This form, along with instructions for how to complete this process are available on the Registrar's page of the OCU website under Student Forms at <https://www.oak.edu/academics/registrar-services>. Failure to obtain prior approval may result in credits not transferring.

### *Experiential Learning*

Students may earn credit for significant learning experienced in work or service assignments. If the learning experience is legitimate within the context of course learning outcomes, as stated in a course syllabus, credit may be given. Credit for such learning is evaluated according to the standards recommended by the Council for Adult Experiential Learning (CAEL).

A maximum number of credit hours awarded towards a degree for such learning experiences can be found in the sections of the catalog for each program. No learning experience credit is applicable to certificate programs.

To apply for credit based on previous learning experience, students must complete and submit the Experiential Learning form and the Prior Learning Assessment Portfolio to their advisor. In order to be awarded credit for learning experience, approval must be granted by the advisor, the Dean of the school of that course, a content expert in the discipline, and the Provost. A nonrefundable \$100 per credit hour fee will be charged if approved. This form, along with instructions for how to complete this process are available on the Registrar's page of the OCU website under Student Forms at <https://www.oak.edu/academics/registrar-services>. Failure to obtain prior approval may result in credits not transferring.

All experiential learning requests must be submitted prior to the student's final semester or payment period.

## Grades

### Grading System

The computation of grade point averages and which grades are accepted for credit can be found under each school's section of this catalog. A student's cumulative grade point average is determined by dividing the total number of grade points by the total number of course hours taken at Oakland City University. Grades of I, P, W, and WP are not included in this computation.

### Incomplete Grades (I)

The grade of "I" indicates an authorized incomplete and may be assigned by a faculty member after consulting with the student.

An incomplete grade may only be given to a student whose work is currently passing. A grade of "I" does not count in the computation of grade point average. Faculty complete the Request for Incomplete Grade form housed under Student Forms at <https://www.oak.edu/academics/registrar-services> and secure the student's signature. The faculty member selects "I" when posting the student's grade within the faculty portal. The faculty member also submits the completed/signed Request for Incomplete form to the [academicaffairs@oak.edu](mailto:academicaffairs@oak.edu) within one week of submitting grades.

The remaining work for an incomplete grade must be completed within a time frame equal to or less than the length of the course. Faculty determine the final date for completing assignments to fulfill the Incomplete agreement.

For example:

A student taking a semester long course must complete all outstanding work by the end of the following semester or by an earlier due date established by the faculty member on the Request for Incomplete Form. A student taking a five-week or eight-week course must complete all outstanding work by the end of the following 5-week or 8-week term or by an earlier due date established by the faculty member on the Request for Incomplete Form.

If a student fails to submit all required coursework by the deadline/due date agreed upon in the Request for Incomplete Form, the grade of "I" will be converted, by the faculty member, to a letter grade. The faculty must act to remove the incomplete grade within the timeframe established and noted on the form, by submitting a copy of the signed form with the updated letter grade and date of completion to the [academicaffairs@oak.edu](mailto:academicaffairs@oak.edu) email address. In the event that the instructor from whom a student receives an incomplete is not available, the disposition of the case resides with the appropriate dean.

### Important Considerations when Faculty Assign a Grade of Incomplete

- An incomplete grade, "I", is only to be given when extreme situations arise that a student cannot control and which prevent him/her from completing course requirements by the end of the enrolled semester. These include serious illness or accidents, extreme family issues etc. It does not include poor time management in completing assignments, excessive absences without documentation, or missing one or more exams unless it is due to serious illness or accident.

- Students are expected to continue participating and completing assignments as best as they can during the time the course was originally scheduled and during the period of the Incomplete unless extenuating circumstances prevent them from doing so.

#### Withdrawal (W), Administrative Withdrawal for Excessive Absences (WE) and Student Withdrawal Failure (WF)

For information about grades of W, WE and WF refer to the [Withdrawal from Courses](#) and [Withdrawal from University](#) sections of this catalog.

#### Work in Progress (WP)

The designation of WP (Work in Progress) can be unitized only in designated dissertation, thesis, or doctoral project courses (i.e., EDUC 630, EDUC 631, EDUC 632, LDR 810, LDR 820A, LDR 820B, LDR 820C, LDR 820D, LDR 820E, LDR 830, DMN 850, DMN 851, DMN 852, DMN 853) and is not counted in computing grade point averages. The WP mark remains a terminal mark if the student does not complete (i.e., successfully defend) the master's thesis, doctoral dissertation, or project. For courses required for a degree, a grade must be provided before the credential may be granted.

#### Grade Reports

Final grade reports are available through the OCU Student Portal (available at <https://estudent.oak.edu/login.asp>).

#### Repeating Courses

Students may repeat any course. In these cases, credit for the courses is counted once, and only the highest grade earned for the repeated course is counted in the grade point average and for meeting graduation requirements. For students receiving veteran's benefits, Veteran Affairs (VA) will not pay students for repeating a course in which a passing grade has been received, unless a specific grade for the course is required. If a student receives a failing grade in a course, VA will pay for the retaking of the course. If the student receives a second failing grade in the course and retakes the course again, VA will request a refund from the student for the original course.

### Academic Standards

Graduation requires a minimum cumulative grade point average (GPA). Each graduate program has its own GPA requirements and grading scales. See the sections of this catalog associated with specific graduate programs for more information.

#### Academic Progress

All students enrolled in courses for credit are expected to make satisfactory academic progress toward completion of their degree in a reasonable time. Students must be making satisfactory progress towards a degree to be eligible for financial aid. For more information about OCU's [satisfactory academic progress policy](#), see the appropriate section of the catalog.

The university reserves the right to dismiss at any time a student whose academic standing or progress is regarded as unsatisfactory.

### Academic Honor Code

Students are expected to respect and uphold generally accepted standards of honesty in examinations and written work submitted to instructors. Plagiarism, although occurring in many forms, in essence involves the presentation of another person's work as if it were the work of the presenter.

Researched information must be properly documented, and quoted material must be so designated. Students guilty of plagiarism or cheating may be suspended, receive a failing grade, and/or face additional consequences, including potential dismissal from the university. Instructors may use plagiarism detection software in the determination of plagiarism.

### Grade Appeals and Other Academic Grievances/Due Process

Students who experience academic problems or disputes (e.g., grades, cheating, plagiarism, instructor fairness) can file complaints and/or request an appeal for decisions made regarding their academic record. For information about the academic grievance process, please refer to the appropriate section of the OCU Student Handbook available on the Student Resources page of the university's website at <https://www.oak.edu/student-life/current-students/>.

### Academic Dismissal

OCU reserves the right to dismiss a student not making satisfactory progress towards a degree at the end of any semester.

### Academic Exception Petition

Students may submit a formal appeal to any academic regulation or policy stated in the academic catalog. To do so, students can submit a written petition to the Provost. The Provost will review the student's request and render a decision.

## Education Records

The Family Educational Rights and Privacy Act (FERPA) affords eligible students certain rights with respect to their education records. An "eligible student" under FERPA is a student who is 18 years of age or older or who attends a postsecondary institution. These rights include:

1. The right to inspect and review the student's education records within 45 days of the day Oakland City University receives a request for access. A student should submit to the Registrar or Provost a written request that identifies the record(s) the student wishes to inspect. The university official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the university official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.
2. The right to request the amendment of the student's education records that the student believes is inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

A student who wishes to ask Oakland City University to amend a record should write to the Registrar, clearly identify the part of the record the student wants changed and specify why it should be changed.

If OCU decides not to amend the record as requested, the Registrar will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to provide written consent before Oakland City University discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent. The university discloses education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by Oakland City University in an administrative, supervisory, academic, research, or support staff position (including law enforcement unit personnel and health staff); a person serving on the board of trustees; or a student serving on an official committee, such as a disciplinary or grievance committee. A school official may also include a volunteer or contractor outside of Oakland City University who performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the university with respect to the use and maintenance of PII from educational records, such as an attorney, auditor, or collection agent or a student volunteering to assist another university official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for Oakland City University.
4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by Oakland City University to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW  
Washington, DC 20202

#### Disclosures without Consent

FERPA permits the disclosure of PII from students' education records, without consent of the student, if the disclosure meets certain conditions found in §99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the student, §99.32 of FERPA regulations requires the institution to record the disclosure. Eligible students have a right to inspect and review the record of disclosures. A postsecondary institution may disclose PII from the education records without obtaining prior written consent of the student –

- To other school officials, including teachers, within Oakland City University whom the school has determined to have legitimate educational interests. This includes contractors, consultants, volunteers, or other parties to whom the school has outsourced institutional services or functions, provided that the conditions listed in §99.31(a)(1)(i)(B)(1) - (a)(1)(i)(B)(2) are met. (§99.31(a)(1))
- To officials of another school where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements of §99.34. (§99.31(a)(2))

- To authorized representatives of the U. S. Comptroller General, the U. S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as a State postsecondary authority that is responsible for supervising the university's State-supported education programs. Disclosures under this provision may be made, subject to the requirements of §99.35, in connection with an audit or evaluation of Federal- or State-supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf. (§99.31(a)(3) and 99.35)
- In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. (§99.31(a)(4))
- To organizations conducting studies for, or on behalf of, the school, in order to: (a) develop, validate, or administer predictive tests; (b) administer student aid programs; or (c) improve instruction. (§99.31(a)(6))
- To accrediting organizations to carry out their accrediting functions. (§99.31(a)(7))
- To parents of an eligible student if the student is a dependent for IRS tax purposes. (§99.31(a)(8))
- To comply with a judicial order or lawfully issued subpoena. (§99.31(a)(9))
- To appropriate officials in connection with a health or safety emergency, subject to §99.36. (§99.31(a)(10))
- Information the school has designated as "directory information" under §99.37. (§99.31(a)(11))
- To a victim of an alleged perpetrator of a crime of violence or a non-forcible sex offense, subject to the requirements of §99.39. The disclosure may only include the final results of the disciplinary proceeding with respect to that alleged crime or offense, regardless of the finding. (§99.31(a)(13))
- To the general public, the final results of a disciplinary proceeding, subject to the requirements of §99.39, if the school determines the student is an alleged perpetrator of a crime of violence or non-forcible sex offense and the student has committed a violation of the school's rules or policies with respect to the allegation made against him or her. (§99.31(a)(14))
- To parents of a student regarding the student's violation of any Federal, State, or local law, or of any rule or policy of the school, governing the use or possession of alcohol or a controlled substance if the school determines the student committed a disciplinary violation and the student is under the age of 21. (§99.31(a)(15))

### Directory Information Disclosure

The Family Educational Rights and Privacy Act (FERPA), a federal law, requires that Oakland City University, with certain exceptions, to obtain students' consent prior to the disclosure of personally identifiable information from their education records. However, the university may disclose appropriately designated "directory information" without written consent, unless a student has advised the university to the

contrary in accordance with OCU procedures. The primary purpose of directory information is to allow the university to include this type of information from your education records in certain publications.

Examples include:

- A playbill, showing a student's role in a drama production;
  - The annual yearbook;
  - Honor roll or other recognition lists;
  - Graduation programs; and
  - Sports activity sheets, such as for wrestling, showing weight and height of team members.
- Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. If a student does not wish Oakland City University to disclose directory information from his/her education records without prior written consent, he/she must notify the Office of Academic Affairs in writing. Oakland City University has designated the following information as directory information:
- Student's name
  - Address
  - Telephone listing
  - Electronic mail address
  - Photograph
  - Date and place of birth
  - Major field of study
  - Dates of attendance
  - Grade level
  - Participation in officially recognized activities and sports
  - Weight and height of members of athletic teams
  - Degrees, honors, and awards
  - The most recent educational agency or institution attended
  - Student Identification Number

### Updating Student Record Information

Students are encouraged to notify the OCU of changes in personal information included in education records. Updated education records ensure students can receive important notifications in a timely manner, successfully access transcripts, etc.

To notify the university of such changes (e.g., address, phone number, email address, legal name), students can complete the Change of Personal Information form and submit it to the Office of Academic Affairs. This form is available on the Registrar's page of the OCU website under Student Forms at <https://www.oak.edu/academics/office-registrar>

### Transcript Requests

Official OCU transcripts are issued by the Registrar. Students can request unofficial transcripts (no signature, no seal) and/or official transcripts (including signature and seal) the following ways:

- In person, by completing a Transcript Request form and submitting payment in the Office of Academic Affairs.

- By mail, downloading, completing and mailing the Transcript Request form to the Office of Academic Affairs.
- Online at [www.oak.edu/academics](http://www.oak.edu/academics) by requesting an electronic transcript through the National Student Clearinghouse.

Unofficial transcripts are only available for current students and can be found by logging into their student portal.

All transcript requests must be signed by the student. Payment for transcripts must be submitted at the time of request. Transcript orders will not be completed if the student has an account balance at the university, including being in default for any student loan, or if the student has not completed their exit interview with the Financial Aid or Business Offices (where applicable).

If an error in fulfilling a transcript request is the fault of Oakland City University, the Registrar will resend the transcript without additional charges to the student. Students who think such an error has occurred should contact the Registrar to address this issue.

For more information about transcript costs and how to request them, please visit [www.oak.edu/academics](http://www.oak.edu/academics).

#### Student Right to Education Record Information

Each student has the right to personally inspect his or her own official student records, subject to reasonable restrictions as to time, place, and supervision. Challenges as to the accuracy of the content of the student records may be made by the eligible student in writing. The written document must be submitted to the office responsible for maintaining those records.

**Release of Information.** The following student information maintained in the Registrar's Office is considered public and will be released upon request (see Family Educational Rights and Privacy Act of 1974): name, address (local and permanent), affirmation of current enrollment, and degree(s) received.

If a student does not want his or her local or permanent address released to anyone other than a college faculty or staff person, she or he may file a written request with the Office of Admissions, asking that disclosure not be made without the student's written permission.

All other information in the university records is considered restricted and released only by written permission from the student, except that faculty, administration, and staff of the university have access only to the information about the student necessary for the performance of their academic or administrative duties. Statistical summary information about all students that is not named-linked and is necessary for reports to various persons or agencies is legitimate under the Privacy Act.

**Social Security Number.** In accordance with the Privacy Act of 1974 and Indiana PL 22 of 1977, students or applicants are advised that disclosure of their social security number (SSN) to designated university offices is voluntary for admission to education programs. However, IRS regulations require SSN for registration fees, etc. reported to the government for 1098T reporting requirements. Additionally, no financial aid can be processed without a student's SSN. Note: Each student is automatically assigned a student identification number by the Office of Admissions.

### Inactivity of Student Records

The university maintains the following student information records after five (5) years following the student's graduation and/or last registered semester:

- Permanent record of academic achievement, including supporting documents;
- Career Planning and Placement files that remain active upon request; and
- Such financial records as are necessary, as long as there exists a financial obligation to the university.

All retained official records continue to be subject to the provisions of the Privacy Act of 1974.

### Institutional Review Board (IRB)

The Oakland City University Institutional Review Board is a committee designated to review, approve, and conduct a periodic review of research involving human subjects. The primary purpose of the review is to assure the protection of human research subjects is consistent with the principles specified in the Code of Federal Regulations, Title 45, Part 46 (45 CFR 46) and the Belmont Report. It extends to all research involving human subjects, whether conducted by faculty, staff, graduate students, undergraduate students, or non-Oakland City University researchers. The IRB is also tasked with reviewing projects seeking to use Oakland City University faculty, staff, students, and alumni as research participants and acts as an advocate for the research subject. This means that the IRB, during its review of a research project, the informed consent and supporting documents, has the right and responsibility to ensure that the research subject is fully informed of the procedures involved in the study as well as the risks. The Oakland City University IRB maintains a site accessible to all student researchers and researchers in the university's E-Learning Center that contains the criteria, training, application forms, sample consent forms, and other information typically needed by students/researchers during the IRB application process. For questions about the IRB, please send an email message to [irb@oak.edu](mailto:irb@oak.edu).

### Graduation

#### Time Limitation for Degree Completion

The time limits for the completion of a graduate degree program vary from program to program. See the section of this catalog associated with the specific degree programs for more information. Students who do not complete their degrees in the established timeline are subject to the terms and conditions of the latest issue of the catalog and will be expected to meet the academic requirements set forth in it. The online edition of the catalog posted on the university website is the most current catalog. In addition, failing to complete a degree program in the designated time may require the student to retake courses already completed.

A student who withdraws from OCU and later returns to the university will be subject to the latest catalog and the requirements of currently offered programs. Coursework that is more than seven (7) years old will be reviewed for relevancy given current requirements. At times this may mean students could be required to take additional courses to complete a program.

## Degree Application and Graduation Fee

All requirements for a degree must be satisfactorily met before a degree is actually conferred. A candidate for a degree must apply for graduation online by the deadline of the year in which she or he expects to finish all of the degree requirements.

All students applying for a degree or a certificate are charged the graduation fee whether or not they participate in the graduation ceremony. The fee covers graduation expenses, diplomas, honors cords, mailing supplies, and postage.

## Commencement Ceremony and Graduation Dates

The university has several graduation dates but commencement happens only once each year in May. Regardless of graduation date, all OCU graduates are invited to participate in the commencement ceremony, although attendance is optional. Graduates will receive detailed instructions concerning the commencement from the Registrar once they apply for graduation and coursework is reviewed to ensure program completion.

*The university has established graduation dates in the following months: May, July, August, and December.*

## Diplomas

Diplomas are mailed to students after all academic and financial requirements are met (including relevant exit interviews with the Office of Financial Aid, as well as clear accounts with the Library and Business Office).

## Learning Resources

### Barger-Richardson Learning Resource Center

The Barger-Richardson Learning Resource Center is located on the main campus of Oakland City University. It is the mission of the library staff to educate and enrich the lives of students and the learning community by:

- Providing informational services and resources to meet the requirements of the educational programs of Oakland City University.
- Providing a setting conducive for academic excellence, technical preparation, and life-long learning.
- Aiding in the promotion of Christian ethical and moral values in the conducting of academic research.
- Striving to become a leader in preparing students and the learning community for success in their endeavors to live and work in the 21st century productively; spiritually, intellectually, and morally.

The Barger-Richardson library currently has physical holdings of over 94,765 items, a collection of approximately 252,472 eBooks, and 124,707 eJournals. In addition, through the affiliation with organizations/programs such as Academic Libraries of Indiana (ALI), Academic Christian Librarians (ACL),

Christian Librarian Consortium (CLC), Midwest Collaborative for Library Services (MCLS), and Interlibrary Loan services, OCU's students have access to research materials throughout Indiana. OCU's library also participates in and operates through WMS, (World Management System) which offers access to items from libraries around the world, including online articles.

OCU's library has always been committed to its endeavor to provide a facility that would support student learning and faculty/staff research and advancement. Through the WMS program, both on campus students and online students have access to all the material owned by this library and the option to borrow from libraries worldwide. Students will be given access information once enrollment is completed.

The four-level, air-conditioned structure, provides reading and research space for students, offices, workrooms, and group work. A modern computer lab, which is open to all classes during library hours, is located on the 2nd level. A new, up-to-date, communication lab is located on the 4th level and is open to all communication students. Also, instructional classes on how to use the library's resources are offered in the computer lab as well as online through PREZI.

**Library Hours.** Library hours are subject to change during holidays and semester breaks. The hours and days open can found at: <https://www.oak.edu/academics/library/>.

#### Moodle Online Learning Center

Oakland City University makes online learning available to students through two types of classrooms. Fully online courses are intensive studies completed in five (5) or eight (8) weeks. Web Assist classrooms are online resource rooms for faculty to distribute course materials in preparation for face-to-face instruction.

OCU's E-Learning Center uses the Moodle Learning Management System (LMS). Tutorials on how to use Moodle are made available for students at <https://elearning.oak.edu/moodle/>.

## Chapman Seminary

### About the School

Chapman Seminary is committed to developing “the spiritual, moral, and intellectual maturity necessary for effective leadership in the church.” Seminary students represent a wide range of Christian traditions that fall under the Church Universal. The seminary “honors ties to General Baptists,” who sponsor the seminary and university, by being the primary theological education center for that tradition of Baptist thought. As an extension of the General Association of General Baptists, the seminary respects in particular the theology and church polity of the General Baptist denomination. That tradition affirms the central role of the Bible in being the witness of God’s desire to conform people to the image of Jesus Christ.

Oakland City University’s Chapman Seminary was founded in 1983. In February 1992, the University Board of Trustees officially authorized the name of the graduate and undergraduate divisions of religious studies as The Onis G. and Pauline Chapman School of Religious Studies, named after former pastor, evangelist, and college president Dr. Onis G. Chapman (1914-1979) and first lady Pauline Chapman (1913-1981). Dr. and Mrs. Chapman were recognized because of their dedicated ministries among General Baptists. In 2004, the University Board of Trustees named the new building the Chapman Seminary.

The underlying philosophy of the seminary and its sponsoring denomination is ecumenical in nature. Although the primary goal is the preparation of persons from diverse Christian backgrounds seeking training for the many ministries Christ has given the church, students who do not feel such a “call” but who desire a well-rounded theological education are also invited to study. Few disciplines can give one an integrated personal philosophy and insight into the major questions of life as can the advanced study of religion and theology.

The seminary offers two (2) degrees that are accredited by the Commission on Accrediting of the Association of Theological Schools in the United States and Canada:

- Master of Arts in Pastoral Leadership (36 hours, online)
- Master of Divinity (90 hours, on campus) The Master of Divinity can be taken with or without a specialization in Pastoral Care.

### Faculty of Chapman Seminary

Ronald L. Mercer, Jr., Ph.D., Dean, Chapman Director of Undergraduate Studies, Professor of Philosophy  
Thomas R. Walls, Ph.D., Professor of Missions

### Mission of Chapman Seminary

Conscious of the call of God, honoring our ties to General Baptists, and mindful of the Church universal, Chapman Seminary seeks to develop, through the professional education of men and women, the spiritual, moral, and intellectual maturity necessary for effective leadership in the church.

Chapman Seminary has also chosen to embrace the following statements drawn from the Association of Theological Schools General Standards (adapted from *Standard 3* [2010]):

A theological school is a community of faith and learning that cultivates habits of theological reflection, nurtures wise and skilled ministerial practice, and contributes to the formation of spiritual awareness and moral sensitivity.

In a theological school, the overarching goal is the development of theological understanding, that is, aptitude for theological reflection and wisdom pertaining to a responsible life in faith. Comprehended in this overarching goal are others such as deepening spiritual awareness, growing in moral sensibility and character, gaining an intellectual grasp of the tradition of a faith community, and acquiring the abilities requisite to the exercise of ministry in that community.

Learning should cultivate scholarly discourse and result in the ability to think critically and constructively, conduct research, use library resources, and engage in the practice of ministry. Learning should foster, in addition to the acquisition of knowledge, the capacity to understand and assess one's tradition and identity and to integrate materials from various theological disciplines and modes of instructional engagement in ways that enhance ministry and cultivate emotional and spiritual maturity.

The activities of theological scholarship—teaching, learning, and research—are collaborative efforts among faculty, librarians, and students, and foster a lifelong commitment to learning and reflection.

Theological teaching, learning, and research require patterns of institutional and educational practice that contribute to an awareness and appreciation of global interconnectedness and interdependence, particularly as they relate to the mission of the church. These patterns are intended to enhance the ways institutions participate in the ecumenical, dialogical, evangelistic, and justice efforts of the church.

Both in an institution's internal life and in its relationship with its publics, freedom of inquiry is indispensable for good theological education.

### Learning Outcomes of Chapman Seminary

The Chapman Seminary is a learning community dedicated to OCU's mission. The institutional learning outcomes of the Head, Heart, and Hands are mirrored in the seminary's three learning outcomes: thinking theologically, living faithfully, and serving effectively. These outcomes are met by holistically addressing cognitive, affective, and behavioral objectives. Chapman calls the interweaving of these outcomes and objectives the Tapestry of Theological Education. The stated goals of every individual class offered in Chapman fall somewhere on the Tapestry. There is a Tapestry for each of the accredited Masters degrees.

	WF	0.0	Student Withdrawal Failure
	WP	0.0	Work in Progress
	AU	0.0	Audit

The university grading system consists of letter grades and grade points, as described below:

A student's cumulative grade point average is determined by dividing the total number of grade points by the total number of course hours taken at Oakland City University. All A, B, C, D, F, WE and WF grades are included in a student's grade point average. Grades of I, P, NC, W, WP, and AU are not included in this computation.

For more information on grades, see the Academic Policies and Procedures section of this catalog.

## Standards of Conduct

All seminarians are expected to manifest a proper attitude toward the spiritual life and testimony of the Chapman Seminary. The standards of conduct expected are those indicated for Christians in the Scriptures. The specific regulations and suggestions contained in the OCU Student Handbook (available on the Student Resources page of the OCU website at <http://intranet.oak.edu/current-students/student-resources.php>) apply to Chapman Seminary students.

## Honor System

Upon becoming a student, an individual takes upon himself or herself the obligation not to give or receive aid in examinations and not to give or receive unpermitted aid in class work, in the preparation of papers and reports, or in any other work that is to be used by a professor as the basis of grading.

Students understand they are to do their share in taking an active part in seeing to it that they and others uphold the spirit and letter of the honor system.

Although the faculty alone has the right and obligation to set academic requirements and standards, all members of the seminary community (students and faculty alike) will work together to establish optimal conditions for honorable academic work.

The faculty of Chapman Seminary reserves the right to dismiss a student whose violation of the Honor Code is deemed sufficiently egregious.

## Master of Arts in Pastoral Leadership (36 Semester Hours) - *Online*

The Master of Arts in Pastoral Leadership (M.A.P.L.) is an **online** program designed for those individuals who seek a graduate level education that advances skills in practical ministerial service. While it is not necessary to be employed in a church, it is a requirement of this degree that each student is actively involved in church ministry. Course work will often focus on actual ministry being done in one's church setting.

It is the goal of Chapman Seminary that, upon completion of the Master of Arts in Pastoral Leadership, the successful graduate will have an advanced knowledge of Holy Scripture and Church traditions as well as an advanced effectiveness in serving the Church through focused course work in servant leadership.

This degree lays a foundation for further graduate academic work or for professional studies for ministry such as provided by a Master of Divinity degree. The course of study is thirty-six (36) hours. Any student who chooses to further study in the Master of Divinity program at Chapman Seminary will receive advanced standing for work completed in the Pastoral Leadership degree.

### Rationale of the Curriculum for the Master of Arts in Pastoral Leadership

Chapman Seminary, a graduate school in theology, is a school of Oakland City University. The curriculum is founded upon traditional Christian understandings of the nature and purpose of God as revealed in the Old and New Testaments, and expressly declared in the life, death, and resurrection of Jesus Christ.

The curriculum addresses the purpose of the degree and its expressed learner outcomes. In keeping with the learner outcomes, the curriculum concentrates on the active work of the minister as a servant leader.

### Learner Outcomes for the Master of Arts in Pastoral Leadership

It is the goal of the Chapman Seminary that upon completion of the Master of Arts in Pastoral Leadership, the successful graduate will be able to:

1. Evaluate Scripture and Christian theology in light of Pastoral Ministry.
2. Mature in spiritual practices for Christ-like Pastoral Leadership.
3. Develop practical skills in Pastoral Leadership.

### **Admission Requirements for the Master of Arts in Pastoral Leadership**

Requirements for unconditional admission to the Master of Arts in Pastoral Leadership are as follows:

1. A formal application for admission submitted to the Admissions Office together with the application fee.
2. A baccalaureate degree from an accredited four-year college or university.
3. An overall undergraduate grade point average of 2.5 based on a 4.0 scale, or a 2.75 average in the undergraduate major field.
4. Two (2) letters of recommendation from persons qualified to judge aptitude and ability for graduate work; one recommendation may come from the faculty of the Chapman Seminary.
5. Submission of official transcripts of all undergraduate credits and any graduate credits earned.
6. A formal statement of reasons for applying, making clear the motivation for entering the Seminary.

### **Graduation Requirements for the Master of Arts in Pastoral Leadership Degree**

The completion of thirty-six (36) semester hours as outlined below, with a minimum grade point average of B on a 4.0 scale, is necessary to receive the M.A.P.L. degree. Of the thirty-six (36) hours, thirty (30) hours are core (mandatory) courses required of all students and 6 hours of courses dedicated to the completion of a capstone project.

#### **Capstone Project (6 Semester Hours)**

The Capstone Project consists of two final courses, MPL 550 Capstone: Ministry Practicum and MPL 555 Capstone: Essay Writing.

The Ministry Practicum (MPL 550) course is a structured learning experience in an actual ministry setting. The purpose of the course is to allow the student to acquire and develop appropriate attitudes and behaviors related to professional ministry. Students will draw upon their ministry experience as a source of data for reflection and action in weekly sessions with the instructor and student peers. Students will also take this time to gather artifacts from previous coursework at Chapman that connects with their specific ministry experience, the ultimate purpose of which is to write a Capstone essay (MPL 555) defining ministry in light of the education Chapman provides.

The ultimate goal of the Chapman Seminary is to educate students in the theological, philosophical, and ethical traditions of the Christian faith for informed engagement in society and the Church, and to prepare ministers for further education at the seminary level. Chapman uses the Tapestry of Theological Education to communicate this goal and to guide every course toward the completion of its mission. In short, the student's time at Chapman is about edifying the student as a minister.

In view of the school's mission and the guidance of the Tapestry, the final project for each student is the creation of a definition essay. The student should utilize the education received at Chapman, informed by

the artifacts gathered in MPL 550, and the direct ministry experience in the practicum to write a 25-page paper that defines ministry for the student, so the paper should not only be academic but personal, detailing how the student’s understanding of ministry has grown in light of Chapman’s program. The final section of the paper should act as the student’s guide to ministry in the future.

Paper structure:

- Introduce the problem of defining ministry
- Discuss how ministry is defined by thinking theologically, living faithfully, and serving effectively
- Include in the discussion how you have grown in each of these three dimensions
- Include a guide to ministry (what will the student’s ministry look like going forward)

### Advanced Standing

Advanced Standing with or without credit is possible for those who enter the Seminary from the Chapman School of Religious Studies (undergraduate program). Entering students should inquire of their advisor of the exact details of the policy. Advanced Standing with credit always involves an examination as well as having passed the particular undergraduate class (or classes) with a grade of B or better.

### Academic Probation

Any student whose semester total grades are below 1.70 (C-) is automatically placed on academic probation. This probation means a restriction of the total number of semester hours to nine (9).

Any student who has consecutive semesters of total grades below 1.70 (C-) is restricted to six (6) semester hours of study and is at risk of academic suspension.

### Academic Suspension

Academic suspension occurs when a student has three (3) consecutive semesters of total grade point average below 1.70 (C-). The student may request reinstatement after one full calendar year by letter to the Chapman faculty and by interview with the Dean of the Chapman Seminary. The student is advised that reinstatement is not automatic.

### Schedule of Course Offerings

All courses in this degree will be delivered online through Oakland City University’s *Learning Management Software System*, MOODLE. Online courses will be eight (8) weeks in length and are scheduled every eight (8) weeks according to the university’s 8-week online schedule. These online courses will be asynchronous, meaning that there are no scheduled meetings with professors and all course work can be done on the student’s schedule as long as assignments are completed by announced due dates.

## Master of Divinity Programs (90 Semester Hours)

**\*\* CHAPMAN SEMINARY IS CURRENTLY NOT ACCEPTING MDIV STUDENTS\*\***

The Master of Divinity (MDiv) combines academic and professional education. The degree program consists of a minimum of ninety semester hours of study. The degree is designed for those individuals who seek to prepare themselves for ministry in the name of Jesus Christ, especially in pastoral settings (the traditional MDiv) or in institutional settings such as chaplaincy (the MDiv with the Pastoral Care concentration). Graduates usually serve as clergy or seek further academic degrees (such as the PhD).

### Rationale of the Curriculum for the Master of Divinity

Oakland City University Chapman Seminary is founded on the conviction that God has intervened in human history for the purpose of bringing salvation. The Bible is the divinely inspired record of that intervention, which culminates in the incarnation, death, and resurrection of Christ. It contains that knowledge of God and of His will which is necessary for salvation.

The course offerings in the Seminary aim toward the goal of a theological education which equips persons called of God to be able ministers of His Word, skillful both in searching the Scriptures for their meaning and also in communicating and applying revealed truth in a contemporary context. The curriculum is, therefore, constituted in three divisions: Biblical Studies, Historical-Theological Studies, and Ministry Theory and Practice Studies.

### Learning Outcomes for Master of Divinity Degree

Upon completion of the Master of Divinity degree, the successful graduate will:

1. Integrate Scripture and Christian tradition
2. Evaluate cultural context in ministry practice
3. Foster spiritual growth of self and others
4. Reflect moral integrity in life and ministry

5. Adapt skills for ministry performance
6. Demonstrate skills for leadership

### **Admission Requirements for the Master of Divinity Degree**

Requirements for unconditional admission to the Master of Divinity programs are as follows:

1. A formal application for admission submitted to the Admissions Office together with the application fee.
2. A baccalaureate degree from an accredited four-year college or university.
3. An overall undergraduate grade point average of 2.5 based on a 4.0 scale, or a 2.75 average in the undergraduate major field.
4. Two (2) letters of recommendation from persons qualified to judge aptitude and ability for graduate work; one recommendation may come from the faculty of the Chapman Seminary.
5. Submission of official transcripts of all undergraduate credits and any graduate credits earned.
6. A formal statement of reasons for applying, making clear the motivation for entering the Seminary.

### **Graduation Requirements for the Master of Divinity Degree**

The completion of ninety (90) semester hours as outlined below, with a minimum grade point average of "C" on a 4.0 scale, is necessary to receive the MDiv degree.

### **Transfer of Graduate Credit for the Master of Divinity Degree**

Up to forty-five (45) hours of graduate credit from another accredited university may be accepted if these hours meet the Chapman Seminary program requirements and are approved by the faculty and Dean of the Chapman Seminary, and the Provost. Graduate credit will not transfer if it is over seven years old. Any course with a grade below B- will not be transferred.

### **Advanced Standing**

Advanced Standing with or without credit is possible for those who enter the Seminary from the Chapman School of Religious Studies (undergraduate program). Entering students should inquire of their advisor of the exact details of the policy. Advanced Standing with credit always involves an examination as well as having passed the particular undergraduate class (or classes) with a grade of B or better.

### **Academic Probation**

## Master of Divinity Degree – Pastoral Care (90 Semester Hours)

Students who plan to serve as chaplains in hospitals or other institutions may choose to concentrate in the area of pastoral care. A Master of Divinity with a concentration in Pastoral Care is possible if the student is admitted to a residency program at an accredited institution. Deaconess Hospital, for example, is the local institution accredited by the Association for Clinical Pastoral Education. A residency is usually a twelve (12)-month placement in which a student takes four (4) units of Clinical Pastoral Education (CPE). These placements come with stipends. Openings are restricted, and successful acceptance is not guaranteed simply by having student status at the Chapman Seminary.

Additional information and applications for the program at Deaconess Hospital may be obtained at the following address: Deaconess Hospital, Religious Life Department, 600 Mary Street, Evansville, Indiana 47747.

The Chapman School will grant six (6) hours of credit for each unit of the residency. This residency may be taken in the last year of seminary studies.

It is customary for the student to have already taken the basic unit of CPE at Deaconess (numbered MDV 603M at OCU for six [6] hours).

The Master of Divinity Degree with a concentration in Pastoral Care has different core requirements from the Master of Divinity Degree that does not have a concentration.

### Schedule of Course Offerings

Core courses that are required for all Master students are offered on a two-year rotational basis. Every attempt is made to offer elective courses regularly, on the basis of student interest and need. ## School of Business

### About the School

Oakland City University's School of Business offers two graduate programs:

- Master of Business Administration
- Master of Science in Strategic Management

The School of Business has received specialized accreditation for its business programs through the International Accreditation Council for Business Education (IACBE), located at 11960 Quivira Road, Suite 300, Overland Park, Kansas.

Information pertaining to student learning and achievement in the business programs accredited by the IACBE can be obtained by visiting the Oakland City University website at

<https://www.oak.edu/about/accreditation/>.

The School of Business offers the Master of Business Administration and the Master of Science in Strategic Management online and in-seat through the Adult & Professional Studies program at the sites in Oakland City, Evansville, and at Toyota Motor Manufacturing.

### Faculty of School of Business

### Mission of School of Business

The mission of the School of Business is to create and sustain a learning community focused on preparing program graduates with the current knowledge and skills necessary to be successful in a business enterprise. This includes an emphasis on life-long learning, Christian based ethical and moral conduct, cultural diversity, community service, teamwork, and leadership.

### Objectives of School of Business

The School of Business has five (5) broad-based objectives focused on goals for student learning across the curriculum.

Broad-Based Student Learning Goals:
1. <b>Professional</b> – Graduates will demonstrate the ability to apply and synthesize the various concepts, theories, and practices in the functional areas of business in order to facilitate sound business decisions.
2. <b>Information Technology and Literacy</b> – Graduates will demonstrate the ability to access, use, and evaluate management information in business decision making.
3. <b>Disciplined Inquiry</b> – Graduates will demonstrate the ability to use quantitative and qualitative analytical and critical thinking skills to evaluate information, solve problems, and make sound decisions.
4. <b>Communication Skills</b> – Graduates will demonstrate the ability to communicate coherently and effectively using various methodologies.
5. <b>Ethics and Morality</b> – Graduates will demonstrate the knowledge and application of appropriate ethical and moral behavior in the workplace.

### Adult and Professional Studies Program

The School of Business provides courses and degree programs in a non-traditional accelerated format designed to meet the needs of working adults. The school has the following graduate programs offered at our off-campus centers: Master of Business Administration (MBA), and Master of Science in Strategic Management (MSSM). Both the MBA and MSSM are also offered fully online with each course being eight (8) weeks in length.

In addition to the main campus in Oakland City, the school has extension site personnel at a center in Evansville. Depending on the program, classes meet evenings or online. The professional development needs of employees of several Indiana businesses are being served with in-house courses, and programs.

The goals of the Adult and Professional Studies (APS) Program are:

- To provide flexible, relevant learning experiences and degree programs for the varied professional development needs of working adults and their employers.
- To enhance oral and written communication skills, strengthen problem-solving and critical-thinking skills, develop organizational leadership skills, and promote ethical human standards and values in adult students.
- To serve a leading role for the university in outreach to Indiana communities and citizens in need of further education and career enhancement.
- To support and strengthen leadership through a Christian viewpoint.

## Grading System

The School of Business graduate grading system consists of letter grades and grade points. Graduate students must earn a C or better in each course in the program.

Letter Grade	Grade Points Per Credit Hour	Description
<b>A</b>	4.0	Superior
<b>A-</b>	3.7	Excellent
<b>B+</b>	3.3	High Average
<b>B</b>	3.0	Average
<b>B-</b>	2.7	Low Average
<b>C+</b>	2.3	Below Average, Counting as Graduate Credit
<b>C</b>	2.0	Below Average, Counting as Graduate Credit
<b>F</b>	0.0	Failure
<b>I</b>		Incomplete
<b>WE</b>		Instructor Withdrawal – Excessive Absences
<b>WF</b>		Withdrawal Failing
<b>AU</b>		Audit
<b>W</b>		Withdrawal Official Approval

The university grading system consists of letter grades and grade points, as described below:

A student’s cumulative grade point average is determined by dividing the total number of grade points by the total number of course hours taken at Oakland City University. All A, B, C, D, F, WE and WF grades are included in a student’s grade point average. Grades of I, P, NC, W, WP, and AU are not included in this computation.

For more information on grades, see the [Academic Policies and Procedures](#) section of this catalog.

## Program Description and Goals

The graduate programs in the School of Business emphasize the planning, organizing, and controlling of a business, including organizational and human aspects, with emphasis on various theories of management, the knowledge and understanding necessary for managing people, business operational functions, and decision making. There are six (6) student learning goals for the Masters of Business Administration and Masters in Strategic Management degrees:

Student Learning Assessment for the MBA & MSSM
<b>Program Intended Student Learning Outcomes (Program ISLOs)</b>
1. Students will be able to evaluate Capsim results and construct a coherent, well researched report applying the major theories, concepts, and trends to organizational decision making.
2. Students will apply Christian concepts of ethical and moral behavior to make positive leadership decisions in support of the University’s focus on head, heart, and hands.

3. Students will be able to analyze and apply appropriate technological and quantitative methods to conduct data-driven analysis for recommending solutions to management problems.
4. Students will be able to create narrative and persuasive team presentations through research using technological visual aids to demonstrate workplace readiness.
5. Students will be able to model well-developed leadership skills for the effective implementation of problem solving and strategic planning.
6. Students will be able to demonstrate the capacity to manage organizational problems and issues from diverse perspectives.

## Master's Degree Programs

### Curriculum Overview

Master's programs cover aspects of modern business administration and management practice. The MBA program consists of thirty-three (33) credit hours with an optional concentration in Healthcare Management consisting of nine (9) credit hours. The MSSM program is designed for individuals with two (2) or more years of business/industry/career military experience. This degree includes thirty-three (33) credit hours with five (5) concentrations consisting of nine (9) credit hours in each concentration. The unifying aspect of the programs is a comprehensive business simulation capstone project to tie together and affirm the interrelated nature of the various learning experiences. This hands-on simulation activity ensures that students gain the ability to identify, analyze, and research the multiple facets of business management.

### 4+1 Plan for Bachelor's to Master's Degree

The School of Business offers an exclusive 4+1 program for OCU undergraduate students which allows them to earn both a BSBA/BAS and MBA/MSSM in as few as five years. This program allows students to receive credit for up to six (6) credits of pre-selected 400 level undergraduate business courses for credit towards their business graduate degree accelerating the completion time.

### Requirements and Procedures:

- Apply during the Fall semester of the Junior year; 3.0 GPA required.
- Upon admission to the 4+1 program, student's should schedule an appointment with the Director of Graduate Studies to enroll in MGT 438 (Leadership) and MGT 465 (Research Methods) which will count towards both the bachelors' and master's degrees.
- Graduate with a bachelor's degree.
- As a graduate business student, complete another twenty-seven (27) credit hours to earn the MBA or MSSM degree (33 credits total). This will include three semesters as a full-time graduate student at nine (9) credit hours each semester.

### Functional Development Areas

The functional areas provide a unique approach to the study of subject matter normally included in a master's degree in management. Courses are designed to focus student effort toward the consideration of

contemporary and future needs in four (4) managerial functional development areas: ideas, people, environments, and organizations.

Contemporary and emerging modes of thought are explored. Students are expected to develop competency in acquiring, assessing, and articulating ideas, judgments, and points of view.

Leadership, critical thinking, decision making, and teamwork skills relating to present and future organizational analysis and development are emphasized.

### Integration Area

While the vast array of elements and influences in the management process are segregated into comprehensible units for the convenience of study and investigation, successful managers must recognize and understand the interrelationships among many competing factors. Integration provides students with the means and structure to synthesize their learning experiences in an examination of current and emerging management issues.

### Evaluation of Student Progress

Research papers and/or case study papers are a requirement in all courses. These papers will focus on domestic or global issues, trends in business, application and theory related to the course subject matter. Serious scholarly activity is expected in these papers, as well as correct English usage and proper citations based on the current American Psychological Association (APA) format. The syllabus for each course details what is expected for the course and includes a rubric for evaluation of accomplished work.

### Graduate Course Formats

Adult and Professional Studies (APS) in-seat graduate classes are structured on an accelerated, hybrid format. Courses are 8-weeks in length meeting one night per week in-seat or via asynchronously online. Due to this accelerated format, only one class absence per course can be excused. Further absences must be pre-approved by the Dean of the School of Business or the Graduate Studies Director in the School of Business or the student will be dropped from the course.

All graduate courses online and in-seat use a Moodle support page where students have access through their OCU E-Learning Center accounts. Accessing this electronic resource for each class is a requirement of the program. Other electronic resources may be required, such as accessing the OCU library, internet sites, or required textbooks ancillaries.

### Business Graduate Transfer Credit

Graduate credit from another accredited university may be accepted by approval of the School of Business Graduate Review Committee. The Business Review Committee will only consider approving graduate transfer credit for courses on an official transcript reflecting a grade of a B- or better. Graduate courses older than seven (7) years old will not be accepted without Dean approval. All graduate transfer credit will be subject to review by the Graduate Committee. Graduate transfer credit is limited to three (3) credit hours, as a minimum of 30 credit hours must be completed with OCU courses.

## Admission Requirements

The School of Business Graduate Committee reviews all MBA and MSSM applications for acceptance into the program. The application, official transcripts and the professional resume are the minimum required documents for program acceptance.

Master of Business Administration (MBA) or Master of Science in Strategic Management (MSSM)

Students applying to the MBA or MSSM program in the School of Business must meet the following prerequisites:

1. Complete an OCU graduate application at <https://www.oak.edu/admissions-and-aid/admissions-application/apply-graduate-program>
2. Submit official transcripts as evidence of completing a bachelor's degree (minimum cumulative GPA of 3.0) from an accredited institution.
3. Submit a resume reflecting two (2) years of documented managerial, leadership or military experience. Include three (3) professional references with current contact information including addresses, phone and email.

Non-business undergraduate majors upon review of the School of Business Graduate Committee may be required to complete Peregrine Leveling courses to ensure a business background is reflected prior to beginning the coursework.

Students applying for the 4+1 program must complete the OCU graduate application form specifically for that program. Transcripts for these students are accessible internally and there is no resume required.

## Admission with Conditions

The School of Business may admit with conditions an applicant who does not meet general graduate program requirements.

Admission with conditions status will be removed after successfully completing their first six (6) graduate hours with a minimum overall GPA of 3.0 or above.

The School of Business reserves the right to dismiss a student not making satisfactory progress towards a degree at any payment period in which minimum academic standards are not met.

## Graduation Requirements

Meeting graduation requirements is each student's responsibility. Each student who is a candidate for a degree must meet the specific program requirements including an overall minimum grade point average of 2.7 on a 4.0 scale.

All students must apply for graduation when registering for courses in their last payment period. Apply for graduation online at <https://www.oak.edu/forms/graduation-application/>.

Complete program information, including locations, dates, fees, admissions criteria, and course and program descriptions can be obtained directly from the School of Business.

## School of Education

### About the School

Oakland City University has historically included an effective Educator Preparation Program. The School of Education at OCU has provided many teachers for schools in the local area, nationally, and internationally. In 1988, the Board of Trustees designated the School of Education as the official unit, responsible to the Indiana Department of Education (IDOE). Faculty members who instruct in early childhood education, elementary and secondary education, health and physical education, special education, curriculum and instruction, and education leadership are all voting members of the School of Education. Faculty members in specific content areas are consulted concerning decisions about secondary education issues. The School of Education is led by a Dean who reports to the University Provost.

### School of Education Team

Andrea Boyle, M.S. Ed., Lecturer in Elementary Education  
 Patti Buchta, M.A., Lecturer in Physical Education, Sports Administration, and History  
 Camy Davis, Ed. D., Professor of Education, Director of Student Teaching  
 Bob Hacker, Ed. D., Director of Educational Studies, Associate Professor of Education  
 Melissa Lute, PhD, Assistant Professor of Education  
 Matt Malin, M.A., Lecturer in Secondary Education  
 Cassidy McIntosh, SOE Administrative Assistant  
 Aared, Sampson, M.S., Lecturer in Physical Education, Sports Administration, and History  
 Kevin Smith, Ed.D., Interim Dean, Assistant Professor of Education  
 Stanley Wilm, M.S. Lecturer in Special Education

### Diversity in the School of Education

The School of Education (SOE) is committed to a core set of values that are reflected in a culture that promotes development of personal and professional integrity and engagement for the benefit of our society. As an academic community, the faculty and staff of the School of Education values:

- Diversity in all of its manifestations;
- Respect for the individual and deviating perspectives that challenge us;
- Collaboration; and
- Creativity in thought and action.

To further the mission of diversity in the School of Education, SOE has a primary goal that:

Encourages and supports an environment which presents, and values diversity defined in accordance with professional standards focused on educational best practices, as differences among groups of people and individuals based on ethnicity, race, socioeconomic status, gender, exceptionalities, language, religion, sexual orientation, and geographic area.

The SOE is dedicated to preparing educators who value diversity in all its forms, differentiate instruction to accommodate diverse student populations, and interact with others in a professional and ethical manner. The SOE utilizes multiple indicators on clinical evaluations, dispositions assessments, and alumni and employer surveys to evaluate performance related to diversity.

## Advanced Conceptual Framework

### OCU Mission Statement

Oakland City University is a Christian faith-based learning community dedicated to the enhancement of intellectual, spiritual, physical, and social development for positive leadership.

### OCU Vision Statement

To become a leading faith-based university that provides a Christian learning environment preparing students for service.

### School of Education Mission Statement

The School of Education promotes development of effective educators who master knowledge, skills, and dispositions which enable servant leaders to positively impact the next generation of learners.

### School of Education Advanced Program Outcomes

(Disposition) Educational leaders will demonstrate an awareness of legal and school district organizational management practices through the acquisition of concepts, information, definitions, and procedures.

(Knowledge) Educational leaders will demonstrate an understanding of system's organizational processes through the interpretation, integration, and utilization of content knowledge and professional leadership skills.

(Skills) Educational leaders will demonstrate the application of content knowledge and professional leadership skills to new or specific opportunities, challenges, or problems for positive collective impact.

### School of Education – Advanced Programs Conceptual Framework

The purpose of the Conceptual Framework as it relates to graduate studies in the School of Education (SOE) is to provide a foundation and organizational system through which candidates accomplish the SOE mission.

The OCU School of Education promotes development of effective educators who master knowledge, skills, and dispositions which enable servant leaders to positively impact the next generation of learners.

The School of Education for Advanced Programs has woven the following four (4) critical strands to formulate the Conceptual Framework: Indiana Department of Education (IDOE) Educator Content and Developmental Standards, National Educational Leadership Preparation (NELP) standards and Oakland City University's mission statement, from which the School of Education Program Outcomes was derived.

The School of Education for Advanced Programs Conceptual Framework was reviewed in 2000, 2007, 2011, 2014 and 2020 is reflected in the expectations of our graduates.

This Conceptual Framework has a strong focus and clarification of purpose and expectations for our graduates. Intentionally, it is aligned with the mission of the university and its foundational learning outcomes. The central concept in the Conceptual Framework's main statement embodies the development of servant leadership.

The SOE Conceptual Framework Components: Skills, Disposition, and Knowledge are in keeping with three (3) Program Outcomes to:

(Disposition) Educational leaders will demonstrate an awareness of legal and school district organizational management practices through the acquisition of concepts, information, definitions, and procedures.

(Knowledge) Educational leaders will demonstrate an understanding of systems organizational processes through the interpretation, integration, and utilization of content knowledge and professional leadership skills.

(Skills) Educational leaders will demonstrate the application of content knowledge and professional leadership skills to new or specific systems opportunities, challenges, or problems for positive collective impact.

These outcomes are aligned by the graduate programs through the professional standards which are embraced by SOE and are represented by Indiana Department of Education (IDOE) Educator Content and Developmental Standards:

- Culture of Achievement
- Organizational, Operational, and Resource Management
- Personal Behavior
- Building Relationships
- Human Capital Management
- Instructional Leadership

Next, the Conceptual Framework embraces the eight (8) standards espoused by the National Educational Leadership Preparation (NELP).

### **National Educational Leadership Preparation (NELP) Standards**

#### **Standard 1: Mission, Vision, And Improvement**

Candidates who successfully complete a district-level educational leadership preparation program understand and demonstrate the capacity to promote the current and future success and well-being of each student and adult by applying the knowledge, skills, and commitments necessary to collaboratively lead, design, and implement a district mission, vision, and process for continuous improvement that reflects a core set of values and priorities that include data use, technology, values, equity, diversity, digital citizenship, and community.

**Component 1.1** Program completers understand and demonstrate the capacity to collaboratively design, communicate, and evaluate a district mission and vision that reflects a core set of values and priorities that include data use, technology, values, equity, diversity, digital citizenship, and community.

**Component 1.2** Program completers understand and demonstrate the capacity to lead district strategic planning and continuous improvement processes that engage diverse stakeholders in data collection, diagnosis, design, implementation, and evaluation.

## Standard 2: Ethics and Professional Norms

Candidates who successfully complete a district-level educational leadership preparation program understand and demonstrate the capacity to promote the current and future success and well-being of each student and adult by applying the knowledge, skills, and commitments necessary to understand and demonstrate the capacity to advocate for ethical decisions and cultivate professional norms and culture.

**Component 2.1** Program completers understand and demonstrate the capacity to reflect on, communicate about, and cultivate professional dispositions and norms (i.e., equity, fairness, integrity, transparency, trust, collaboration, perseverance, reflection, lifelong learning, digital citizenship) and professional district and school cultures.

**Component 2.2** Program completers understand and demonstrate the capacity to evaluate and advocate for ethical and legal decisions.

**Component 2.3** Program completers understand and demonstrate the capacity to model ethical behavior in their personal conduct and relationships and to cultivate ethical behavior in others.

## Standard 3: Equity, Inclusiveness, and Cultural Responsiveness

Candidates who successfully complete a district-level educational leadership preparation program understand and demonstrate the capacity to promote the current and future success and well-being of each student and adult by applying the knowledge, skills, and commitments necessary to develop and maintain a supportive, equitable, culturally responsive, and inclusive district culture.

**Component 3.1** Program completers understand and demonstrate the capacity to evaluate, cultivate, and advocate for a supportive and inclusive district culture.

**Component 3.2** Program completers understand and demonstrate the capacity to evaluate, cultivate, and advocate for equitable access to safe and nurturing schools and the opportunities and resources, including instructional materials, technologies, classrooms, teachers, interventions, and adult relationships, necessary to support the success and well-being of each student.

**Component 3.3** Program completers understand and demonstrate the capacity to evaluate, advocate, and cultivate equitable, inclusive, and culturally responsive instructional and behavior support practices among teachers and staff.

## Standard 4: Learning and Instruction

Candidates who successfully complete a district-level educational leadership preparation program understand and demonstrate the capacity to promote the current and future success and well-being of each student and adult by applying the knowledge, skills, and commitments necessary to evaluate, design, cultivate, and implement coherent systems of curriculum, instruction, data systems, supports, assessment, and instructional leadership.

**Component 4.1** Program completers understand and can demonstrate the capacity to evaluate, design, and implement high-quality curricula, the use of technology, and other services and supports for academic and non-academic student programs.

**Component 4.2** Program completers understand and can demonstrate the capacity to collaboratively evaluate, design, and cultivate coherent systems of support, coaching, and professional development for educators, educational professionals, and school and district leaders, including themselves, that promote reflection, digital literacy, distributed leadership, data literacy, equity, improvement, and student success.

**Component 4.3** Program completers understand and can demonstrate the capacity to design, implement, and evaluate a developmentally appropriate, accessible, and culturally responsive system of assessments and data collection, management, and analysis that support instructional improvement, equity, student learning and well-being, and instructional leadership.

**Component 4.4** Program completers understand and demonstrate the capacity to design, implement, and evaluate district-wide use of coherent systems of curriculum, instruction, assessment, student services, technology, and instructional resources that support the needs of each student in the district.

#### Standard 5: Community and External Leadership

Candidates who successfully complete a district-level educational leadership preparation program understand and demonstrate the capacity to promote the current and future success and well-being of each student and adult by applying the knowledge, skills, and commitments necessary to understand and engage families, communities, and other constituents in the work of schools and the district and to advocate for district, student, and community needs.

**Component 5.1** Program completers understand and demonstrate the capacity to represent and support district schools in engaging diverse families in strengthening student learning in and out of school.

**Component 5.2** Program completers understand and demonstrate the capacity to understand, engage, and effectively collaborate and communicate with, through oral, written, and digital means, diverse families, community members, partners, and other constituencies to benefit learners, schools, and the district as a whole.

**Component 5.3** Program completers understand and demonstrate the capacity to communicate through oral, written, and digital means within the larger organizational, community, and political contexts and cultivate relationships with members of the business, civic, and policy community in support of their advocacy for district, school, student, and community needs.

#### Standard 6: Operations and Management

Candidates who successfully complete a district-level educational leadership preparation program understand and demonstrate the capacity to promote the current and future success and well-being of each student and adult by applying the knowledge, skills, and commitments necessary to develop, monitor, evaluate, and manage data-informed and equitable district systems for operations, resources, technology, and human capital management.

**Component 6.1** Program completers understand and demonstrate the capacity to develop, communicate, implement, and evaluate data-informed and equitable management, communication, technology, governance, and operation systems at the district level to support schools in realizing the district's mission and vision.

**Component 6.2** Program completers understand and demonstrate the capacity to develop, communicate, implement, and evaluate a data-based district resourcing plan and support schools in developing their school-level resourcing plans.

**Component 6.3** Program completers understand and demonstrate the capacity to develop, implement, and evaluate coordinated, data-informed systems for hiring, retaining, supervising, and developing school and district staff in order to support the district's collective instructional and leadership capacity.

#### Standard 7: Policy, Governance, and Advocacy

Candidates who successfully complete a district-level educational leadership preparation program understand and demonstrate the capacity to promote the present and future success and well-being of students and district personnel by applying the knowledge, skills, and commitments necessary to cultivate relationships, lead collaborative decision making and governance, and represent and advocate for district needs in broader policy conversations.

**Component 7.1** Program completers understand and demonstrate the capacity to represent the district, advocate for district needs, and cultivate a respectful and responsive relationship with the district's board of education focused on achieving the district's shared mission and vision.

**Component 7.2** Program completers understand and demonstrate the capacity to design, implement, cultivate, and evaluate effective and collaborative systems for district governance that engage multiple and diverse stakeholder groups, including school and district personnel, families, community stakeholders, and board members.

**Component 7.3** Program completers understand and demonstrate the capacity to evaluate, engage in decision making around, implement, and appropriately communicate about district, state, and national policy, laws, rules, and regulations.

**Component 7.4** Program completers understand the implications of larger cultural, social, economic, legal, and political interests, changes, and expectations and demonstrate the capacity to evaluate and represent district needs and priorities within larger policy conversations and advocate for district needs and priorities at the local, state, and national level.

#### Standard 8: Internship

Candidates successfully complete an internship under the supervision of knowledgeable, expert practitioners that engages candidates in multiple and diverse district settings and provides candidates with coherent, authentic, and sustained opportunities to synthesize and apply the knowledge and skills identified in NELP Standards 1–7 in ways that approximate the full range of responsibilities required of district-level leaders and enable them to promote the current and future success and well-being of each student and adult in their district.

**Component 8.1** Candidates are provided a variety of coherent, authentic, field, or clinical internship experiences within multiple district environments that afford opportunities to interact with stakeholders and synthesize and apply the content knowledge and develop and refine the professional skills articulated in each of the components included in NELP district-level program standards 1–7.

**Component 8.2** Candidates are provided a minimum of six months of concentrated (10–15 hours per week) internship or clinical experiences that include authentic leadership activities within a district setting.

**Component 8.3** Candidates are provided a mentor who has demonstrated effectiveness as an educational leader within a district setting; understands the specific district context; is present for a significant portion of the internship; is selected collaboratively by the intern, a representative of the district, and program faculty; and is provided with training by the supervising institution.

## Initial Conceptual Framework

### Targeted Standards of Course Learning

The following mission statements and attached document, Standards for Reference, are to be applied in the teaching of the course as appropriate to the school and degree program enrolled in taking the course.

### OCU Mission Statement

Oakland City University is a Christian faith-based learning community dedicated to the enhancement of intellectual, spiritual, physical, and social development for positive leadership.

### OCU Vision Statement

To become a leading faith-based university that provides a Christian learning environment preparing students for service.

### School of Education Mission Statement

The School of Education promotes development of effective educators who master knowledge, skills, and dispositions which enable servant leaders to positively impact the next generation of learners.

### School of Education – Initial Program Learning Outcomes

Teacher candidates will demonstrate a deep knowledge of content that assist learners to access information, apply knowledge to real world settings, and address meaningful issues to assure learner mastery of content. (Content Knowledge)

Teacher candidates will demonstrate an understanding and integration of assessment, planning, and instructional strategies in coordinated ways to engage diverse learners. (Instructional Practice)

Teacher candidates will demonstrate high expectations for each learner and implement developmentally appropriate, challenging learning experiences within a variety of learning environments that help all learners meet high standards and reach their full potential. (Learner and Learning)

Teacher candidates will demonstrate leadership by modeling ethical behavior, contributing to positive changes in practice, and advancing their profession. (Professional Responsibility)

### School of Education – Initial Programs Conceptual Framework

The purpose of the Conceptual Framework as it relates to graduate studies in the School of Education (SOE) is to provide a foundation and organizational system through which candidates accomplish the primary objective of the program.

The OCU School of Education promotes development of effective educators who master knowledge, skills, and dispositions which enable servant leaders to positively impact the next generation of learners. The learning outcomes that flow out of the primary objective are to develop a student that:

The School of Education for Initial Programs has woven the following four (4) critical strands to formulate the Conceptual Framework: Indiana Department of Education (IDOE) Indiana Developmental Standards for Educators – School Setting Developmental Standards, Standards Interstate New Teacher Assessment and Support Consortium (InTASC), National Institution for Excellence in Teaching (NIET) and Oakland City University’s mission statement, from which the School of Education mission statement and Program Outcomes was derived.

The School of Education for Initial Programs’ Conceptual Framework was revised in 2007, 2011, 2014 and 2019 and is reflected in the expectations of our graduates.

### [Standards Interstate New Teacher Assessment and Support Consortium \(InTASC\)](#)

#### The Learner and Learning

**Standard #1:**

Learner Development. The teacher understands how learners grow and develop, recognizing that patterns of learning and development vary individually within and across the cognitive, linguistic, social, emotional, and physical areas, and designs and implements developmentally appropriate and challenging learning experiences.

**Standard #2:**

Learning Differences. The teacher uses understanding of individual differences and diverse cultures and communities to ensure inclusive learning environments that enable each learner to meet high standards.

**Standard #3:**

Learning Environments. The teacher works with others to create environments that support individual and collaborative learning, and that encourage positive social interaction, active engagement in learning, and self-motivation.

#### Content

**Standard #4:**

**Content Knowledge.** The teacher understands the central concepts, tools of inquiry, and structures of the discipline(s) he or she teaches and creates learning experiences that make the discipline accessible and meaningful for learners to assure mastery of the content.

**Standard #5:**

Application of Content. The teacher understands how to connect concepts and use differing perspectives to engage learners in critical thinking, creativity, and collaborative problem solving related to authentic local and global issues.

Instructional Practice

**Standard #6:**

Assessment. The teacher understands and uses multiple methods of assessment to engage learners in their own growth, to monitor learner progress, and to guide the teacher's and learner's decision making.

**Standard #7:**

Planning for Instruction. The teacher plans instruction that supports every student in meeting rigorous learning goals by drawing upon knowledge of content areas, curriculum, cross-disciplinary skills, and pedagogy, as well as knowledge of learners and the community context.

**Standard #8:**

Instructional Strategies. The teacher understands and uses a variety of instructional strategies to encourage learners to develop deep understanding of content areas and their connections, and to build skills to apply knowledge in meaningful ways.

Professional Responsibility

**Standard #9:**

Professional Learning and Ethical Practice. The teacher engages in ongoing professional learning and uses evidence to continually evaluate his/her practice, particularly the effects of his/her choices and actions on others (learners, families, other professionals, and the community), and adapts practice to meet the needs of each learner.

**Standard #10:**

Leadership and Collaboration. The teacher seeks appropriate leadership roles and opportunities to take responsibility for student learning, to collaborate with learners, families, colleagues, other school professionals, and community members to ensure learner growth, and to advance the profession.

Faculty who hold rank are voting members of the School of Education Faculty Graduate Council. All policies and program development are presented, discussed and approved by voting faculty members of the School of Education at monthly council meetings. Faculty members in a specific content area are consulted concerning decisions about program development. The Director is responsible for the program development and recruitment for the Graduate Programs and positions are appointed by the Provost and Dean. The Dean is responsible for the advancement of the initial and advanced education program and is appointed by the Provost. The School of Education Dean, is the officially designated person for the design, approval, evaluation, and continuous development of education programs at Oakland City University. The School of Education has developed a Quality Assessment System (QAS) in collaboration with its School of Education Advisory Council to facilitate candidate and program evaluation, development, and continuous improvement.

The QAS aligns SPA assessments, dispositions assessments (audits), and program checkpoints with the conceptual framework and National Education Leadership Preparation (NELP) standards.

## Certificate Earning Programs

### Transition to Teaching (T2T):

The Transition to Teaching (T2T) program assists individuals who have earned a bachelor's degree and are seeking licensure. Oakland City University offers the following T2T options:

- Elementary Education (K-6)
- Secondary Education (7-12)
- Special Education (PreK-12)

### Admission Requirements

#### *Indiana Requirements*

#### **1. Students are required to fulfill the following requirements prior to admission:**

##### **Elementary Education Requirements (K-6):**

- Baccalaureate degree from an accredited postsecondary educational institution with a grade point average of at least 3.0 on a 4.0-point scale; **or**
- Both a baccalaureate degree from an accredited postsecondary educational institution with a grade point average of at least 2.50 on a 4.0-point scale, and five (5) years of professional experience; **or**
- Both a baccalaureate degree from an accredited postsecondary educational institution, and proof of passing state approved content area examination(s) in the subject area.

##### **Secondary Education Requirements (5-12)**

- Baccalaureate degree from an accredited postsecondary educational institution with a grade point average of at least 3.0 on a 4.0-point scale and the degree corresponds to the subject content area in which the applicant seeks to be licensed; **or**
- Graduate degree from an accredited postsecondary educational institution in the subject area or related field in which the person wants to teach; **or**
- Both a baccalaureate degree from an accredited postsecondary educational institution with a grade point average of at least 2.50 on a 4.0-point scale and the degree corresponds to the subject content area in which the applicant seeks to be licensed, and five (5) years of professional experience; **or**
- Both a baccalaureate degree from an accredited postsecondary educational institution, and proof of passing state approved content area examination(s) in the subject area.

**Special Education Requirements (K-12)**

- Baccalaureate degree from an accredited postsecondary educational institution with a grade point average of at least 3.0 on a 4.0-point scale; **or**
- Both a baccalaureate degree from an accredited postsecondary educational institution with a grade point average of at least 2.50 on a 4.0-point scale, and five (5) years of professional experience; **or**
- Both a baccalaureate degree from an accredited postsecondary educational institution, and proof of passing state approved content area examination(s) in the subject area.

Oakland City University Admission Requirements for T2T:

1. OCU Graduate Application
2. Concentration Declaration
3. Current resume
4. Official transcript(s) from all undergraduate and graduate institutions of study
5. Criminal Background check (OCU will provide this)

*License Requirements*

1. Under the current licensing rules, REPA/REPA3, a pedagogy/developmental exam is required for all individuals that are applying for their first initial practitioner instructional license in addition to any required content exams. The pedagogy exams cover the strategies of teaching such as Methodology, Classroom Management, Student Development and Diversity, Learning Processes, Learning Environment, Instructional Planning, Assessments, and the Professional Environment as a teacher at the respective developmental levels. These are topics that are covered in a teacher preparation program. Candidates must pass Praxis Content tests AND the developmental (pedagogy) area assessment that matches the grade level for which they plan to teach. These can be taken during or after the teaching field experience (internship).

License Content Area	Praxis® Test Code	Praxis® Test Name	Cut Score
Elementary Education	5622	Principles of Learning and Teaching: Grades K-6	160
Secondary Education	5624	Principles of Learning and Teaching: Grades 7-12	157
All Grade	5625	Principles of Learning and Teaching: PreK-12	157

2. Pass the **Praxis® Content Area Tests**  
Go to <https://www.doe.in.gov/sites/default/files/licensing/special-praxis-transitions-2192021.pdf> for a listing of the **Praxis® Content Area Tests**

3. Certification CPR-Heimlich Maneuver training. Go to <https://www.in.gov/doi/> for a list of centers for training and certification.
4. Complete suicide prevention training. Go to <https://www.in.gov/doi/> for a list of centers for training and certification.

## Non-Degree, Licensure Programs

### Building Level Administration (BLA)

Building Level Administrator Licensure Only is designed for applicants who have completed a traditional master's degree in a teaching field, who are seeking advanced study and administrative licensure. It is designed to be an induction model for new principals and a continuing professional education model for experienced educators who seek additional skills, dispositions, and knowledge outside their content area. Candidates are expected to have a background in research in their Master's program. Transcripts will be evaluated to determine admission. If a deficiency is identified, the student will have to take additional coursework beyond the coursework listed below.

## Master's Degree Programs

The School of Education graduate programs are designed and delivered in a format consistent with the meeting of the following:

- Interstate Teacher Assessment and Support Consortium (InTASC) principles adopted by the Indiana Department of Education (IDOE)
- National Board for Professional Teaching Standards (NBPTS) propositions
- The redesign of Indiana’s licensure patterns based on developmental (pedagogy) and content areas using performance-based assessment

The master’s degree programs were designed to accomplish the following: (1) provide a catalyst for current educators to obtain continued professional development; (2) provide experienced educators with an opportunity to change careers within the field of education by providing educational opportunities that allow them to demonstrate competency as a building level administrator at one or more developmental levels; and (3) it provides an opportunity for already licensed educators to develop additional skills, knowledge and disposition.

The thrust of the graduate programs is performance based. It provides an intensive, integrated curriculum that requires all graduate students to complete self-assessment, to design and evaluate curriculum from a field research base, and to report their findings for publication. OCU’s research has determined that this approach meets the needs of its constituents as it provides professional growth in (a) communicating with others, (b) assisting restructuring and reforming current instructional practices in the schools, (c) developing leadership skills necessary in working with students, parents/caregivers, and community leaders, and (d) providing hands-on opportunities for educators to conduct research and to assess the value of identified pedagogical strategies—multiple intelligences, learning styles, integrated instruction, peer mentoring, etc.

The master’s degree programs offer candidates preparation in educational leadership with the following degrees:

- Master of Arts in Teaching (MAT)
  - Elementary Education
  - Secondary Education
  - Special Education
- Master of Science in Education (M.S. Ed.)
  - Building Level Administration
  - Curriculum and Instruction
  - School Counseling

### Master’s Programs Learning Outcomes

The School of Education graduate programs are designed and delivered in a format consistent with the meeting the standards based on the Indiana Department of Education (IDOE): Office of Educator Effectiveness and Licensure (OEEL) adoption of the Interstate Teacher Assessment and Support Consortium (InTASC) principles, National Board for Professional Teaching Standards (NBPTS) propositions, and, and the redesign of Indiana’s licensure patterns based on developmental (pedagogy) and content areas using performance-based assessment.

While the standards represent the needs and objectives for educator preparation for the state of Indiana, one should not expect any set of standards to exhaustively address all the educationally important issues.

Consequently, program faculty members are equally committed to achieving educational objectives that go beyond these standards and fulfill the missions of Oakland City University and the School of Education.

The primary objective of the Master's program is to advance the knowledge and skills necessary for the success of those who will serve in leadership positions as conveyors and facilitators in the educational process. A candidate in the Master's program at Oakland City University will be considered an educational leader.

Program Learning Outcomes MAT/T2T

### **Elementary Education**

Elementary teacher candidates will demonstrate a deep knowledge of elementary generalist content that assist learners to access information, apply knowledge to real world settings, and address meaningful issues to assure learner mastery of content. (Content Knowledge)

Elementary teacher candidates will demonstrate an understanding and integration of assessment, planning, and instructional strategies in coordinated ways to engage diverse elementary age learners. (Instructional Practice)

Elementary teacher candidates will demonstrate high expectations for each elementary learner and implement developmentally appropriate, challenging learning experiences within a variety of learning environments that help all learners meet high standards and reach their full potential. (Learner and Learning)

Elementary teacher candidates will demonstrate leadership by modeling ethical behavior, contributing to positive changes in practice, and advancing their profession. (Professional Responsibility)

### **Secondary Education**

Secondary education teacher candidates will demonstrate a deep knowledge of disciplinary content that assist learners to access information, apply knowledge to real world settings, and address meaningful issues to assure learner mastery of content. (Content Knowledge)

Secondary education teacher candidates will demonstrate an understanding and integration of disciplinary-specific assessment, planning, and instructional strategies in coordinated ways to engage diverse middle and high school learners. (Instructional Practice)

Secondary education teacher candidates will demonstrate high expectations for each middle and high school learner and implement developmentally appropriate, challenging learning experiences within a variety of learning environments that help all learners meet high standards and reach their full potential. (Learner and Learning)

Secondary education teacher candidates will demonstrate leadership by modeling ethical behavior, contributing to positive changes in practice, and advancing their profession. (Professional Responsibility)

## **Special Education**

Special education teacher candidates will demonstrate a deep knowledge of content that assist learners with specific disabilities to access information, apply knowledge to real world settings, and address meaningful issues to assure learner mastery of content. (Content Knowledge)

Special education teacher candidates will demonstrate an understanding and integration of assessment, planning, and instructional strategies in coordinated ways to engage diverse learners with disabilities. (Instructional Practice)

Special education teacher candidates will demonstrate high expectations for each learner with disabilities and implement developmentally appropriate, challenging learning experiences within a variety of learning environments that help learners meet high standards and reach their full potential. ### *Program Learning Outcomes MSED (BLA)*

#### **Master of Science in Education: Building Level Administration**

Building level educational leaders will demonstrate an awareness of legal and ethical school level organizational management practices through the acquisition of concepts, information, definitions, and procedures.

Building level educational leaders will demonstrate an understanding of school level organizational process through the interpretation, integration, and utilization of knowledge and skills.

Building level educational leaders will demonstrate the application of knowledge and skills to new or specific school level opportunities, challenges or problems for positive collective impact.

### *Program Learning Outcomes MSED (C&I and SC)*

Educational leaders will demonstrate an awareness of legal and ethical organizational management practices through the acquisition of concepts, information, definitions, and procedures.

Educational leaders will demonstrate an understanding of organizational process through the interpretation, integration, and utilization of knowledge and skills.

Educational leaders will demonstrate the application of knowledge and skills to new or specific opportunities, challenges or problems for positive collective impact.

### *Master's Program Delivery*

The curriculum for all master's level programs is designed to be completed within three (3) to four (4) terms depending on the program of study.

During the fall and spring terms, each graduate student takes six (6) to nine (9) hours of credit online with arranged virtual meetings with faculty and/or other students.

During the summer term, students take up to twelve (12) hours of graduate credit depending on the program of study. Summer terms are structured into two seven (7), or eight (8) week sections.

### **Master of Arts in Teaching: Elementary, Secondary Education and Special Education**

The Master of Arts in Teaching (MAT) is offered to those with a bachelor's degree in a content area and are looking to acquire a master's degree and licensure in that content area.

With successful completion of coursework and passing scores on both State required content and pedagogy tests, the licensing process can begin. The State also requires a valid CPR card and suicide prevention training certification be uploaded to the licensing account.

#### Admission Requirements

##### *Indiana Requirements*

1. Students are required to fulfill the following requirements prior to admission:

##### **Elementary Education Requirements (K-6):**

- Baccalaureate degree from an accredited postsecondary educational institution with a grade point average of at least 3.0 on a 4.0-point scale; **or**
- Both a baccalaureate degree from an accredited postsecondary educational institution with a grade point average of at least 2.50 on a 4.0-point scale, and five (5) years of professional experience; **or**
- Both a baccalaureate degree from an accredited postsecondary educational institution, and proof of passing state approved content area examination(s) in the subject area.

##### **Secondary Education Requirements (7-12)**

- Baccalaureate degree from an accredited postsecondary educational institution with a grade point average of at least 3.0 on a 4.0-point scale and the degree corresponds to the subject content area in which the applicant seeks to be licensed; **or**
- Graduate degree from an accredited postsecondary educational institution in the subject area or related field in which the person wants to teach; **or**
- Both a baccalaureate degree from an accredited postsecondary educational institution with a grade point average of at least 2.50 on a 4.0-point scale and the degree corresponds to the subject content area in which the applicant seeks to be licensed, and five (5) years of professional experience; **or**
- Both a baccalaureate degree from an accredited postsecondary educational institution, and proof of passing state approved content area examination(s) in the subject area.

### Special Education Requirements (PreK-12)

- Baccalaureate degree from an accredited postsecondary educational institution with a grade point average of at least 3.0 on a 4.0-point scale; **or**
- Both a baccalaureate degree from an accredited postsecondary educational institution with a grade point average of at least 2.50 on a 4.0-point scale, and five (5) years of professional experience; **or**
- Both a baccalaureate degree from an accredited postsecondary educational institution, and proof of passing state approved content area examination(s) in the subject area.

### Admission Requirements for MAT

1. OCU Graduate Application
2. Concentration Declaration
3. Current resume
4. Official transcript(s) from all undergraduate and graduate institutions of study
5. Background check (OCU will provide this)
6. Two (2) character references from persons able to attest to the candidate's suitability as a prospective graduate student
7. Writing sample reflecting personal goals with the objectives of the MAT program as reflected in the OCU Mission Statement

### Licensure Requirements

Under the current licensing rules, REPA/REPA3, a pedagogy/developmental exam is required for all individuals that are applying for their first initial practitioner instructional license in addition to any required content exams. The pedagogy exams cover the strategies of teaching such as Methodology, Classroom Management, Student Development and Diversity, Learning Processes, Learning Environment, Instructional Planning, Assessments and the Professional Environment as a teacher at the respective developmental levels. These are topics that are covered in a teacher preparation program. Candidates must pass Praxis Content tests AND the developmental (pedagogy) area assessment that matches the grade level for which they plan to teach. These can be taken during or after the teaching field experience (internship).

License Content Area	Praxis® Test Code	Praxis® Test Name	Cut Score
Elementary Education	5622	Principles of Learning and Teaching: Grades K-6	160
Secondary Education	5624	Principles of Learning and Teaching: Grades 7-12	157
All Grade	5625	Principles of Learning and Teaching: PreK-12	157

5. Pass the **Praxis® Content Area Tests**  
Go to <https://www.doe.in.gov/sites/default/files/licensing/special-praxis-transitions-2192021.pdf> for a listing of the **Praxis® Content Area Tests**
6. Certification CPR-Heimlich Maneuver training. Go to <https://www.doe.in.gov/licensing/i-am> for a list of centers for training and certification.
7. Complete suicide prevention training. Go to <https://www.doe.in.gov/licensing/i-am> for a list of centers for training and certification.

**Master of Science in Education—School Counseling**

The 48-credit curriculum Master of Science in Education – School Counseling include a range of required courses on relevant, critical topics identified in the CACREP Standards for School Counselors. This program applies Indiana's Rules for Educator Preparation and Accountability (REPA 3) standards, IDOE – School Counselor Standards, and ASCA Standards to prepare candidates to pass Indiana's Praxis School Counseling Test. Additionally, this program will prepare candidates to pass the National Counselor Exam (NCE). The clinical experience will include two (2) internship courses totaling 700 hours of supervised internship experience to prepare graduates to gain practical knowledge and to gain an advanced K-12 license in school counseling. For the Master's Thesis, school counseling candidates will research, create, and deliver special programs or curriculum on topics that can make an impact.

## Master's Thesis

The Master of Arts in Teaching and Master of Science in Education programs require sustained work on a thesis and culminating with an oral presentation at the end of the program. The courses for the Master's Thesis include Master's Thesis I (EDUC 630) and Master's Thesis II (EDUC 631).

If the master's thesis is not completed at the end of EDUC 631, students will be required to register for EDUC 632 (Thesis Continuation, 1 credit hour) each term until they complete their thesis. Should a student drop out of the master's degree program, to be reinstated, a student will need to reapply by submitting a new graduate application, declaration, and register for EDUC 632 every term (Spring and Fall) since they last took EDUC 631.

The problem to be examined for the Master's Thesis requires research, analysis, and conclusions or outcomes. This process involves choosing a problem to examine, thoroughly researching the problem, designing a specific plan of action, and analyzing the data collected. The Thesis highlights many of the skills and concepts gained from the Master's level coursework.

### *Purposes of The Master's Thesis*

The Master's Thesis allows students to follow an education problem from recognition through providing recommendations for its solution. Students learn a method of approaching curriculum/educational problems and conducting research to address these problems. Specifically, students will learn to:

- Emphasize the value of qualitative and quantitative research in the classroom or school;
- Improve skills in recognizing, stating, and solving problems objectively;
- Improve skills in formulating realistic and measurable research objectives;
- Improve writing and oral presentation skills;
- Improve skills in the utilization of technology for communication; and
- Create a positive change in the classroom or school community for which the study is designed.

### *Master's Thesis Design*

The Master's Thesis requires students to prepare, research, write, and present a research study to satisfy the requirements for the Master's level programs. The qualitative research approach involves trying to solve an actual classroom or school-oriented problem. The qualitative method involves gathering data that describes events and then organizes, tabulates, depicts, and describes the data collection. The quantitative research approach is more aligned with scientific research to prove or disprove a theoretical concept in the field of education through statistical analysis. In both approaches, students use theory, research, literature review, hypotheses, and conclusions to examine a problem in a school setting.

### *Master's Thesis Requirements*

The format of the Master's Thesis directs students to look at an actual problem or educational phenomenon in an educational environment. Some general requirements are:

- Both research design approaches (qualitative and quantitative) of the Master's Thesis are organized to make a positive, realistic impact upon the classroom or school community within which it is conducted

- A minimum of three (3) weeks of research data collection will be spent on the Master's Thesis during the course of study
- Copies of all educational materials developed to complete the Master's Thesis must be submitted as a part of the research. This is to be included in an appropriate Appendix of the Research. For example, if new curriculum or a training manual was developed, it must be included in the Master's Thesis Appendix

### *Master's Thesis Approach Overview*

*Quantitative Approach – Applied Design Intervention*

*Qualitative Approach – Descriptive Research*

In both approaches to the Master's Thesis, topics are selected in the second week of Master's Thesis I (EDUC 630). The topic must represent an educational problem encountered in the classroom or in the school community as a broader entity. The proposed solution should reflect the most productive way to attack the problem, rather than a preconceived solution. Once selected, a topic must be pursued to its conclusion. A study partially completed is not acceptable.

Institutional Review Board: If the proposed Master's Thesis proposal calls for research using human subjects (including survey research) the advisor and student must submit an IRB application for any research for approval.

## **Doctorate Programs**

Education Specialist

- Superintendency
- Curriculum and Instruction

Doctor of Education in Education

- Superintendency
- Curriculum and Instruction
- Organizational Management

Oakland City University's Education Specialist and Doctor of Education in Education programs are designed to meet the needs of leaders who are designated as decision makers related to both personnel and policy, and who are already employed in leadership and administrative roles.

The Education Specialist (Ed. S.) is a specialized professional degree that requires students to engage in a rigorous process of research, inquiry, application, and site-based practice. The degree also requires the successful completion of leadership coursework, an extensive internship involving an action research project, a cultural diversity project, and a capstone paper/project.

The Doctor of Education (Ed. D.) is a research degree that requires candidates to engage in a rigorous process of research, inquiry, and site-based practice that not only includes the dissertation but also an extensive internship that includes an action research project as well as a cultural diversity project.

In order for the educational and business community to be effective in both the world of today and tomorrow from a local and global perspective, it must employ highly equipped leaders who are well prepared to deal with problems facing organizations, schools, and society. These programs look leadership within the context of organizational renewal. Such leadership focuses on common values among professionals within an organization, a vision of what the organization ought to be, and the pursuit of higher order institutional and personal goals. The ultimate purpose of leadership is to serve those that are led.

### Program Objectives and Learning Outcomes

The primary objective of the Oakland City University Education Specialist and Doctor of Education in Leadership programs is to advance the knowledge and skills of those serving in leadership positions in the educational and business community. A candidate in the Education Specialist or Doctor of Education in Leadership program at Oakland City University will be considered a leader when they posit an educational leader in the following manner:

#### *Program Learning Outcomes Ed. D. (Superintendency, C & I, and OM)*

##### **Doctor of Education: District Level Administrator**

District level educational leaders will demonstrate an awareness of legal and ethical district organizational management practices through the acquisition of concepts, information, definitions, and procedures.

District level educational leaders will demonstrate an understanding of district level organizational process through the interpretation, integration, and utilization of knowledge and skills.

District level educational leaders will demonstrate the application of knowledge and skills to new or specific district level opportunities, challenges or problems for positive collective impact.

##### **Doctor of Education and Education Specialist: Curriculum and Instruction**

Curriculum and instruction focused educational leaders will demonstrate an awareness of legal and ethical teaching and learning management practices through the acquisition of concepts, information, definitions, and procedures.

Curriculum and instruction focused educational leaders will demonstrate an understanding of teaching and learning processes through the interpretation, integration, and utilization of knowledge and skills.

Curriculum and instruction focused educational leaders will demonstrate the application of knowledge and skills to new or specific teaching and learning opportunities, challenges or problems for positive collective impact.

##### **Doctor of Education: Organizational Management**

Organizational management level leaders will demonstrate an awareness of legal and ethical organizational practices through the acquisition of concepts, information, definitions, and procedures.

Organizational management level leaders will demonstrate an understanding of effective organizational process through the interpretation, integration, and utilization of knowledge and skills.

Organizational management level leaders will demonstrate the application of knowledge and skills to new or specific organizational opportunities, challenges or problems for positive collective impact.

### Educational Specialist: Superintendency and Curriculum/Instruction (Certification of Advanced Studies)

The Educational Specialist (Ed. S.) is a specialized professional degree that requires students to engage in a rigorous process of research, inquiry, application, and site-based practice. The degree also requires the successful completion of leadership coursework, an extensive internship, involving an action research project, a cultural diversity project, and a portfolio.

The Education Specialist (Ed. S.) is a minimum of thirty-six (36) credit hours, excluding a required thirty (30) credit hour master's degree. The program is designed to be completed over four (4) terms if all coursework is successfully finished. Courses during the fall and spring terms are held online using Moodle. During the summer, courses are completed within two (2) weeks.

#### *Program Learning Outcomes Ed. S. (Superintendency, C & I, and OM)*

##### **Education Specialist: Superintendency**

Superintendent level educational leaders will demonstrate an awareness of legal and school district organizational management practices through the acquisition of concepts, information, definitions, and procedures.

Superintendent level educational leaders will demonstrate an understanding of systems organizational processes through the interpretation, integration, and utilization of knowledge and skills.

Superintendent level educational leaders will demonstrate the application of knowledge and skills to new or specific systems opportunities, challenges or problems for positive collective impact.

##### **Education Specialist: Curriculum and Instruction**

Curriculum and instruction focused educational leaders will demonstrate an awareness of legal and ethical teaching and learning management practices through the acquisition of concepts, information, definitions, and procedures.

Curriculum and instruction focused educational leaders will demonstrate an understanding of teaching and learning processes through the interpretation, integration, and utilization of knowledge and skills.

Curriculum and instruction focused educational leaders will demonstrate the application of knowledge and skills to new or specific teaching and learning opportunities, challenges or problems for positive collective impact.

#### **Admission to the Education Specialist Program**

The admission process for the Education Specialist degree is designed to admit the highest quality professional educators and business leaders who desire to contribute to their respective fields of work. Applicants to the Education Specialist program must submit a comprehensive admission portfolio, including both qualitative and quantitative measures, which is used to assess personal characteristics, academic skills, communication skills, and leadership ability. Acceptance into the program is by cohort with one cohort group admitted each year.

The comprehensive admission portfolio must contain the following items:

1. Completed Graduate Application Form.

2. Documentation and description of a record of a minimum of two (2) years of successful administrative experience in education, or management.
3. A letter of reference from a supervisor or other person familiar with the applicant's academic ability and professional performance (specific examples of leadership ability and problem-solving skills should be cited).
4. An essay that reconciles personal goals with the objectives of the Ed. S. program as reflected in the OCU Mission Statement and School of Education Conceptual Framework or writing sample.
5. A complete resume that includes work experience, educational background, professional experience, professional activities, honors received, professional publications or presentations, community service, and other relevant information relating to the applicant's leadership background.
6. Official transcripts from all graduate institutions of study.

The Doctor of Education (Ed. D.) is a professional terminal degree that requires students to engage in a rigorous process of research, inquiry, and site-based practice that not only includes the dissertation but also an extensive internship that includes an action research project as well as a cultural diversity project. There are three (3) options within the degree program, with the student selecting one specific area in which to specialize. These areas are:

- Option 1      Superintendency
- Option 2      Curriculum & Instruction
- Option 3      Organizational Management

The doctoral program is a minimum of fifty-four (54) credit hours. Additional credit may be given for other graduate level work. Approval of the Graduate Council is required for exceptions to this policy.

**\*Key Assessment Course***Doctorate Programming Guidance*

- All Applicable Pre-Requisites Must Be Met
- An OnLine Format Will Be Utilized
- A Minimum of 24 Doctoral Credit Hours, as well as the LDR750 and LDR751 Internships Must Be Successfully Completed Prior to Enrollment In LDR745.
- Once The Student Enters The Dissertation Phase (Following Completion of LDR812) They Must Maintain Continuous Enrollment (Fall, Spring, Summer Semesters/Terms) Until All Degree Requirements Are Met
- Beginning With The LDR812 Course, Students Must Be Approved To Move To The Next Phase (Dissertation) of the Program By The School of Education (Dissertation Committee and Dean). Students Must Have This Approval Before Move Between LDR812, LDR821, LDR822 and LDR840.
  - A Student Not Approved To Move To The Next Phase Of The Dissertation Process Must Retake The Respective Course During The Succeeding Semester/Term.
- Full Semester Courses are: LDR750, LDR751, LDR821, LDR822, and LDR840 (Defense). All Other Courses Are 8 – Weeks in Length.
- The Degree Program Must Be Completed Within 5 – Years.
- A Maximum of 50% of a Post-Graduate and Doctoral Degree May Be Transferred and Allowed.
- An Application For Graduation Must Be Submitted During the Last Semester of An Individual's Anticipated Study and Dissertation Completion.
- A Sustained GPA of 3.0 is Necessary.

*The Dissertation Phase*

The Dissertation Phase focuses on the dissertation completion process.

### Dissertation Phase Guidance

- LDR812 must be the final course taken before enrolling in the dissertation phase courses.
- Once the student enters the dissertation phase (following completion of LDR812) they must maintain continuous enrollment (fall, spring, summer semesters/terms) until all degree requirements are met.
  - Reference the course continuation policy contained in the academic catalog for further details.
- Ed D. Students may enroll in LDR812, LDR821, and LDR822 a maximum of two times. Extensions may be granted for extenuating and/or exceptional situations by approval of the School of Education Dean.
- The following courses will use a pass/no-pass grading strategy: LDR812, LDR821, LDR822, and LDR840.

### Admission to the Doctor of Education Program

The admission process for the Doctor of Education degree is designed to admit the highest quality professional educators and business leaders who desire to contribute to their respective fields of work. Applicants to the doctorate program must submit a comprehensive admission portfolio, including both qualitative and quantitative measures, which is used to assess personal characteristics, academic skills, communication skills, and leadership ability. Acceptance into the program is by cohort with one cohort group admitted each year.

The comprehensive admission portfolio must contain the following items:

1. Completed Graduate Application Form.
2. Documentation and description of a record of a minimum of two (2) years of successful administrative experience in education, or management.
3. A letter of reference from a supervisor or other person familiar with the applicant's academic ability and professional performance (specific examples of leadership ability and problem-solving skills should be cited).
4. An essay that reconciles personal goals with the objectives of the Ed. S. program as reflected in the OCU Mission Statement and School of Education Conceptual Framework or writing sample.
5. A complete resume that includes work experience, educational background, professional experience, professional activities, honors received, professional publications or presentations,

community service, and other relevant information relating to the applicant's leadership background.

6. Official transcripts from all undergraduate and graduate institutions of study.

### Candidacy

Admission to candidacy clearly indicates that the student has completed all doctoral requirements as delineated below:

- completion of the residency;
- a cumulative GPA of 3.0 or better for all required degree coursework,
- completion of the Internship and Internship Portfolio; and
- approval of the dissertation topic and proposal for completing the dissertation research.

### Dissertation

The doctoral dissertation represents the culmination of the student's research, field experiences, and academic study in educational leadership. The dissertation is a major achievement that demonstrates not only intellectual attainment but professional development in the field of educational leadership through the completion of original research. While the doctoral candidate will have a committee to work with through this challenging endeavor, the finished product reflects the candidate's own work, intellectual and professional growth, and scholarly efforts.

The dissertation is to reflect the various components of the candidate's doctoral program, demonstrate the knowledge and expertise learned from that program of study, and address a specific educational issue or problem as well as demonstrate the knowledge of research design, interpretation of findings, and presentation of work in a scholarly fashion.

#### *General Items of the Dissertation*

The purpose of the dissertation is to ensure that the student has the ability to engage in scholarly research and inquiry by writing and defending an original dissertation on a topic within the area of Educational Leadership. Conceptual and structural parameters of the dissertation include the following:

The dissertation is a comprehensive study that incorporates several components of the doctoral program. It demonstrates the student's knowledge of research design and the ability to interpret findings orally, in writing, and in application.

The dissertation is a project that demonstrates the application of knowledge in an educational setting in such a way that other educators can benefit from the project. It involves a written document demonstrating doctoral level composition and format, inquiry methods and analysis, state of the art knowledge, and the application of leadership strategies in an educational setting.

The candidate's advisor serves as the chair on behalf of the student's dissertation and study work, coordinating an identified methodology expert, which is assigned based on subject matter expertise. Members of the team must be of professional status and possess an earned doctoral degree.

The student must successfully complete LDR 812, Research Proposal and Methodology, before advancing into the Dissertation Phase of the program. During the LDR812 course the doctoral candidate will work with their assigned chair in order to create a relevant and focused proposal, while drafting initial pages of chapters 1, 2, and 3. The chair will coordinate a review of the candidate's work in order to determine whether or not the candidate is ready to move into the dissertation phase.

A minimum of nine (9) hours have been assigned for completion of the dissertation. The student has a maximum of five (5) years from initial acceptance into the program to complete the dissertation.

Many regulations govern research involving human subjects conducted at federally funded research institutions. If the proposed dissertation calls for research using human subjects (including survey research) the chair and student must submit a completed IRB application for approval. The IRB application must include the Certification of IRB Training, Consent forms and/or survey/interview questions that would be used in the research. Additional information will be coordinated by the candidates assigned chair.

Pursuant to federal law and Oakland City University policy, all research (funded or unfunded) involving human and/or animal subjects, conducted by OCU faculty and/or student investigators, must be reviewed and approved by Oakland City University's Institutional Review Board (IRB) prior to the commencement or recruitment of subjects and data collection. Please review all policies and procedures and apply to the IRB for the necessary approval of all research activities involving human and animal subjects.

The Informed Consent form must be written in language easily understood by the participant, it must minimize the possibility of coercion or undue influence, and the subject must be given sufficient time to consider participation.

Participants are not to receive any type of payment or compensation for their participation in the research study. Any information that is collected from the research that can identify the participants will need to remain confidential. Information collected shall be coded as to not identify the institution and/or the participants in the research study. Identifiable information will be kept separated from the rest of the report.

### *Proposal Approval*

The dissertation chair is consulted concerning possible research topics. A draft proposal is then prepared for dissertation chair review. Following this review, the student prepares a formal proposal for the three-person committee to approve.

### *Dissertation Committee*

The dissertation committee consists of two (2) members. To be eligible to serve on a committee individuals must have an earned doctorate degree. Dissertation Committees are assigned by the School of Education Dean, in collaboration with the doctoral candidate. The dissertation committee approval form and a comprehensive list of approved dissertation committee members are available from the Oakland City University School of Education office.

The Chairperson of the student's dissertation committee assumes the responsibility for monitoring progress of the dissertation. The dissertation committee and School of Education Dean are kept informed of progress throughout the candidate's program. The committee offers guidance and support, while providing substantive feedback to the students during their study and dissertation work. The student assumes the responsibility for making recommended changes throughout the dissertation process. Once the dissertation has been approved by the committee, the student may arrange for the oral defense.

### *Oral Defense of Dissertation*

The candidate must satisfactorily complete an oral defense of their research findings to the student's dissertation committee. The student shall present the dissertation and respond to questions from the committee. Other faculty members, doctoral students, and guests of the committee and student may attend.

The student's dissertation chair leads the oral defense, the time frame of which is to be no more than two (2) hours and not less than one hour in length.

A four-point rating scale is used to evaluate the oral defense. In order to pass the oral defense, the student must receive a minimum average score of 2.25 on a 3-point scale. The committee may accept, reject, or require the student to make revisions to his/her dissertation. To be accepted, the committee must cast an undisputed vote of Pass. There may be no abstention or no pass votes. Students needing to make revisions to their dissertations, will need to set a realistic yet progressive schedule for revisions with their dissertation chair. A revision with a completion date schedule must be submitted in writing to the School of Education Dean and will be placed in the student's file.

Students who do not pass their oral defense, will need to work with their dissertation chair and committee to revise and/or transform their dissertation to demonstrate an ability to engage in scholarly research and inquiry by writing and defending an original dissertation on a topic within the area of Educational Leadership.

Should a student not successfully defend their dissertation the second time, they can appeal this decision with the Dissertation Appeal Committee (DAC). The DAC will consist of the School of Education Dean, Director of Educational Studies, Representative from the Provost Office, and one member selected by the Doctoral candidate.

Should the DAC overrule the decision, the doctoral candidate would need to make the necessary revisions and/or changes on their dissertation to meet all conditions set by the DAC. If the DAC does not overrule the decision of the dissertation committee, the doctoral candidate will need to completely start their research and dissertation with a new proposal, new research and writing a new dissertation or accept permanent all-but-dissertation (ABD) status. Students who are working on a new proposal, research and dissertation are placed in ABD status and must complete and successfully defend their new dissertation within the seventh year from the start of their doctoral program.

For students who do not successfully complete and/or defend their dissertation will need to register for the LDR822, Dissertation II, course. The candidate will be responsible for covering the costs for any course retake. Faculty members will not be able to monitor the progress of a dissertation if a student is not registered for this course.

Should a doctoral candidate drop out of the doctoral degree program, to be reinstated, a candidate will need to reapply by submitting a new graduate application, and declaration. Following review, which will

be led by the School of Education Dean, a decision will be made on whether or not the candidate may be reinserted into the program. Further, this decision will include a recommendation on course placement for reentry.

Students who successfully defend their dissertation, the final manuscript and committee report are submitted to the School of Education Dean.

## General School of Education Graduate Information

### Grading System for Graduate Level Programs

The School of Education graduate grading system consists of letter grades and grade points.

Letter Grade	Percentage	Grade Points Per Credit Hour	Description
A	+97	4.0	Superior
A-	93-96	3.7	Excellent
B+	89-92	3.3	High Average
B	85-88	3.0	Average
B-	81-84	2.7	Low Average
C+	77-80	2.3	Below Average, Counting as Graduate Credit
C	73-76	2.0	Below Average, Counting as Graduate Credit
F	0-72	0.0	Failure
I			Incomplete
WE			Instructor Withdrawal – Excessive Absences
AU			Audit
W			Withdrawal Official Approval
WP			Work in Progress
WF			Withdrawal Failure

## Class Delivery Models

### Master's Degree

Master's program classes are offered in an On-Line manner during the fall, spring, and summer terms.

### Doctoral Degree

Doctoral courses are offered in an online modality during the fall, spring, and summer terms.

## Extended Leave from Program and Re-Instatement

Requests to withdraw from a program, temporary or otherwise, are to be completed in writing by completing the Withdrawal from University Form and submitting it to the Director of Graduate Studies.

Students who take a leave of absence and who want to return to the program, must reapply for admission into the program. Any request for re-instatement to graduate level programs must be approved by the Director of Graduate Studies and the Graduate Studies Faculty Council (GSFC).

### **Graduation Requirements**

1. Completion of graduate coursework and any required field/internship experiences.
2. Meeting all general requirements for graduation, including an overall grade point average of 3.25 on a 4.0 scale for the master's programs and 3.3 on a 4.0 scale for the Ed. S. and Ed. D. programs.
3. Grade of 3.00 on a 4.0 scale for the Comprehensive Exam for the Ed. D. and Ed. S. programs.
4. Submission of a Master's Thesis or submission and defense of a Dissertation for the Ed. D. program.

### **Transfer of Credit**

#### Master's Degree

Graduate coursework which has been completed previously from another accredited institution is evaluated to determine what credits are applicable to the student's program of study. It is important to note that transcript reviews include verifying course descriptions via a university course catalog or when available via the university website. No credit below a C-, and no correspondence courses are accepted for transfer credit. Grades below a C- are considered failing and would need to be repeated for credit.

## Criminal Justice

### **CJ 550                    Budget Management in Criminal Justice                    3 hours**

This course is designed to prepare students for the principles and major theories behind public budgeting as it pertains to areas relevant to the Criminal Justice system (e.g. public offices, government agencies). As such, students will learn about basic needs developments and strategic budgeting of capital initiatives from a time, profitability, cash value, and rate-based perspective for a more wholesome understanding of project viability. Large scale analysis of projects through benefit: cost analysis, scenario analysis, etc. will also be addressed. Moreover, factors that can impact budgetary considerations beyond fiscal concepts will also be addressed, including but not limited to challenges with cultural awareness while developing fiscal projects, restricted source availability, and concerns with changing public want.

### **CJ 560                    Criminal Justice Administration and Management                    3 hours**

This course explores the concepts of criminal justice administration and management. Students will demonstrate an understanding of decision-making styles and characteristics exhibited within criminal justice organizations. Additionally, students will apply methods of organizational effectiveness while analyzing culture, communication, conflict and critical power relationships within criminal justice organizations.

### **CJ 570                    Public Policy Analysis in Criminal Justice                    3 hours**

This course provides an in-depth examination of prominent methods for analyzing public policy from a criminal justice administrative perspective. The course will prepare current and future criminal justice leaders with an understanding of policy analysis through the investigation of modern inquiry-based methods used to assess and evaluate not only criminal justice agencies but many different public safety organizations and their policies. The course will highlight current means for resolving failed or misaligned organizational policies through the application and analysis of relevant solution-based development strategies.

## Curriculum and Instruction

### **CI 560                    Current Trends                    3 hours**

This course is intended to engage the graduate student in critical analysis of current educational trends/issues/problems and their cultural content. Topics vary. (Same as EDUC 560). Prerequisite: None

### **CI 615                    Critical Issues in Curriculum and Instruction                    3 hours**

This course explores critical issues in education: curricular theory, learning, instruction, assessment, supervision, and policy. Students will research all sides of the issues presented, engage in class discussions, and reflect upon their conclusions. Students will select one critical issue for an in-depth examination from the aspects of curriculum, instruction, and assessment. Prerequisite: None

### **CI 635                    Technology and Tools for Curriculum and Instruction                    3 hours**

An exploration and evaluation of instructional technologies and their use in campus classrooms, online classrooms, and in leadership training. An emphasis is placed on using technologies and instructional

practices that foster the active engagement of learners in instructional settings. Appropriate context and best practices in the use of current and developing technologies are examined. Prerequisite: None

**CI 676 Curriculum Leadership and Design 3 hours**

This course focuses on curriculum decision making. Students explore curriculum development as a social process, issues and trends, theories and techniques of curriculum leadership, and translations of curriculum designs into practice. (Same as EDUC 676). Prerequisite: None

**CI 677 Universal Teaching Methods 3 hours**

Universal Teaching Methods is a study of the aims, content, methodology, and procedures for planning and delivering instruction in the elementary and secondary grades. Each student will be able to concentrate on his or her major teaching area.

**CI 680 Assessment of Curriculum and Instruction 3 hours**

Students will focus on the assessment of Curriculum and Instruction. Students will gain an understanding of hands-on models which can create progressive lesson plans that keep standards, instruction, and assessment tightly connected. Current policy issues associated with education reform will also be explored. Prerequisite: None

**CI 685 Supervision of Instruction and Personnel 3 hours**

The application of research and theory to problems of instructional supervision. Leadership, morale, organizational climate, planned change, group decision-making, and differentiated staffing will be studied. (Same as EDUC 685). Prerequisite: None

## Doctor of Ministry

**DMN 810 Minister as Evangelist 3 hours**

This course is an intensive study in the theory and praxis of evangelism in the local church, with emphasis on developing a historical model for pastoral evangelism based on the life and ministry of Charles G. Finney (1792-1875), the father of modern evangelism. By examining this model, the minister can frame constructs for evaluating the theological holism, ethical integrity, and methodological soundness of present-day evangelism, as well as gain new insights for creatively implementing evangelism in the contemporary church.

**DMN 811 Minister as Christian Educator 3 hours**

This course reflects on the role of the church leader as a Christian educator. Attention is given to the way persons develop a religious world view and the implications of that view for the ministry of the church. Ways that persons learn regarding issues of faith will be another significant issue. There will also be a focus on the role of the congregation as Christian educator.

**DMN 812 Minister as Church Administrator 3 hours**

This seminar is designed to enable the student to review and evaluate the various principles involved "getting things done" in the local church setting: the way a leader handles power, the ability to share "the dream" of the church with others, and the development of personal influence within the congregation. Individuals will consider the process of change in the local church with issues involved in thawing and refreezing the organization. Also, two (2) primary styles for doing administration ("modeling" and "equipping") will be discussed to enable the student to articulate his or her personal methodology for administering a local congregation.

**DMN 813 Minister as Biblical Interpreter****3 hours**

This course seeks to develop and deepen the minister's knowledge and skills as a leader and interpreter of Holy Scripture in the church and in the early years of the 21st century. This goal is accomplished through developing the student's recognition of the historical context of both written Scripture and that of the interpreter, the spiritual purposes of Scripture, how Scripture functions in the life of the Church, modern methods of biblical criticism, when to appropriately engage in these methods, the relationship between work done in study and the words in the pulpit, and how to appropriately respond to the doctrinal situation and educational level of the church being served.

**DMN 814 Minister as Missional Leader****3 hours**

This course reflects on the role of the minister as the missional leader in the local congregation, with a specific awareness of the broader intercultural/international Christian movement. Attention is given to a survey of the biblical, historical, cultural, and strategic perspectives of the missional mandate of the Church. This goal is to produce a missiological awareness that will enhance and facilitate the minister's leadership skills within a local congregational context and enable that minister to become an effective advocate of the Church's Great Commission responsibilities.

**DMN 815 Leader as Researcher****3 hours**

This course is to orient the student to the scope, design, methods, data analysis, and presentation of church ministry-oriented research. The course is designed to focus specifically on development of the dissertation project-proposal in its formative stages. This means that the final product of this course may or may not be used for the final dissertation-project. The goal of the course is to help one understand the process and not generate the final ministry project for the Doctor of Ministry degree. Various professors from Oakland City University will give instruction regarding writing style, research techniques, and data analysis. A review of quantitative and qualitative research methodologies will be examined.

**DMN 816 Minister as Interpreter of Culture****3 hours**

This course is designed to raise the awareness of ministers with respect to the current ideologies that is passing through their congregation from the congregants' cultural milieu. The materials will help the minister analyze these ideologies, interpret their connections with the Bible, and respond in a theologically sound and Christ-like manner to those who identify themselves with these ideologies. The course will discuss such issues as race, gender, post-modernism, atheism, relativism, secular humanism, and hermeneutical worldviews, among others.

**DMN 817 Minister as Theologian****3 hours**

This course will guide students in reflection in the ways that ministerial practice both informs and is informed by the doing of theology in particular church contexts. Emphasis will be placed on relationships between pastoral theology and doctrinal theology.

**DMN 820 The Leader as Change Agent****3 hours**

This course is an examination of the nature and function of the change in religious organizations. Theological reflection and spirituality will be integrated with social science theories in order for church leaders to be intentional and effective in their intervention strategies and management of change and the conflict change often produces.

**DMN 821 The Leader as Peacemaker****3 hours**

In this course, we develop a biblical/theological foundation and learn psycho-social aspects of conflict management. We will learn how to manage interpersonal conflict, how to avoid unnecessary conflict, and how to lead others to restoration and reconciliation. No less conflict occurs in the church than outside

the church. Jesus did not avoid conflict, but he modeled appropriate behavior in the midst of conflict. Together, we look at ways to behave appropriately and benefit from conflict when it occurs.

**DMN 830      The Leader as Preacher      3 hours**

This course is designed to help the minister who has preached for a number of years to update his or her preparation and delivery skills. The course will provide an opportunity to develop advanced competencies in skills and self-awareness essential to performance in Christian preaching ministry. Emphases include planning pulpit work, biblical interpretation for preaching, gathering and use of pulpit materials, and contemporary communications.

**DMN 840      The Leader as Spiritual Person      3 hours**

Participants will have the opportunity to discover and/or rediscover the importance of their own spiritual development as it relates to the current and future practices of church leadership. Participants will be expected to deal with issues relating to the leader as a person, what the leader brings to the congregation, and paradigms for church leadership as outlined in the text *Leading the Congregation: Caring for Yourself While Serving the People* by Shawchuck and Heuser. Participants will be assisted in considering the context in which they lead through the works of Loren Mead and Chapter 2 of the instructor's dissertation. Participants will be exposed to an understanding of and encouraged to practice the classical spiritual disciplines as understood by Richard Foster.

**DMN 841    The Spiritual Life of the Christian Leader: Christian Devotional Classics    3 hours** This course is designed to widen the individual student's exposure to and understanding of classical spiritual literature. In this seminar, a retreat atmosphere is created and an individual retreat done. The student is able to broaden his or her perception of the churchwide, timeless and cross-ethnic, cross-gender use of the Christian classics. Students develop skills for using the classics as resources for preaching and teaching as well as enriching individual knowledge of Christian theology and practice.

**DMN 850      Field Work I      3 hours**

This course is taken in conjunction with DMN 852 (Research Writing I). For this course, along with DMN 852, the student is appointed a Field Work Supervisor who will serve as an advisor to the student's ministry project. The student will construct a proposal for the ministry project and defend that proposal.

**DMN 851      Field Work II      3 hours**

This course is taken in conjunction with DMN 853 (Research Writing II). For this course, along with DMN 853, the student will complete the ministry project under the supervisor of his or her Field Work Supervisor and will defend the final project.

**DMN 852      Research Writing I      3 hours**

This course is taken in conjunction with DMN 850 (Field Work I). For this course, along with DMN 850, the student is appointed a Field Work Supervisor who will serve as an advisor to the student's ministry project. The student will construct a proposal for the ministry project and defend that proposal.

**DMN 853      Research Writing II      3 hours**

This course is taken in conjunction with DMN 851 (Field Work II). For this course, along with DMN 851, the student will complete the ministry project under the supervisor of his or her Field Work Supervisor and will defend the final project.

## Education

### **EDUC 500      Introduction to the Profession      3 hours**

This course examines social, philosophical, and educational ideas and ideals. It is designed as an introduction to the study of schools and as an introduction to the changing world of education, what it takes to be a professional educator, and how the changing 21st century student changes what and how things are taught. The course is not about the "how" of teaching but the "why". The focus of this course will be the idea that American education and schooling reflect the wider society in which we live. Throughout the course it is the intention to deepen your understanding of how what goes on in schools is related to the values, belief, and structures of the world outside.

### **EDUC 505      Integrated Technology      3 hours**

The effective application of a wide variety of instructional technology is explored in this course. The student explores and relates communication theory as it relates to instructional technology. Students develop communication skills including the ability to design communication strategies based on research and theory. The teaching and learning processes are applied and studied from the perspective of evaluating, selecting, and using instructional and administrative technological procedures.

### **EDUC 506      Integrated Elementary Curriculum I      3 hours**

This class is a curriculum planning class. It integrates basic skill development (reading, language arts, and social studies core content areas) with creative learning strategies. This course will provide practical knowledge for blending content areas to maximize student learning and to prepare teachers to meet the needs of all students. The course will concentrate on knowledge, understanding and usage of major concepts, principles, theories to integrate curriculum in the areas of reading, language arts and social studies.

Students will place emphasis on the development of a partnership plan in which parents and community resources are fully integrated.

**EDUC 630      Master Thesis I      3 hours**

This course is designed to provide students with an experience utilizing the application of fundamental research concepts and procedures in order to form and prove and/or disprove a hypothesis. Appropriate strategies for incorporating quantitative, qualitative, and/or mixed methods paradigms will be explored. Specific issues, challenges, and considerations encountered in using these research methodologies will be addressed in detail. Students will produce draft versions of their thesis manuscript.

**EDUC 631      Master's Thesis II      3 hours**

The final thesis project is a culminating activity that represents the student's appreciation of the interdisciplinary research approach to human value systems and an attempt to communicate what the student has learned. The student completes all chapters of the thesis according to the OCU Master's Thesis Handbook and submits completed manuscript to the School of Education for publishing. In addition, students will share research findings at the Celebration of Learning event. (if applicable)

**EDUC 632      Master's Thesis Continuation      1 hour**

Continued study of a topic approved by the Director of Graduate Studies Program that leads to the successful completion of a Master's Thesis. Must register for this course for the Fall and Spring terms to have assistance and access to Master's Thesis faculty. This course is a pass/fail course and will be repeated until successful completion of the Master Thesis. Prerequisites: Completion of EDUC 630 and EDUC 631 and all program coursework

**EDUC 640      Methods of Inquiry I: Quantitative Research      3 hours**

An introduction to the common quantitative research methods used in education. Kinds of research, hypothesis formation and testing, management design, sampling and emphasis on analysis of gathered data are examined. Knowledge of statistics is helpful but not required. (Required before Admission to Ed.D. Program)

**EDUC 645      Methods of Inquiry II: Qualitative Research      3 hours**

An introduction to the common qualitative research methods used in education. Kinds of research, hypothesis formation and testing, measurement design, sampling, and emphasis on analysis of gathered data are examined. (Required before Admission to Ed.D. Program)

**EDUC 650      Advanced Reading and Language Arts      3 hours**

The course will consider the role of language arts in elementary education, in terms of methodology, materials, theory, and practical applications in order to help the students become a facilitator and conveyor of knowledge and cultural heritage through language. Elements of teaching and learning reading, literature, spelling, grammar and handwriting will be explored. Candidates are required to demonstrate proficiency in teaching areas of language arts in addition to incorporating and strengthening formal and informal assessment strategies in order to foster active engagement during learning.

This course explores the development of curriculum theory and structures within the context of philosophical, social, economic, cultural, and political climates in America from 1692 to the present. Emphasis is placed on analysis and evaluation of current curricular models and the adaptation of curricular models to a variety of philosophies.

**LDR 705 Foundations of Leadership 3 hours**

This course deals with the historical, psychological, and sociological basis of leadership and the interpretation of modern leadership roles and problems through a philosophical and sociological perspective. Students will also develop or refine their own reflective philosophies of leadership as a values component in the decision-making process. Students are to reflect on the mission of their own organizations and the OCU mission as they relate to individual leadership.

**LDR 710 Leadership Theory, Practices, and Principles 3 hours**

The purpose of this course is to provide candidates with opportunities to research and discuss the philosophical and theoretical lineage of leadership and how the various concepts link to actual practice. Candidates are to study and analyze a school reform effort, assess the role of leadership in that effort, and recommend how to apply the effort in actual practice, from a leadership standpoint. Candidates are expected to examine the role of leadership as it has been used, and is currently used, in the educational and workplace settings, as well as explore the use of consensus building as a leadership tool in various culturally diverse and gender-diverse situations. Prerequisite: LDR 705

**LDR 715 Critical Issues in Instruction and Assessment 3 hours**

This course explores contemporary issues in education: curricular theory, learning, instruction, assessment, supervision, and policy. Students will research all sides of the issues presented, engage in class discussions, and reflect upon their conclusions. Students will select one critical issue for an in-depth examination from the aspects of curriculum, instruction, and assessment.

**LDR 720 Superintendency 3 hours**

This course is designed to explore executive leadership and the role of the superintendent as an ethical educational leader. The superintendent's role in building relationships with the board of education, his or her role in academic programming, and his or her role in school/community relationships will be explored. School culture shaping will be addressed through discussion of consensus building and conflict mediation, delegation of authority, and team building. Prerequisite: Co-register with LDR 750.

**LDR 725 Curriculum & Instruction Leadership 3 hours**

This course is designed to explore executive leadership and the role of the dean as an ethical education leader. The dean's role in building relationships with the board of trustees, faculty, and staff, and the topic of academic programming, will be explored. University culture shaping will be addressed through discussion of consensus building and conflict mediation, delegation of authority, and team building. Co-register with LDR 750.

**LDR 726 The CEO 3 hours**

This course is designed to explore executive leadership and the role of the Chief Executive Officer as an ethical educational leader. The CEO's role in building relationships with the board of directors, upper-level managers, and middle management teams; professional development programming; and community relationships will be explored. Business culture shaping will be addressed through discussion of consensus building and conflict mediation, delegation of authority, and team building. Co-register with LDR 750.

**LDR 730 Personnel Evaluation and Administration 3 hours**

This course is designed to provide students with an overview of recruitment, selection, assignment, mentorship, staff evaluation, collective bargaining, contract management, personnel problems, and standards for personnel administration. In addition, the roles of the central office and building

administrator, board of education members, and other professionals who perform school district managerial functions are considered.

**LDR 735      Instructional Technology in Curriculum and Instruction      3 hours**

An exploration and evaluation of instructional technologies and their use in campus classrooms, online classrooms, and in leadership training. An emphasis is placed on using technologies and instructional practices that foster the active engagement of learners in instructional settings. Appropriate context and best practices in the use of current and developing technologies are examined.

**LDR 740      Policies and Procedures in Administration      3 hours**

The importance of policies and procedures as tools for communication, the development of policies and procedures, the role of collaboration within the workforce in developing policies and procedures, the interpretation and misinterpretation of these policies by employees, and the relationship between policies and the organization's mission is explored in this course. Legal issues and federal and state mandates as they apply to school districts will also be examined.

**LDR 745      Applied Analysis      3 hours**

This course involves an exploration of various designs and methods for educational research. Students are introduced to qualitative and quantitative methods and analysis to prepare students for applications in research design.

**LDR 746      Advanced Qualitative Research Methods      3 hours**

This course addresses the skills and knowledge necessary for completion of a qualitative dissertation, including research design and data analysis. Topics include data collection, analysis, validation measures, and ethical considerations in research with human subjects. Prerequisites: LDR 745 and LDR 805

**LDR 747      Advance Quantitative Research Methods      3 hours**

This course addresses the skills and knowledge necessary for completion of a quantitative dissertation, including research design, analysis, and statistical procedures. Topics covered include sampling, assumptions, data interpretation, validity, reliability, and instrumentation. Prerequisites: LDR 745 and LDR 805

**LDR 750      Internship and Seminar I      3 hours**

The LDR 750 seminar will specifically involve the candidate in understanding intern expectations, establishing the intern location, analysis of required readings, in-class activities geared to help understand the internship experience, and development of a personal leadership philosophy.

**LDR 751      Internship and Seminar II      3 hours**

The LDR 751 seminar will specifically involve the candidate in developing the material critical to a successful intern experience, the gathering of related artifacts, and the discussions and evaluation of actual intern experiences.

**LDR 755      Cultural Dynamics and Organizational Management      3 hours**

This course examines the concept of cultural dynamics—the relationship of culture to leadership and how cultures work, evolve, and change.

**LDR 760      Financial Strategies      3 hours**

The theme of this course is to assist candidates in developing the concept of using resources to realize educational goals in an ethical, practical, and efficient manner for their school districts. The Indiana budgeting process will be examined. Candidates will construct an actual budget for a school district. Candidates will be provided with the background necessary to predict and invest revenues, construct budgets, monitor spending plans, and conduct school levy campaigns. National, state, local legal and political issues will be discussed. Prerequisite: LDR 730 and LDR 751.

**LDR 770      Facility Planning and Usage      3 hours**

The role of educational facilities in the teaching and learning process is the central theme for this course. The design and use of present and future facility planning and usage within the mission of the school organization is explored. The course examines the efficiency of facilities, operations, housekeeping, and maintenance programs. The business management and budgetary requirements are considered. The planning process, policies, and financing for school construction are discussed. Prerequisite: LDR 740 and Co-register with LDR 752 and LDR 760.

**LDR 775      Current Issues in Organizational Management      3 hours**

Students explore planned and unplanned ways organizations change from different theoretical perspectives. Knowledge of the different theoretical change perspectives is critical for those in leadership roles in contemporary organizations in order for them to facilitate healthy, effective ethical change in their settings.

**LDR 780      Instructional Leadership      3 hours**

Students will study institutional leadership theory and how these theories apply in a practical sense to schools as learning organizations. National and state policies and local community influences will be taken into consideration, as well as the district administrator's role in the design and implementation of curriculum and instruction from the district level perspective. Current educational trends and policy issues associated with education reform will be explored. Prerequisite: LDR 740, LDR 752, and LDR 760.

**LDR 790      Leadership Ethics, Law and Legal Issues      3 hours**

This course is designed to provide the opportunity for candidates to learn philosophical theories and concepts that provide various and diverse ethical frameworks for educational practice. The historical perspectives regarding ethical decision making will be explored. Moral, social, political, and ethical issues of the contemporary American society as those issues impact the policies, programs, and practices of schools and related organizations will be reviewed. If an organization is to have a moral, social, and spiritual impact on American culture, it must also be engaged in a living context. Therefore, this course will also include autobiographical and ethnographic research methodologies in addition to mainstream social science methodologies.

**LDR 800      Leader's Role in Organizational Dynamics      3 hours**

This course examines the role of the leader within an organization, the implementation strategies used by leaders in strategic planning and its implementation, collaboration between and among employees and the community, the use of research by the leader in affecting organizational climate, and professional development as determined by the need of the organization. Students learn to analyze and solve problems of increasing the work effectiveness and satisfaction of the people in the organization, as well as develop the concept that leaders must be skilled in "reading" the organization. Prerequisite: LDR 705 and LDR 710.

**LDR 810      Dissertation Research/Literature Review      3 hours**

This course extends the expertise gained in LDR 745, as well as other courses, and is designed to assist the student in approaching the dissertation in a problem solving and analytical manner. The student is to finalize the focus problem area (Dissertation Topic) during this course and will be required to conduct a study of prior pertinent research and write a detailed narrative regarding prior research that informs their dissertation topic.

**LDR 812      Research Proposal and Methodology      3 hours**

Candidates apply fundamental concepts and tools of research to educational problems. The candidate will prepare a proposal for the dissertation, including an introduction, literature review, and methodology. Prerequisites: LDR 805 and LDR 746 or 747

**LDR 815      Comprehensive Examination      0 hours**

The Doctor of Education in Educational Leadership Comprehensive Examination is a written examination based on a three-fold framework: (1) A thorough analysis of what is known about effective educational leadership, (2) A comprehensive look at the blending of theory and practice, and (3) A requirement necessary for gaining Candidacy status in the program. The Comprehensive Examination is required of all candidates at the end, or near the end, of coursework completion, but prior to beginning formal dissertation work.

**LDR 820A      Dissertation (Chapter 1)      3 hours**

Candidates will use their knowledge regarding research-based and practice-based analytical and problem-solving techniques to research and analyze a problem related to educational administration and leadership. Each doctoral candidate must complete a dissertation. The dissertation product must be approved by the candidate's graduate committee, the Director of the Doctoral Program, and the University Provost. Prerequisite: LDR 745, and LDR 810.

**LDR 820B      Dissertation (Chapter 3)      3 hours**

Candidates will use their knowledge regarding research-based and practice-based analytical and problem-solving techniques to research and analyze a problem related to educational administration and leadership. Each doctoral candidate must complete a dissertation. The dissertation product must be approved by the candidate's graduate committee, the Director of the Doctoral Program, and the University Provost. Prerequisite: LDR 745, LDR 810, and LDR 820A.

**LDR 820C      Dissertation (Chapter 4)      3 hours**

Candidates will use their knowledge regarding research-based and practice-based analytical and problem-solving techniques to research and analyze a problem related to educational administration and leadership. Each doctoral candidate must complete a dissertation. The dissertation product must be approved by the candidate's graduate committee, the Director of the Doctoral Program, and the University Provost. Prerequisite: LDR 745, LDR 810, LDR 820 A and LDR 820B.

**LDR 820D      Dissertation (Chapter 5)      3 hours**

Candidates will use their knowledge regarding research-based and practice-based analytical and problem-solving techniques to research and analyze a problem related to educational administration and leadership. Each doctoral candidate must complete a dissertation. The dissertation product must be approved by the candidate's graduate committee, the Director of the Doctoral Program, and the University Provost. Prerequisite: LDR 745, LDR 810, LDR 820A, LDR 820B, and LDR 820C.

**LDR 820E      Dissertation Defense      3 hours**  
 Candidates will use their knowledge regarding research-based and practice-based analytical and problem-solving techniques to research and analyze a problem related to educational administration and leadership. Each doctoral candidate must complete a dissertation. The dissertation product must be approved by the candidate's graduate committee, the Director of the Doctoral Program, and the University Provost. Prerequisite: LDR 640, LDR 645, LDR 745, LDR 810, LDR 820A, LDR 820B, LDR 820C, and LDR 820D.

**LDR 821      Dissertation I      4 hours**  
 Candidates will work with their committee chair on their dissertation. In this course, the candidate will finalize their literature review and methodology before applying for IRB approval. Prerequisite: LDR 812 and approval by the School of Education

**LDR 822      Dissertation II      4 hours**  
 Candidates will continue to work with their committee chair on completion of their dissertation.

**LDR 830      Dissertation Continuation      1 hour**  
 Continued study of a topic approved by the Director of Graduate Studies Program that leads to the successful completion of a doctoral dissertation. Must register for this course for the Fall and Spring terms to have assistance and access to dissertation faculty. This course is a pass/fail course and will be repeated until successful completion of the doctoral dissertation. Prerequisite: LDR 820A-E and all program coursework.

**LDR 840      Dissertation III      1 hour**  
 Candidates will successfully defend their dissertation.

## Management

**MGT 515      Strategic Management      3 hours**  
 Strategic management provides overall direction to the enterprise. In the field of business administration "strategic consistency" between the organization and its environment is essential to success. Case studies of the management actions of organizations are included, and the consistency of such actions related to market conditions.

**MGT 551      Supply Chain Management      3 hours**  
 Supply chain management encompasses the planning and management of all activities involved in sourcing and procurement, conversion, and all logistics management activities. Importantly, it also includes coordination and collaboration with channel partners, which can be suppliers, intermediaries, third party service providers, and customers.

**MGT 552      Quality Systems      3 hours**  
 A quality management system (QMS) is the organizational structure, procedures, processes and resources needed to implement quality management. A study of team cooperation and dynamics via a continuous improvement cycle, and customer satisfaction and perceived quality is included. The ISO 9000 family of standards are reviewed. Aspects of quality and sustainability that result from systematic thinking, transparency, documentation, and diagnostic discipline are included.

- MGT 553      Six Sigma Principles      3 hours**  
This course covers organizational goals, lean concepts and tools, quality function design, quality systems deployment, failure mode analysis, and creating successful quality teams in the organization.
- MGT 554      Quality Management for Projects      3 hours**  
Applications of quality control principles in the workplace is the course focus. Content includes elements of process control, internal and external stakeholders, utilizing customer feedback, as well as collecting and analyzing production data. Utilize data and other inputs to develop and implement quality control plans in a team environment.
- MGT 555      Logistics and Product Distribution      3 hours**  
Logistics management activities typically include inbound and outbound transportation management, fleet management, warehousing, materials handling, order fulfillment, logistics network design, inventory management, supply/demand planning, and management of third party logistics services providers. Logistics management is an integrating function, which coordinates and optimizes all logistics activities, as well as integrates logistics activities with other functions including marketing, sales manufacturing, finance, and information technology.
